

NOT GERMANY'S INTENT TO MOLEST U. S. TRADE

JOHN D. GOT PAID FOR TESTIFYING

New York, Feb. 6.—It was learned today that after John D. Rockefeller left the witness stand yesterday he was handed by the sergeant-at-arms a check for \$5 of which \$2 was witness fees and \$3 was mileage from Pocantico Hills.

SIX KILLED IN MINE DISASTER

Fayetteville, W. Va., Feb. 6.—One hundred and sixty-eight men were entombed in the mine of the New River Coal Company at Cayuse near here, by an explosion today. All but ten succeeded in making their way to the surface. They reported that six of the men in the section where the explosion occurred had been killed, but they knew nothing of the other four.

The explosion occurred in a remote part of the mine when an igniting lamp, carried by one of the miners came in contact with a pocket of gas. The hoisting apparatus was not damaged and when the men reached the foot of the shaft after struggling through the darkness they were quickly hoisted to safety.

LEGISLATURE WILL HEAR REPORT MONDAY ON STATE SALARIES

Columbus, Feb. 6.—When the legislature meets again Monday to begin the sixth week of the session, one of the things to receive immediate attention will be the findings of the joint committee investigating salaries and positions of state officials.

Should members of the assembly see fit to follow suggestions made by the committee, a saving of thousands of dollars will be made in the expense of operating the state government.

A lowering of salaries of heads of commissions \$1,000 a year, as suggested by the commission, would mean a saving of more than \$10,000 if applied only to heads of the principal commissions.

Three members of the utilities commission would receive \$4,000 instead of \$5,000, four members of the agricultural commission at \$4,000 would be cut to \$4,000, insurance commissioner from \$6,000 to \$5,000, three members on each of two commissions, the industrial and tax \$5,000 to \$4,000 and four members of the state board of administration from \$5,000 to \$4,000.

Reduction of the heads of these important commissions in addition to other cuts planned would mean many thousands of dollars more in the state treasury instead of in the pockets of office holders, the investigating committee suggests.

In one department alone, the state highway department a saving of \$50,000 a year could be had, according to testimony of

CARIBALDI ON MISSION

Rome, Italy, Feb. 6 (Via Rome).—Raffaelli Garibaldi, who has lost his legs on the French side in the present war, passed through London today on his way to Paris and London to consult with the French and British authorities in connection of the standing of Italian volunteers in the armies of the allies. In Paris General Garibaldi, who is a son of the Italian hero, will confer with the French and British war, Millerand, while in London he will see War Secretary Kitchener.

NEUTRAL VESSELS IN DANGER, HOWEVER

Washington, Feb. 6.—The German embassy declared in a statement issued today in regard to the decree placing the waters around the British Isles in the war zone that Germany "does not intend to molest or seize American vessels laden with foodstuffs for the civilian population of enemy countries."

The statement expresses the hope "that England will not make necessary a reconsideration of this attitude by seizing American ships like the *Wilhelmina*." The statement follows:

"The German ambassador has not received instructions regarding the decision of the German admiralty but according to the text of the decision the following seems clear:

"There is nothing new in the communication made on Feb. 4 by the German admiralty with respect to the attitude of the German imperial navy toward ships of the enemy or toward neutral commerce. It is absurd to describe this as the proclamation of a paper blockade of the British Isles. The communication is simply a statement of what has been, since the beginning of the war, the attitude of the navy of all of the belligerent powers toward ships of the enemy.

"A few months ago, the English admiralty proclaimed the closing of the North Sea, the waters of which are essentially neutral. Germany does not profess to close even the English channel to neutral commerce and she does not intend to molest or (Continued on page 2)

BUY CEMENT TO FILL THE TEETH OF WAR HORSES

Chicago, Feb. 6.—Cement filling for the teeth of war horses is among the munitions of war being contracted for by the warring nations, according to a cement concern here.

Willis Will Not Act On Mayors' Removal

Columbus, Feb. 6.—In a statement issued today Governor Willis gave notice that he will not take any action upon charges filed against Mayor Keller, of Toledo, and other mayors whose removals had been asked.

The governor pointed out that those who have been seeking to have the heads of city governments removed from office have their remedy in the courts.

In addition to Mayor Keller, charges had also been filed against Mayor Staats, the Socialist executive of Coshocton and

COLUMBUS FIRM GETS \$8,000,000 CONTRACT

Washington, Feb. 6.—Postmaster General Burleson today awarded an eight million dollar contract to the Middle West Supply Company, of Columbus, Ohio, which will furnish nine billion stamped envelopes to the government during the next four years.

CATTLE MALADY HAS COST THREE MILLION

Washington, Feb. 6.—Illinois owners of cattle have been the hardest hit by the foot and mouth disease, their loss being more than twice that of any other state and forty per cent of the loss in the entire country, according to the department of agriculture. Up to Jan. 1, 36,768 animals had been slaughtered in Illinois, valued at \$1,147,000.

With 17,896 animals killed, Pennsylvania was the next heaviest loser; and Ohio third, with 10,111.

Value of all animals slaughtered up to Jan. 31, is estimated at \$3,400,000.

CZAR AT FRONT

Petrograd, Feb. 6.—Emperor Nicholas arrived at the Russian army headquarters at the front today.

NEW MEMBER OF THE DIPLOMATIC CIRCLE

Mme. Federico N. Quintana. -Mme. Federico N. Quintana is the wife of the new consul of the Argentine embassy at Washington and has just joined the diplomatic circle there.

PIKEVILLE, KY. WOMEN HELD FOR SELLING THEIR VOTES

Pikeville, Ky., Feb. 6.—It was learned today that three women have been indicted on charges of selling votes in the last school election and they will be tried with the 1100 men who are accused of having committed fraud at the primary election here last August.

It was alleged in the indictments that the women sold their votes for a dollar each.

HIGHWAYMAN GETS \$10,000

Rochester, N. Y., Feb. 6.—A masked highwayman entered the Lima bank at Lima, N. Y., today and at the point of a pistol held up the assistant cashier. It is reported that he got \$10,000.

JACKSON MAN MAY GET PLUM

Columbus, Feb. 6.—Daniel H. Armstrong, a young lawyer, Republican, of Jackson, may be chosen secretary of the state public utilities commission Tuesday by members of the commission, to succeed C. A. Radcliffe, of Lancaster, according to reports circulated in political circles today. The salary probably will be \$3000 or \$3600. Mr. Armstrong is a close friend of Edwin Jones, Republican state chairman. Mr. Radcliffe has been secretary of the state commission since 1911. He receives \$1000 a year.

NIP PLAN TO BLOW UP A FRENCH LINER

Paris, Feb. 6.—A plot to blow up the French line steamer *Lachapelle*, which has arrived at Coruna, Spain, from Mexico, was frustrated by a wireless message received aboard the ship on Jan. 19, according to the *Journal*'s Madrid correspondent. Reports made by officers of the vessel when it landed are said to have stated that the information given in the wireless message are said to have stated that the information given in the wireless message was that a man aboard, believed to be a German, intended to destroy the ship. Prompt measures were taken by the captain and the man was arrested. Five dynamite bombs, the correspondent says, were found in his trunk.

SAYS HE KILLED EIGHT MEN BECAUSE THEY "WERE OLD AND A NUISANCE"

Yonkers, N. Y., Feb. 6.—Investigation of Fred Mors' story that he put to death eight aged and infirm inmates of the German Odd-Fellows home here, "because they were old and a nuisance," extended today to physicians who are said to have signed the death certificates in some of the cases. Adam Bangert, superintendent of the home, and three porters are under arrest as material witnesses and Mors is in Bellevue Hospital, New York City under the surveillance of alienists.

The coroner said that the three porters told him that when an inmate of the home died a certain mark was chalked on the door of the room in which the body lay and that a physician was supposed to see this mark, and examine the body before issuing the death certificate. The porters said, according to the coroner, that in some instances the doors had been passed by and the death certificate made out showing the cause of death to be apoplexy.

According to the story told by Mors when he walked into the district attorney's office in New York several days ago, five inmates were killed with anesthetic and three others with drugs.

VON HINDENBURG PRESSES ON TO POLISH CAPITAL; WAGE TITANIC STRUGGLE

GREAT LOSS OF LIFE IS INVOLVED

London, Feb. 6.—On his chosen ground to the west of Warsaw General Von Hindenburg, the German commander, is continuing his costly lunges to break through to the Polish capital. At the same time the Russians, further to the north, have pressed forward and after crossing the Bzura river are seriously threatening the Germans with an outflanking movement.

Thus another great battle for Warsaw is on, involving perhaps a greater loss of life than any other conflict in the war. The issue is still undecided but the Russians claim that the initiative has passed to them, although further furious German attacks are expected.

The more complex and, strategically, the more important struggle in the Carpathians is dragging on.

Have New Cure For Hay Fever

New York, Feb. 6.—The cure of a number of persons suffering from hay fever by the injection of the plant pollen responsible for the cases is introduced in a preliminary report published in the *New York Medical Journal* today by Dr. Seymour Oppenheimer and Dr. Mark J. Gottlieb, of this city. The announcement is based on the result of a series of laboratory experiments at the college of physicians and surgeons and the treatment of a number of patients.

HINDERED PREACHER'S WORK; IS DIVORCED

Youngstown, Feb. 6.—Divorce was granted here today to Rev. Virgil B. Slater, United Brethren minister, of Solbrig, from Jessie Ethel Slater. She was given custody of a child and is to receive \$10 a month alimony. Rev. Mr. Slater charged his wife had been a hindrance to him in his work.

SITUATION ACUTE IN MEXICO CITY

Washington, Feb. 6.—Administration officials and the diplomatic representatives of foreign governments here were keenly watching for developments today in the acute situation at Mexico City where many members of the diplomatic corps threaten to quit because of serious friction with the Carranza government.

The advisability of united action for the withdrawal of all foreign legations in the Mexican capital because of the difficulty of code communication and the alleged slight respect shown them by the Carranza authorities already has been suggested to their home governments by diplomats of some leading European nations.

This would leave the interests in charge of consular officers, thereby virtually severing diplomatic relations with the southern republic. A critical feature of the situation is the threatened departure of the Spanish minister for affording asylum to Angel de Caso, confidential agent of the Spanish government accused of complicity in the Villa movement.

Will Try New Tact On Shipping Bill

Washington, Feb. 6.—Administration senators agreed today it would be impossible to recommit the ship purchase bill with instructions for its modification and determined their only course to get an amended bill before the senate is to yield to Senator Clarke's motion which threw the Democratic ranks into confusion.

They will then press Senator Gore's motion to discharge the commerce committee from consideration of a substitute bill containing amendments satisfactory to Progressive Republican senators. They are confident that Senators Norris, Kuykendall and La Follette will vote for this motion. Senator Newlands will also be here and they expect to carry the motion without aid of the vice-president.

What will be the fate of the bill after it has been returned to the state of general debate next week still is problematical.

Republican leaders gave renewed assurance that no quarrel could be expected.

COMBINE IS FINED \$16,000

New York, Feb. 6.—Fines aggregating \$16,000 were imposed today by the federal district court upon six members of the Eastern Boxboard Company, who entered pleas of *nolo contendere* yesterday to indictments charging violations of the Sherman law. The six men were charged with combining illegally and conspiring to restrain trade. Thirteen others also were indicted.

STOCK YARDS QUARANTINED

Washington, Feb. 6.—As the result of discovery of foot and mouth infection in Chicago, Indianapolis, Louisville, Buffalo, Cincinnati, Jersey City, Pittsburgh and Columbus, Ohio, the department of agriculture today instructed its inspectors to close yards in those cities to interstate shipment of live stock after shipments in transit had been disposed of.

"STONEWALL'S" WIDOW ILL

Charlotte, B. C. Feb. 6.—Mrs. Mary Jackson, widow of the Confederate general, "Stonewall" Jackson, is critically ill at her home here.

Nope, thanks. No flood predictions from this goat. When it comes to 'takin' chances on prognostication' th' moods o' th' Ohio I just ante and pass th' buck. I've never got a winnin' hand on th' river game yet no matter how hard or often I tried so I pass that line o' dope along with my compliments to my friend th' "Old River Man." He's an expert and y' never tell from his face whether he's winnin' or losin'. Here's th' weather:

Ohio—Cloudy tonight probably snow flurries in north portion. Sunday fair.

Kentucky—Fair tonight and Sunday; colder tonight.

West Virginia—Cloudy and colder tonight; Sunday fair.

JAPANESE CRUISER A COMPLETE WRECK

San Diego, Calif., Feb. 6.—The Japanese cruiser Asama, which struck an uncharted rock off the western coast of Lower California, is a complete wreck, according to information reaching here today. Two United States cruisers are reported to be standing by the vessel and two Japanese warships, speeding to assist the crew.

The cruiser, it is said, went down last Sunday afternoon at the entrance to Turtle Bay. She was making ten knots when she struck the submerged rock, ripping open the hull about fifteen feet above the bow.

The battleship settled quickly and the gale which began to blow that night is said to have completed its destruction.

The Asama's crew members were put out of commission, it is understood, a few hours after the impact and its wireless apparatus was rendered useless.

The United States cruisers Raleigh and San Diego reached the Asama last night and the Japanese cruisers Idzumi and Hizen were reported early today to be steaming at full speed for the scene of the wreck. The Asama's officers and crew, it is said, will not be brought into an American port, but will embark either aboard the Hizen or the Idzumi.

An interesting question in admiralty procedure has arisen over the wreck. Under a strict interpretation of the neutrality laws Mexico, it is pointed out, has a right to intern the officers and men of the Asama who landed on Mexican soil. At the same time the United States warships, or ships of other neutral nations may assist in the saving of life from the wrecked Japanese cruiser, it is said, but they can render no assistance towards salvaging the ship or her gear without violating the neutrality laws.

The San Diego and Raleigh probably will stand by the Asama until the arrival of the Japanese warships. They will then return to San Diego.

NOT GERMAN INTENT

(Continued From Page One)
seize American vessels laden with foodstuffs for the civilian population of enemy countries; it is to be hoped that England will not make necessary a reconsideration of this attitude by seizing American ships like the Wilhelmine.

"Germany does, however, announce to the world that it proposes to continue to destroy ships belonging to the enemy, and it adds the notification to neutral powers that, on account of the facts that British ships are employing neutral flags, accord-

ing to secret instructions now known to have been issued by the British government, bona-fide neutral vessels may actually be endangered.

"Although, according to well understood and universally accepted usages of warfare, naval vessels are perfectly justified in destroying merchantmen of the enemy, the German government now seeks to issue simply a general reminder to that effect, stating the actual radius of operations of the German submarines.

"The warning also may be taken as in the nature of an answer to the offer of a prize of 500 pounds sterling made in England, for the first British merchant ship that should succeed in ramming and sinking a German submarine, an offer calculated to revive the long abandoned practice of prize-taking.

Official Proclamation Received in Washington

Washington, Feb. 6.—The official text of the German admiralty proclamation transmitted by Ambassador Gerard to the state department today reveals that navigation routes to the north of Shetland Islands and the eastern part of the North Sea as well as a strip of 30 some odd miles along the Dutch coast are not in the danger zone, but that the waters directly around Great Britain and Ireland comprise the prohibited areas. This differs from the published report. The wireless report of the official admiralty proclamation said:

"Shipping northward around the Shetland Islands, in the eastern part of the North Sea and in a strip of at least 30 nautical miles in breadth along the Dutch coast is endangered in the same way."

The text of the same as received from Ambassador Gerard says:

"Navigation routes around the Shetland Islands in the eastern part of the North Sea and for 30 sea miles along the Dutch coast are not open to the danger zone."

Specialists on repair work:
Walters Plumbing Co. adv.

PRESSES ON TO CAPITAL

(Continued From Page One)

plug on without any decisive turn. Broadly speaking it appears that in the western half of the battle region the Russians are making progress, while in the eastern half they appear to have fallen back from the Ljupkow and Beskid passes on prepared positions, where they are attempting to stem the rush of large Austro-German forces.

The Russian counter blow on the marshy assaults of General Von Hindenburg's men is, to British observers, the most inter-

esting development in the struggle in the east. It overshadows for the moment the operations of the Russians in East Prussia, and is taken in some quarters to indicate that they have ceased playing the role of merely holding German lines to the west of Warsaw and determined on an effort to expel the invaders.

The western war zone has seen virtually no change during the week but there are many reports of German preparations for renewed activity in Belgium.

The German threat of a submarine blockade may be a factor in this situation the theory being advanced that the Germans expect the allies to attempt to force them back from the coast with the idea of destroying their submarine base.

Dispatches from Cairo indicate that the Turks who attacked the Suez canal were merely the advance contingent of three columns which are struggling across the desert. The main bodies of the invading army should soon be heard from.

NAVAL BILL PASSES HOUSE

Washington, Feb. 6.—The naval bill providing for the construction of two new dreadnaughts at a total cost of \$15,000,000 but exclusive of armor and armament was on its way today to the senate from the house where it was passed last night without a roll call.

Advocates of retrenchment in government expenditures led by Majority Leader Underwood made a vigorous fight for one battleship but lost. They succeeded, however, in eliminating provision for five submarines, a transport and a hospital ship to cost more than \$6,000,000. The bill now carries \$14,649,002 or approximately \$4,000,000 less than when reported from committee.

HARD TIMES FOR SPAIN

Madrid (via Paris), Feb. 6.—Working men and their families throughout Spain are suffering much distress because of the increasing lack of employment. Conditions are especially bad in the provinces of Malaga and Almeria. Farmers in the Canary Islands who are threatened with famine as the result of an embargo on the export of fruit have protested vigorously against an increase in the price of bread.

BRITISH TRADE SUFFERS

London, Feb. 6.—The effect of the war of British trade again is apparent in the figures given out by the board of trade for the month of January.

These show that in this month exports were decreased by \$3,020,000 and that imports were decreased by \$97,730,000.

DECATUR QUARANTINED
Decatur, Ill., Feb. 6.—Decatur was today placed under a general quarantine by the Illinois state board of health because of an epidemic of scarlet fever. There are no other indications of the disease.

SEIZE NORWEGIAN SHIP

Toronto, Feb. 6.—Japanese warships have seized the Norwegian steamer Christiania Bors on the afternoon that they found some contraband in her papers. She has been turned over to the prize court at Sitka.

TAKES OFFICE TUESDAY

Andrew J. Lewis, C. Dill, of the Ohio state common pleas court, will be inducted into office on Tuesday morning, February 9th, at 10 o'clock. He is a local lawyer.

FROM ENGINE CAB TO U. S. CAPITOL

John G. Cooper.

John G. Cooper, congressman-elect from the nineteenth district of Ohio, will attain a distinction March 3, this year, that no other man is known to have—that of stepping directly from an engine cab into congress. Mr. Cooper is an engineer on the Erie and Ashtabula division of the Pennsylvania railroad and will remain in that position until just before he takes his seat in congress.

French And Swedish Press Indignant

Paris, Feb. 6.—The German admiralty's proclamation, including in the war zone the waters surrounding the British Isles, has provoked an outburst of indignation in the French press, although it is hailed generally as an indication that Germany is beginning to find her situation desperate.

Stockholm, (via London) Feb. 6.—Indignation is expressed by the Swedish press because of Germany's proclamation relative to a blockade of the British Isles. The belief is expressed that it will result in the government making a protest to Berlin.

ITALY KICKING ALSO

Rome, Feb. 6.—Concerning the German measures against neutral ships the Tribune declares Germany does not take into account the rights or even the dignity of neutrals while Great Britain gave satisfaction to protests made by the United States and Italy granting the latter the right to maintain the distinction between absolute and conditional contraband.

Chief Aim In Life Helping Of Mankind

New York, Feb. 6.—With Seth Low, former mayor of New York City as the final witness at the present hearing, the federal commission on industrial relations today planned to hold its next session in Chicago where transportation problems will be subject to the inquiry.

The commission yesterday heard Andrew Carnegie and John D. Rockefeller, two of the richest men in the world defend the philanthropic foundations endowed by them and neither was of the opinion that the institutions bearing their names constituted a menace to the people. The appearance of the two men, who declared that their chief aim in life was to distribute for the welfare of mankind a large part of the immense fortunes they had amassed, was an unprecedented spectacle at the public hearing.

Mr. Carnegie appeared to enjoy his opportunity to tell of his benefactions while Mr. Rockefeller, with more restraint, but with equal satisfaction discussed his gifts, estimated at \$250,000,000, something less than the \$324,657,399 which Mr. Carnegie said he had given away up to the present time.

Fire Chief Is A Real Sleuth

Fire Chief W. A. McQuat proved his versatility by some clever detective work Saturday when he was the instrument of police capturing Robert Gray, aged 15 years, who is wanted in Newport, Ky., for non-support.

The chief while at police headquarters noticed a photograph of the wanted man. A few minutes later while on Fulton street, he was attracted to a stranger who he felt resembled the Newport man. He engaged him in conversation and was soon convinced that he was talking with the very person wanted. He sent word to police headquarters, and Officer Roy Moore arrested Gray.

SOCIAL NEWS

Miss Ada Wilson, of 332 Third street, celebrated her sixtieth birthday last evening. There was music rendered by Miss Martha Packer and Ethel Blum. Games were also indulged in after which refreshments were served. The club was pink and white. The pretty lady was with her white with silver pink candles. The place was marked with dainty pink and white place cards. A beautiful picture of the happy group was taken by Mr. Cook. The guest list included Misses Minnie, Laura, Marie Gilman, Mary Therman, Ethel Blum, Hannah Richter, Clara

Richter, Edna Frederick, Della Oakley, Bertha Patrick, Lela Packer, Ruth Wilson, Evelyn Williams; Messrs. Harry Wagner, Pat Shoenmaker, Gus Blum, James Barber, Paul Wilson, Charles Hurley, Charles Cook, Louis Adams and Joseph Wilson.

Mrs. Fairfax Dickey and little daughter, Ann, have gone to their home in Indianapolis, Ind., and were accompanied by her niece, Miss Martha McGhee, who will make an extended visit there.

Miss Alice Stevens is ill at the home of Mr. Roy McElhenny, on Sixth street.

Mrs. Cora Ackerman, the much-ferred guest of Mr. and Mrs. Charles

J. Baker, of Oakland avenue, will return Sunday to her home in Huntington.

Rob Gillman is home from a three weeks' trip in Kansas in the interest of the Excelsior Shoe Company.

Mrs. H. E. Reed came home yesterday from a visit in Cincinnati.

Mr. C. E. Dinwiddie has been ill with grip for the past three weeks at his home on Jackson street. His daughter Mary is threatened with fever.

Miss Boss Todd's birthday anniversary was celebrated last evening with a pretty party at the home of her mother, Mrs. Zora Todd, in Sciotoville. In spite of the bad weather the young people made an effort to attend this delightful social affair. Games and music were the diversions of the evening. Miss Todd was showered with beautiful roses and carnations. The refreshments of ice cream, cake, orangeade and coffee were served in the dining room, where the decorations were in cherries, cherry ribbon being also used in the pretty decorations. The place-cards were hand-painted, appropriate to the occasion. Mrs. Todd was assisted in serving the dainty refreshments by Mrs. J. A. Patton, of Hillsboro street. The guest list included the following: Misses Ella Taylor, Myrtle Cunningham, Evelyn Edgington, Mary Cunningham; Dr. Moreland, Morton Perkins, Mr. Reed and Robert Trumbo.

Mrs. George Funk, of Campbell avenue, entertained with a Kennington yesterday afternoon for the pleasure of Miss Cora Ackerman, of Huntington, W. Va., guest of Mrs. Charles Baker, of Oakland avenue.

Mrs. William Brown and daughter, Mary, of Seaman, were guests today at the home of Mrs. H. E. Reed, on Officers street.

The next meeting of the Bridge Club will be held next Friday at the home of Mrs. Henry T. Danmon.

Mrs. L. P. Haldeman, Mrs. John P. Caphart and Mrs. J. S. Pencee will be hostesses at the meeting of the All Saints Choir Fund Society, next Monday afternoon at Mrs. Haldeman's home.

Misses Henrietta and Ruth Baker entertained this afternoon with a Valentine party for the pleasure of their guest, Miss Cora Ackerman, of Huntington. The rooms were beautifully decorated with valentines and hearts in keeping with the valentine season. There were fourteen guests, who enjoyed the afternoon with fancy work after which the hostess served dainty refreshments.

The Hamilton Whist Club will meet Tuesday afternoon at the home of Mrs. J. C. Miller.

The Dalton Auction Bridge Club will meet Tuesday afternoon at the home of Mrs. Frank Adams, on New Fifth street.

Mr. and Mrs. D. J. Williams, of Fourth street, have returned from a brief visit to Cincinnati.

Mrs. Frank Montague, of Cabot, Penn., is visiting her parents, Mr. and Mrs. John Zeidler, of Glover street.

The Young Woman's Home Missionary Society of Trinity Methodist church will meet Monday evening at the home of Mrs. Morton Shumway, on Fifth street. The assisting hostesses are Miss Hattie Byron and Miss Mary Lancaster. The final arrangements will be made for the pan-cake social and entertainment to be held February 18th, in the basement of the church.

Mr. Al Hammel will spend Sunday with Mrs. Hammel, who is visiting her son-in-law and daughter, Mr. and Mrs. Leander Edelson, of Ashland, Ky.

See Marguerite Clark and Harold Lockwood in "The Crucible" at the Lyric Tuesday.

Miss Carrie Damm has returned home after being called by the bedside of her uncle, Mr. Eli Hartley, at Dogwood Ridge, who is still in a serious condition as the result of a heart trouble.

See Marguerite Clark and Harold Lockwood in "The Crucible" at the Lyric Tuesday.

Mr. and Mrs. Ralph Eslinger, of Sidney, O., are guests of Portsmouth relatives and friends.

Mrs. Ralph Left and son, Lawrence, of Highland avenue, who have been ill, are getting better.

See Marguerite Clark and Harold Lockwood in "The Crucible" at the Lyric Tuesday.

Leon Wilson and Stanley Hopkins entertained with a progressive party last evening, going first to the home of Mr. and Mrs. A. A. Wilson, on Highland avenue, where games and music were indulged in.

Miss Laura White playing the violin made, Mrs. Wilson was assisted by Mrs. George Raines and Mrs. E. C. Schaefer in serving sandwiches, salad, pickles and coffee.

SINCE TAKING PERUNA

I can say my
bowels are much
more regular.

My heart is
stronger.

My appetite is
much better.

My throat is
much better.

Mrs. William H. Hinchliffe, 20 Myrtle St., Beverly, Mass., writes: "I have taken four bottles of Peruna, and I can say that it has done me a great deal of good for catarrh of the head and throat. I recommend Peruna to all sufferers with catarrh. I do not think I ever felt much better. I am really surprised at the work I can do. I do not think too much praise can be said for Peruna."

Those who object to fluid medicines can now procure Peruna Tablets.

From the Wilson home, at ten-thirty all went to the home of Mrs. E. C. Schaefer, sister of Stanley Hopkins, where dancing was indulged in and fruit punch and wafers were served by Mrs. Schaefer who was assisted by Mrs. Wilson and Mrs. Raines. Those present were the Callotsburg team, as follows: Mr. C. Vernon Hamann, of the faculty, Everett Caldwell, Jimmie McLaughlin, Rice Bailey, Donald Meeks, Carl Williams, Pearl Thornbury, Neal Kennedy, Herbert Runyan and Charlie Cooley; of the Portsmouth team, Hubert Post, Howard Swishelm, Ralph Brandt, Roger Jones, Lester Nutter, Leon Wilson and Dee York and Mr. and Mrs. Corneil; Miss Ethel Mosser. The other guests were Helen Barr, Margaret Matthews, Amy Gaffney, Anna Tracy, Geneva Huddleston, Boss Huddleston, Martha Phillips, Grace Adams, Katharine Hall, Mary Broad, Edna Ousler, Letha Barr, Virginia Jones, Fairy Davis, Ladora White, Edna Haeck, Dorothy Varner, Josephine Chae, Julia Alice Hazel Edhart, Thelma Kidd, Harriet Thomas, Anna Marie Caphart, Charlotte Dupre.

The other boys who were guests were Baird Hickson, Earl Chynton, Stephen Chick, Walter Wells, Charles Dent, Vance Morris, Ladlow Lockwood, Elvin Eckhart, Charles Pirring, Norman Dinevel, Clarence Pirring and Kenrus Wutkins.

Mrs. Shump's Sunday school class met at the home of Miss Helen Brohm, Friday night. The officers elected were: President, Madeline (Bud) vice-president, Hazel Holmer; secretary, Helen Brohm; corresponding secretary, Ruth Johnson; treasurer, Martha Phillips; committee, Bertha and Marguerite Campbell and Lela Gilkison. Other members present were Margaret Stone.

Times Service Pattern 1199

1199, Two Popular and Pleasing Styles. "Over Basques."

For wear with a guimpe of net, lace, batiste, or other material, these styles will be found very suitable. As here shown No. 1 was made of broadened silk, the bindings of black velvet. The basque is made in the popular "tie on style," with long ends draped over the fronts. The other style No. 2 has a pretty collar outlining the deep neck opening, and such ends that outline the fullness of the loose back. White crepe may be used for this model with black satin, or lace for the collar. The pattern for these models is sent in 6 sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. It requires 3 yards of 36 inch material for No. 1 and 2 3/4 yards for No. 2 for a medium size.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

6 yards of 11-inch material for the dress and 1 1/2 yard of 27 inch material for the guimpe for a 14-year size. The skirt measures about 1 1/2 yard at the lower edge.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

CAUTION—Order adult pattern by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

COUPON

This pattern will be sent on receipt of 10 cents. Make name, number, address, etc., plain. Send to Pattern Department, Portsmouth Daily Times, Portsmouth, Ohio.

Young, Middle Aged and Old Extol Duffy's Pure Malt Whiskey

"I attribute being cured of chronic heart trouble through taking Duffy's Pure Malt Whiskey as directed. I noticed your advertisement in a local paper and concluded to give Duffy's Pure Malt Whiskey a fair trial. I can truthfully say that in six weeks I was able to resume my work as a bookkeeper, having entirely recovered my strength and health."—Miss Frances Lutz, 319 N. 10th St., Philadelphia, Pa.

"I have been using Duffy's Pure Malt Whiskey for several years and am still using it. I had insomnia so bad that I could not work. I made up my mind to try Duffy's Pure Malt Whiskey; and I want to say that it has made a complete cure in my case."—Mr. Ezra B. Hand, 1623 Kiefer St., Phila., Pa.

"I have used Duffy's Pure Malt Whiskey for a great many years, and it gives me great strength and a good appetite. I am now 62 years old and in very good health for one of my years."—Mrs. Clara A. Simpson, 319 N. 10th St., Philadelphia, Pa.

Duffy's Pure Malt Whiskey

has been before the public for over half a century and its medical value is appreciated by thousands. It is an absolutely pure distillation of carefully malted grain. Overworked men and delicate women will find in Duffy's Pure Malt Whiskey the health and strength giving properties that are so necessary to them. It is a medicine for all mankind.

"Get Duffy's and Keep Well."

Sold in SEALED BOTTLES ONLY. Beware of imitations.

NOTE Get Duffy's from your local druggist, grocer or dealer. If he cannot supply you, write us, we will tell you where to get it. Medical booklet free.

OHIO GOES TO 54 FEET AND 8 INCHES AND THEN STOPS

Crest Of Rise Is Reached About 1:30; River Falls Slowly

The Ohio river here was still at a stage of 54 ft. 8 inches Saturday afternoon at 3 o'clock or practically the same as it had been since noon, showing it to be stationary. It should commence falling by evening.

John Capehart, coal dealer, insisted that his barge gauge showed that the river had fallen an inch or two.

The Ohio river rise reached its crest here Saturday afternoon at 1:30 at 54 feet, 8 inches, it became stationary after having risen in a half inch in 2 1/2 hours, the marks showing 54 feet, 7 1/2 inches at 11 o'clock.

The flood reached its crest at Huntington at midnight and by 11 o'clock Saturday morning had reached three feet there. The crew of the packet Greyhound upon its arrival here Saturday noon reported that the river was on a stand at Catlettsburg, Ky., when the boat passed there.

The flood caused several hundred families to vacate their homes or move to upper stories, discommode others in the low lying sections of the city and caused considerable anxiety.

However, there was no interruption to business, to citizens generally.

Had the flood assumed any worse proportions it would have found the people prepared, due to the very excellent service of the weather bureau at Cincinnati, and the local observer and forecaster, Captain Harry Donnelly, who cooperated with the local newspapers in keeping the public advised of the up-river stages and weather conditions.

STILL RISING AT CINCINNATI

Cincinnati, Feb. 6.—The Ohio river at this point was 53.1 feet this afternoon, and rising at the rate of about one-tenth of a foot.

DON'T TAKE CALOMEL

Instead of dangerous, salivating Calomel to live your liver when bilious, headachy or constipated get a 10-cent box of Calomel. They start the liver and bowels and straighten you up better than nasty Calomel, without straining or making you sick.

per hour. According to the government weather bureau this rise will continue tonight after which the river will begin to fall.

Trains were still operating out of the Central Union railroad station this afternoon, but officials of the depot said they would have to vacate in a few hours as some of the tracks were covered with a foot or more of water.

Helping The Flood Refuges

The public safety department officials were kept busy Saturday morning supplying marooned families in the flood zone with provisions and fuel. There was one long line of applicants.

Complain About Waves.

Because of persistent complaints from lower Union street residents that waves from the ferryboat Peckless are washing against their homes, Mayor Frick has suggested that the boat make trips from the foot of Chillicothe street while the river remains at its present high stage.

Pumped Out The Sewer

The Seventh street fire engine was used Friday in pumping water out of a sewer that threatened the Ohio stove foundry with an overflow.

Took A Look At The Flood

The mayor and Safety Director Jos. Lake made a tour of the flooded district Friday afternoon. One of the things ordered by the mayor was to have Chief McQuat build some kind of a sheltering place around the fire steamer in case the Union street valve so that the firemen stationed there may not be exposed to the wind, snow and rain.

It Wasn't Heavy Loser

Gallipolis, Feb. 6.—The flood in the Ohio river began to recede in

this section this morning, the government gauge recording a fall of over one foot. Train schedules cannot be resumed before Sunday night. The Kanawha and Michigan railroad's loss is estimated at \$75,000.

Washington, Feb. 6.—This is today's official flood bulletin issued by the weather bureau:

"The rain fall in the Ohio watershed is over for the present. Fortunately, it was not heavy enough to seriously alter the flood situation."

"The crest of the flood is nearing Cincinnati this morning, where the stage at 8 o'clock was 54.3 feet, or 4.3 feet above flood stage."

"Down river points show rising stages; Evansville is four feet above flood stage and Cairo about three feet below flood stage."

"On the Mississippi below Cairo flood stages are probable by the end of the coming week."

Forecaster Devereaux wired from Cincinnati Saturday morning to Local Forecaster Donnelly that the Ohio river at Portsmouth would become stationary during the day at about 55 or 55 1/2 feet. He forecasted cloudy and colder weather, probably snow flurries over Upper Ohio Valley Sunday fair.

The river here at 10 o'clock Saturday morning showed a stage of 54.6 feet, a rise of two-tenths in three hours the gauge registering 54.4 feet at 7 o'clock. It continued to rise slowly.

Thursday night's rains are not expected to have very much effect upon the present rise as the river is falling as far down as Pt. Pleasant.

The weather for Sunday is as follows: Cloudy tonight, probably snow flurries in north portion. Sunday fair.

River Seem About "All In"

With a stage of about 54 1/2 ft. Saturday morning at 9 o'clock the river was still showing a slight rising tendency but in the opinion of local rivermen was practically "all in."

The water was slowly encroaching upon further ground inundating the north side of Front street at the Daniel Buckley home and properties east of there and almost to within a foot of the Treat grocery on the south side and surrounding the various homes to the east and west of that grocery.

It was running across the street near Gay and was inundating the street between Gay and Bond street, while east of there all homes were flooded. The water had become so high on Union street that the ferryboat Peckless was now making its landings at the foot of Thompson street. The roadway leading to the American Steam laundry was still open to travel.

Fire Steamer Is Pumping

The lower end of Jackson street was still inundated though a more serious overflow was perhaps averted by city employees pressing one of the fire steamers into service Friday afternoon. Much of the backwater caused by the leaking Union street valve was diverted and the pumping has had the effect of keeping the water down and prevents it from spreading over the low lying sections there city officials say.

The overflow from the sewer at Fifth and Boundary streets met that from the lower end of the street coming from Punk's Gai Saturday morning and the newly paved Sixth street from Broadway east to Lawson's Run was inundated and Judge James S. Thomas' brick houses and all other houses in that square were surrounded by water. The water was just commencing to enter Mrs. A. Bard's home at the head of Jackson street. It was half way up the grade on Boundary street between Fifth and Sixth streets and lacked about a foot and one-half of entering D. O. Tipton's grocery at the Earllytown end of the Eighth street viaduct. It was also over the lower end of unpaved part of Seventh street in Earllytown and all the low

places in the vicinity of the old Spencer brick yard are under water.

Cincinnati Depot Is In Danger

Cincinnati, O., Feb. 6.—The Ohio river reached 54.5 feet here this morning, 4.5 feet above flood stage, and continued to rise at the rate of two-tenths of a foot an hour. The majority of the property in the river section of the city is under water, although little suffering has taken place. This was made possible by the ample notice that was given to all those in the flooded district.

Trains were being operated out of the Central Union station, but it was announced that they would undoubtedly be transferred to the various smaller stations on the higher ground later in the day.

TO ARRANGE BUNDLES

The "Associated Charities" building on Gay street, will be closed Monday in order that those in charge will have time to sort out the large amount of clothing on hand and get it in shape so that it can be given out when necessary.

Keffer Account

The second account of Frank W. Moulton, guardian of the estate of the late Catherine Keffer, filed in probate court shows total receipts of \$10,818.21, or which \$9,680.91 was a balance from the first account. Expenditures were \$1,820.21, including a \$250 fee for the guardian, leaving a balance of \$8,998.00.

Charges Assault

Police are looking for Will Brooks, Jr., a bus driver. Miss Lena Bowling, of the Arlington Hotel, has filed an affidavit against him charging assault. She claimed that while in York Place gazing at the river Friday afternoon Brooks placed his arm about her waist and when she resisted the act that he struck her.

Nurse On A Visit

Mrs. Minnie Anstad, visiting nurse for the Scioto County Anti-Tuberculosis Society, left Saturday over the C. & O. to visit a friend in Chattanooga, Tenn. She will also visit Florida. Mrs. Anstad will be gone for two weeks or longer, during which time Mrs. Emma Barber McFadden will fill Mrs. Anstad's place. Mrs. McFadden assisted in charity work during the Christmas season.

Victims Better

C. W. Ford, Louis Schoettle and George Reinhardt, victims of Milltop coasting accidents were reported improving Saturday. Singularly enough all suffered the fracture of their left legs.

"Bob" Had Good Trip

After a successful two weeks' trip through the West for the Excelsior Shoe company, R. A. Gillilan arrived home Saturday. He will leave on his regular spring trip the latter part of this month.

Brings Suit Against The Rathbone Estate

Suit for \$200.50 against the estate of the late William V. A. Rathbone, a prominent Nile township farmer, who died February 19, 1914, was filed in common pleas court Saturday by Attorney Bannan and Bannan and Meyer, representing Frank A. Cunningham, a former city fireman. Albert Turner, administrator of the Rathbone estate, is named as defendant.

Cunningham claims that amount due him for services rendered the decedent during his life time on promise that he would be reasonably recompensed. The services are enumerated as collecting proceeds of certain promissory notes from S. W. Miles, for a period of six months, \$100; in October, 1911, putting roofs on two buildings, \$10.40; from April 30, 1912, to June 16, 1913, looking after farm of the deceased, selling products and collecting rents, \$40; from February 25, 1913, to April 27, 1913, caring for wife of the deceased, \$15.00.

The plaintiff claims that he presented the bills to the administrator on August 11, 1914, but that he refused to pay them.

February Term Of Court Opens Monday

The February term of common pleas court opens Monday afternoon at one o'clock, when the grand jury will be sworn for duty.

After receiving the charge of the court, they will go in secret session to investigate some fifty or more cases that will be brought to their attention. Over two hundred witnesses have been subpoenaed. The session will last fully a week. The petit jury will not be called in until a week later.

Married By Squire Byron

Corbett Porter, 21, a farmer and Cenna Rice, 20, both of Kentucky were married Saturday afternoon by Squire Byron at his office.

Mrs. Rachel Merston is seriously ill at the home of her son-in-law and daughter, Graeger and Mrs. William Payne, of Second and Jefferson streets.

A Test for Liver Complaint Mentally Unhappy—Physically Dull

The Liver, sluggish and inactive, first shows itself in a mental state—unhappy and critical. Never is there joy in living, as when the Stomach and Liver are doing their work. Keep your Liver active and healthy by using Dr. King's New Life Pills; they empty the Bowels freely, tone up your Stomach, cure your Constipation and purify the Blood. 25c at Druggist. Bucklen's Arnica Salve excellent for Piles.

HERMAN HUELS, FRED SMITH, J. G. BUSI, Committee, 6-1

BIDS ABOVE ESTIMATE

Bids for the contract of building the temporary bridge at the Wendelken corner at The Point were opened at the office of Service Director Gergens Saturday afternoon. The bidders were Henry Ruel and Henderson and Wislon. No contract can be let, as both bids were over the engineer's estimate of \$600. The bridge is to be built for the use of teams and wagons in dumping garbage with which the washout caused by the 1913 flood is to be filled.

SECOND PRESBYTERIAN CHURCH

Services at the Second Presbyterian church Sunday, Feb. 6.

Sunday school at 9 a. m., W. W. Gates, superintendent.

Prayer meeting at 10:30 a. m. and 7 p. m.

Christian Endeavor at 8:15 p. m.

Prayer meeting Wednesday at 7 p. m.

Strangers invited. Everybody welcome. A fine program for Sunday.

Rev. W. J. Zuck, of Columbus will have charge of the communion service at the Second Presbyterian church Sabbath morning. Members will be received and the rite of baptism administered to infants. The subject for the evening service will be "The Growing Church."

To Sojourn In California

John J. Russ of Sciotoville will leave the first of March for California to spend several months. He will take in the San Diego and San Francisco Exposition.

Recovers From Fall

Edwin Beebe, street car motor-man, is back on the job after recovering from the effects of a fall on the ice last week.

Hearing Continued

The hearing of Will Johnson, a showworker, who is charged with robbing the New York Ice Cream company's depot of \$15, has been continued until Monday morning.

New Drummer

Earl Martin of Summit street has taken a position as drummer at the Temple theatre on Eleventh street.

Resolutions of Respect

Whereas, The Supreme Ruler of the Universe who holds the destinies of all men in the hollow of His hand, has seen fit to remove from our midst one of our most worthy and esteemed members,

Whereas, The German Benevolent Society greatly deprecates the loss of our late member, Joseph Bihlman, we feel that the loss to our Society is as nothing compared to the loss to his immediate family, therefore

Be It Resolved, That we extend to his family the deepest sympathy of each member of our Society and

Dr. Beard was born in Portsmouth, but practically all of his life was spent in Lucasville, where he was known and respected by everyone. He was a graduate of the Miami Medical College of Cincinnati and for years was the leading physician of Lucasville.

Dr. Beard was a member of the Masonic Lodge of Lucasville, and this organization will have charge of the last rites, which will be conducted Monday, at 1:30 o'clock at the Methodist church and will be in charge of Rev. A. K. Murphy, of Rushtown, and Rev. Mr. Pittsfield, of Lucasville.

Mrs. Emma Newman Mrs. Anna M. Reed, of No. 716 Second street, has received word of the death in Louisville, Ky., of Mrs. Emma Newman, aged 70 years, widow of J. R. Newman, a well known former Portsmouth citizen.

Mrs. Newman died at the home of a daughter, Mrs. Eugene M. Le Compette after suffering for some time past with Bright's disease. Her husband was a brother of Mrs. Reed, Attorney George O. Newman and the late James W. Newman, founder and publisher of the Portsmouth Times, with whom he was associated in the newspaper business here.

Vinson Funeral

Dr. J. F. York attended the funeral of his sister, Mrs. Elizabeth Vinson, who died in Kessler's hospital in Huntington, and was buried at the old home at Glen Hayes, W. Va., Saturday morning.

Edward Collis

Recent relatives of Edward Collis, a former Portsmouth resident who has been a patient at the Athens hospital for the insane for the past year, received word Saturday of his death at that institution Friday evening. His condition has been growing worse for some time and his death was not wholly unexpected.

An injury received at the terminal in 1913, when he was struck over the head with an iron bar, is said to have caused the loss of his reason. He was widely known here and had a host of friends who will be grieved to hear of his death.

Mrs. Collis is survived by a wife and an adopted son, Carlos, aged five years, an aged mother, Mrs. Lucinda Collis, of 1120 Fourteenth street, three brothers and three sisters, as follows: John, of this city, William, of Junction City, James, of the Chillicothe Pike, Mrs. Moss Martin and Mrs. Walter McCarty, of Portsmouth, and Mrs. Frank Wheeler of Fullerton, Ky.

The body will arrive here at noon Sunday and will be taken to the home of his mother, on Fourteenth street, where the funeral will be held later.

Mrs. George Connor

Mrs. George Connor passed away Saturday afternoon at the old home near Blue Creek, Adams county. Two months ago she left her home in Kansas to nurse her aged mother, Mrs. Elizabeth Hughes, who died several weeks ago. Mrs. Connor recently underwent a surgical operation.

Dr. Michael J. Beard.

After an illness covering a period of two years, death at 8 o'clock Friday evening claimed Dr. Michael J. Beard, well-known physician of Lucasville. He was a victim of pulmonary trouble and had been bedfast eight weeks. He suffered a sinking spell early last night and it soon ended in his death.

Dr. Michael J. Beard was about 40 years old and leaves a wife, Mrs. Katherine Dever Beard, and one daughter, Louise Beard, aged 9.

The deceased is also survived by two brothers, Frank Beard, of Portsmouth, and Roscoe Beard, of Newark, O.

NOT WITH HIS PEOPLE.

It is a common supposition that a number of the legislature is sent there to vote the will of his constituency.

We are not here voicing the opinion that a representative should be bound by this assumption, we are only stating it as an existing condition.

It is a supposition and a condition that Representative William R. Sprague does not assent to with his vote. That is evident because on the first measure that came up in the house, where there could be no possible misconception on his part of the view of his constituency he cast his vote in direct opposition thereto. We refer to his action on the proposed change in the workman's compensation act, which was before the legislature. The liability insurance company had before the house a bill in which they were authorized to insure employers against liability for accidents to their employees on even terms with the state. A hearing was had in the morning on the bill before the committee on labor. In favor thereof appeared only agents for the liability companies; against it appeared advocates for the manufacturers' association, union labor officials and a representative of the state compensation board. The committee unanimously reported to the house that consideration of the bill be postponed indefinitely, which was the legislative way of expeditiously putting it to death. Seventy-four members voted to sustain the recommendation of the committee, twenty-five voted against and one of these latter was Representative Sprague, of Scioto county. He can not be unfamiliar with the fact that practically every employer of labor and every laborer in Scioto county is in favor of the workman's compensation law and against any present change in it, being in full accord with the argument before the labor committee that its operation has been in the highest degree satisfactory and it should be left untouched until experience and time show what defects in it need correction.

BILLY SUNDAY AND COL. INGERSOLL.

(From the New York World)

Confronted with a deadly parallel between an old-soldier speech by himself and a Decoration Day talk by Col. Bob Ingersoll, Billy Sunday replies that it is an old story; that he never read Ingersoll; that he does save and use some good stuff sent in the form of newspaper clippings by admirers, and that some men are liars.

This response to charges is comprehensive but lacks the fine and courteous complacency which Richard Brinsley Sheridan puts into the mouth of a character accused of borrowing from Shakespeare. "All that can be said," remarks Mr. Paul, "is that two people happened to hit on the same thought, and Shakespeare made use of it first."

And after all, why should not thought be as free as salvation?

After long and careful observation of events at Columbus, we are unanimously of the opinion that the state house should be dug up and moved bodily over to the Ohio State University grounds. It would be so much more handy for that smooth, well-groomed, personage known as William Oakes Thompson who is now apparently compelled to spend much of his time running around the capitol in an effort to grab a few more appropriations, departments, plans, etc., etc., for the University. And then William might have more of his valuable time to devote to the educational interests of Ohio's biggest center of learning.

It is noted that those eminent farmers of farmers, the Hon. Sam Taylor, the Hon. T. C. Laylin and the Hon. Beniek Dunlap, were conspicuous by their presence at an open meeting of the house committee that has under consideration a bill to abolish the agricultural commission and go back to the good old hard days when mileage and expenses ran riot. Of course they are in favor of the good old plan because they see therein a chance for their own peculiar style of farming.

We wanted to see if anybody read this column and so we said the other day that we wanted to buy a pair of rubber boots and were surprised that none of our enterprising merchants had advertised a rubber boot sale in anticipation of the Ohio spurge. (We had three personal invitations and two telephone calls from friends in the shoe business and each one had our size. So it is up to us. We will have to make good five times or go into hiding.)

When a man's friends and also those who are not his friends think he is going to get married, they can start enough talk to fill a newspaper several times over. Which has been demonstrated in Portsmouth several times during the past few years.

SKETCHES FROM THE (RIVER) FRONT

BREATHE FRESH AIR NIGHT AND DAY.

The United States public health service has issued a bulletin upon breathing fresh air night and day and all you can get of it, in which it says:

"Breathe all the fresh air you can get, night and day. That's what fresh air is for. The forsworn legend about the baleful influence of 'night air' is only another of the carefully nursed insidious legends from our ancestors, according to Senior Surgeon Banks, of the United States Public Health Service.

Whereas this superstition arose may only be surmised. Perhaps it is a survival of the primeval cult of sun worship, which led the ancients to classify anything outside the sphere of solar influence. Our forebears were wont to caution their offsprings to 'be careful about the night air' or children were ordered to 'come in out of the night air.' It is perhaps fortunate for the children living in the Arctic circle, where the nights are six months long, that the Esquimaux mothers do not entertain this crude notion about night air, else their progeny would spend half the year indoors.

"This idea is generally prevalent and even one of our well known flowers is loaded down with the horrible name of 'Deadly Nightshade' as a sort of verbal relic of this old notion. The low-lying mist or fog that sometimes gathers about the surface of the earth under certain atmospheric conditions, after sunset, was held to be 'miasmatic' and pregnant with lethal possibilities. This is worthy of all the respect that should be put to any hoary superstition, but its place is in the specimen jars of an archaeological museum, not in the show room of modern intelligent life.

"The night air, minus the sun, is no different from the atmosphere of a sunny day. The atmospheric envelope of the earth does not change from benign to malign in the twinkling of an eye after sundown. It is still composed of oxygen, nitrogen, argon and carbon dioxide in the normal proportions for the given locality. The open air treatment of tuberculosis and its kindred allies had first to combat this venerable legend about the deadliness of night air, and only the remarkable results of this hygienic aid to its cure brought the superstitious to a realization of the silliness of their ingrained noctophobia.

"This generation has witnessed the emancipation of human beings in respect to the value of fresh air, whether in bulk or in smaller 'doses.' From being a people immersed in hermetically sealed rooms at night, breathing our own bodily exhalations over and over again, a constantly increasing number of persons are sleeping in the open, or at least with open windows, summer and winter, to their great benefit. In the morning they are refreshed with the pure oxygen of the air breathed during sleep, not 'stewed' and 'sweated' after eight hours spent in respiring and re-respiring second-hand and sleep-worn air in a closed bedroom."

We should have been obliged to ask council to extend the flood walls. We are getting tired of being flooded out by every rain cloud that comes along while the rest of the community just get a scare.

The Song That Never Grows Old
Though the days of old come back,
my dear,
As we travel the sunset way—
And true to the call of the yester-
years
Our hearts overflow in a wealth of
tears
When we dream of the trying-day.

It's little we'll care though the days
were fair
In that beautiful, far-off time—
For the heart of the Spring is bloss-
oming yet,
As the spring of a greening migon-
ello,
And soft as a measured rhyme.

Yes, the days that have gone are
good, my dear,
As they whisper of Auld Lang Syne,
And each is a jewel that hold a
thought
As deep as the love our souls have
wrought,
And as rare as an aged wine.

But we linger long in the days that
are,
And the songs that we sing tonight,
For our twining hearts sing the
same old tune
That they softly sang in that dis-
tant June
Ere your locks were touched with
white.

—Jessie Bayless, in Charleston
Gazette.

Toot! Toot!

The Enraptured Obituarist

At the ripe age of 58, Mr.
William Lawson Coley, a native and
lifelong resident of Westport,
passed away on Sunday evening.
This removal of one of our most

There is something weirdly fascinating about the rise of the
Ohio when it nears the danger line. We will stand and stand and
watch and wait and hope and talk that the blamed thing can't go
much higher and yet onward and upward sweeps the water, rising
inch by inch, spreading out over the fair lands and devastating
the homes of rich and poor alike. And what a realization there is
of our utter helplessness.

And so Jimmy Boyle has landed on the tax commission at
\$5,000 per. Well Jimmy deserved it. He is the chap who wrote all
those "heart rendering" things, as Possum Hollow correspondent
would say, about the crime committed when the dear people were
deprived of the right to name their halt and their lame and their
blind as assessors. Now that Jimmy is in he will doubtless find out
how it feels to be the shot at instead of the shooter.

When you have an inclination to do a little sewing for the
Belgian war victims suppose you just take an hour off and spend
the time at the rooms of the Associated Charities on Gay street.
Maybe you might change your mind and do a lot of sewing for
somebody nearer home.

We fail to be hopeful over the regeneration of politics via the
woman's suffrage route when we see leading exponents getting to-
gether seven months in advance of election and agreeing upon a
slate. If a mere man would dream of such a thing he would sign
his own political death warrant.

You must admit that the sun certainly did look gloriously
beautiful when it peeped out at three minutes after three Friday
afternoon, following a hard shower that brought up visions of
1913 and 1881.

A woman seeking a divorce out in California attacks her hus-
band's Christianity, alleging that he refuses to listen to her poems.
Looks to us like a twin brother to an outrage to submit the ques-
tion of any man's Christianity to a test like that.—Marion Star.

We haven't heard up to date of Warren Harding sending any
pineapple from Hawaii to Charlie Dixon in grateful re-
membrance of that escape from the feed of recent memory.

To Conduct Boarding House

Mr. and Mrs. L. W. Davis have
moved from 922 Waller street to
the Terminal district, where they
will conduct a boarding house.

Jeweler J. P. Carr has placed a
fine clock in the new Busy Bee
Restaurant on Gallia street.

ELLA ELEPHANT

It makes me sad to tell of Ella Elephant,
Who lived down in the jungle with her mother and her aunt.

Her greatest fault was selfishness; she would not share her toys,
Nor books, nor anything she had with other girls and boys.

And when her mother gave her tarts from off the pantry shelf,
She always ran away and hid and ate them by herself.

And even when her friends stood round, as hungry as could be,
She would not offer them so much as one small bite—not she!

Now, Ella must loved peanuts, and one day her mother bought
A lot of them down at the store, all nice and piping hot.

She said: "Now, Ella dear, I think that I will just invite
Your little friends to help you eat these peanuts up tonight."

And Ella didn't say a word, but down inside she thought,
"If I night the peanuts will be cold; I'd rather have them hot."

"I'll wait till mother goes away, and then I'll quickly run
And get those peanuts, and I'll eat them, every single one."

That night when all the children came to Ella's house in glee,
They found Miss Ella Elephant as sick as she could be.

Her mother gave her bitter stuff and sent her off to bed.
"It serves her right, the selfish thing," the neighbor children said.

Here is the moral of this tale for children everywhere:
The pleasures we enjoy the most are those that we can share.

honored citizens calls for cordial
recognition.—Westport (Ct.) Her-
ald.

Poor Excuse

The woman who wants a divorce
because her husband scores opens a
new line of thought. Should a girl
be warned that the man she is
going to marry makes night hideous
by his upstage breathing?—Tribune
Blade.

No, Cynthia,

A man doesn't need the sanction
of law in order to become married
to misfortune.

"Self-consciousness," remarked the
Man on the Car, "is what keeps a
fellow from forgetting the fringe
on the bottom of his trousers, not-
withstanding he can't see it."

The Other Nine Must Be Soft
States
Thirty-nine states are interested
in peaches.—Government Report.

Tossing Rastus

Of all the schemes that fate might
hatch
To make good resolutions loop
the loop,
The worst are to fence a molen
patch
And kalsomine a chicken coop.

Why Ear Muffs Went Out

Mr. Egles explains why ear muffs
have never been seen these days. One cold
day last year a man asked another
fellow to have a drink, and the f.
was wearing ear-muffs and didn't
hear the invitation. Later on, when
it was too late, he was told about it,
and threw his ear-muffs away. The
news of his unhappy experience
soon leaked out.—Hephaisville,
(Ky.) New Era.

TO MAKE KENTUCKY

Armed with a trunk full of sam-
ples, E. K. S. Clinkenbeard, cutter
for Hall Bros., merchant tailoring
department, will leave Sunday for a
week's trip through the Blue Grass
section of Kentucky. As Mr. Clink-
enbeard was born and reared in the
vicinity of Winchester and Mr.
Sterling, it will be like going back
home to him. He has a host of
warm friends down there and usually
returns with a splendid list of
orders.

No job too small. No contract
too large. Walters Plumbing Co.

IF KIDNEYS AND
BLADDER BOTHER

Take a glass of Salts to flush out your
Kidneys and neutralize bri-
stling acids.

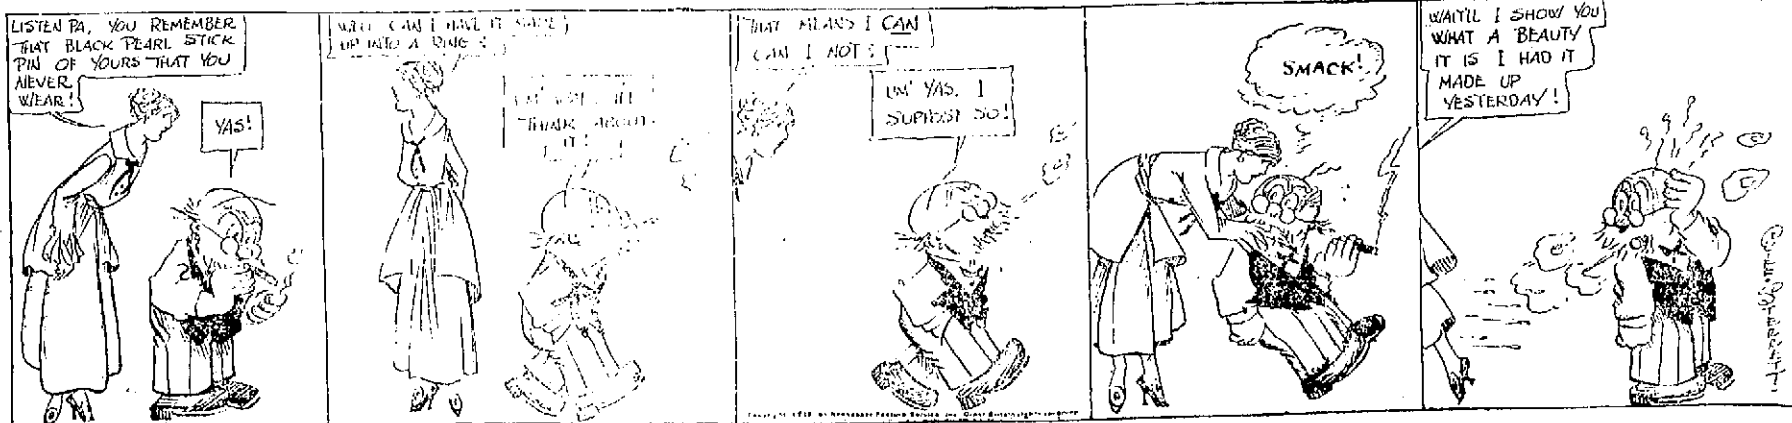

Kidney and Bladder weakness result
from uric acid, says a noted authority.

The kidneys filter this acid from the
blood and pass it on to the bladder, where
it often remains to irritate and inflame,
causing a burning, searing sensation, or
setting up an irritation at the neck of the
bladder, obliging you to seek relief
two or three times during the night.
The sufferer is in constant dread, the
water passes sometimes with a scalding
sensation and is very profuse; again,
there is difficulty in voiding it.

Bladder weakness, most folks call it,
because they can't control urination.
While it is extremely annoying and some-
times very painful, this is really one of
the most simple ailments to overcome.
Get about four ounces of Jad Salts
from your pharmacist and take a table-
spoonful in a glass of water before
breakfast, continue this for two or three
days. This will neutralize the acids in
the urine so it no longer is a source of
irritation to the bladder and urinary or-
gans which then act normally again.
Jad Salts is inexpensive, harmless,
and is made from the acid of grapes and
lemons juice, combined with lithia, and
is used by thousands of folks who are
subject to urinary disorders caused by
uric acid irritation. Jad Salts is sold
old for kidney and caused to feel
comfortable.

Here you have a pleasant, effervescent
lithia-water drink, which quickly relieves
bladder trouble.

POLLY AND HER PALS

LOOK AT POLLY PUT THIS ONE OVER!

LISTEN, YOUNG MEN

"DIAMONDS SIGNIFY SUCCESS."

By wearing diamonds you show the world that you are on the road to success. You prove to every one that you have the ability to earn money, and what is more important, the strength of character to save and invest wisely.

Diamonds are constantly advancing in value, and earn double dividends, for they not only advance in value each year but they give a prestige that enhances your business and social prospect. See our big values at \$25, \$50, \$75, \$100 and others up to \$500 in our window.

Ask about our Easy Payment Plan.

The Markets

NEW YORK STOCKS

New York, Feb. 6.—Efforts to lift prices above yesterday's closing prices met with indifferent success in the course of today's two hour session of the stock market. The opening gave promise of strength and activity, some of the weak issues, notably Southern Pacific scoring sharp gains. Improvement was not long maintained, however, the list falling back on a renewed selling of Southern Pacific and other railways. Northwestern lost 3 points, declining to its minimum of 122, and Norfolk and Western fell 2 1/2. In the industrial Baldwin Locomotive common and preferred sustained preference. There were offsetting features, however, in a further rise in Bethlehem Steel to a new high price, steadiness in U. S. Steel and recoveries of more than 2 points in sugar shares. The closing was irregular. Bonds were irregular.

Substantial recoveries from yesterday's low prices were recorded in the early dealings. Southern Pacific recently one of the weakest of the transcontinental group made an initial advance of 1 1/2, and Union Pacific, Reading and U. S. Steel moved forward substantially. Bethlehem Steel, however, was the feature on the industrial division, closing over a point. Sugar stocks were lower.

SOCIETY

The Woman's Literary Club meeting was attended by a large number of guests yesterday afternoon in the Woman's Club parlors.

Miss Maud Heigel played a pretty piano solo.

Miss Margaret Firmstone, of the Criticism committee, gave an interesting talk.

Mrs. Carrie Batey and Mrs. J. L. Treuthart gave a debate on Woman's Suffrage, which was most interesting.

Miss Madeline Augustin played a piano selection, "Arabesque," by Meyer-Helmund, which was splendidly rendered.

During the social hour fruit punch was served and Mrs. J. S. Pearce rendered a beautiful piano selection.

An informal dance was held last evening in the Elk parlors, where Messrs. Chalmers Davis and Ernest Kelley were the committee in charge. The dancing was followed by a lunch. The music was rendered by the Gusto Trio. The guests were Misses Mary Davidson, Ruth Clare, Teresa Kennedy, Pauline Wilhelm, Gertrude Schmidt, Page Lewis, Mary Cook, of Hopkinsville, Ky., guest of Mrs. James Patterson, Helen Dunn; Messrs. Harry Williams, Chalmers Davis, Lester Howard, Howard and Paul Harsha, Isador Goodman, Ernest Kelley and Stanley McCall.

Francis Bushman and Beverly Bayne, in "Dear Old Girl" at The Lyric Monday.

The Progress Club will meet Monday evening at the home of Miss Anna Duewel, on Twelfth street. Miss Erma Clark will be the assisting hostess.

Luther Stone, who attends school at Rio Grande College, is here for a visit with his wife, formerly Miss May Dodge. While Mr. Stone is attending college, Mrs. Stone is employed at the home of Dr. Martin.

A birthday party last evening at the home of Mr. and Mrs. Samuel Harper, on Nineteenth street, was given in honor of the seventeenth birthday anniversary of their son, Howard. The evening was spent in games and victrola music. Those present were as follows: Misses Katherine Harper, Thelma Cunningham, Zella Moon, Jennie Dodge, Bessie Pittenger, Beulah Ashley, Laura Warden, Maggie Warden, Elizabeth Warden, Marie Harper, Maude Warden, Sadie Harper, Emma and May Harper; Messrs. John Richards, Tom Warden, Gordon Cox, Albert Storer, Henry Storer, Paul Newman, Ray Grimes, Forest Moon and Sam Harper. The refreshments of ice cream and cake were served.

Francis Bushman and Beverly Bayne, in "Dear Old Girl" at The Lyric Monday.

The Ketchum Auxiliary of the Second Presbyterian church will meet Monday afternoon, at 2:30 o'clock, at the home of Mrs. George Taylor, 1513 Fourth street, where Mrs. Paul Revere will be the assisting hostess. Mrs. Albert Marting will have charge of the program.

The King's Sons and Daughters of Trinity Methodist church held a large and interesting meeting last evening at the home of Mr. and Mrs. Carl Harris, where there were twenty-eight present. A program was rendered as follows:

Vocal—Miss Fairy Davis.
Violin—Miss Ladora White.
Piano—Miss Ruby Heubert.
Reading—"The First Christmas Gift"—Miss Mattie Huffman.

Recitation—Miss Nina Compton.
Vocal Duet—Miss Mattie Long and Mrs. Dadds.

Reading—Our Adopted Children.

Piano—Mrs. Clarence Marshall.

The March meeting will be a social at the home of Misses Vesta and Katherine Stockham. The committee for the program will be Miss Vesta Stockham, Mrs. Compton, Mrs. O. C. Arthurs and Miss Fairy Davis.

The committee to arrange for the Bigelow Woman's Home Missionary supper will meet Monday afternoon after the meeting of the Reading Circle, at the home of Mrs. J. M. Graham, on Washington street.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by gonorrhea, Paxtine has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. large box, or by mail. The Paxton Toilet Co., Boston, Mass.

The Woman's Missionary Society of the Second Presbyterian church will hold the self-denial meeting next Tuesday afternoon at the home of Mrs. Archibald Somerville, on Waller street. The program follows:

Devotional—Mrs. Edgar F. Draper.
Reading—"The Three Boxes"—Mrs. W. E. Gault.

Song—"Count Your Many Blessings." During this song the offerings will be taken.

Reading—"The Burden"—Mrs. William Hoar.

Song—"When Love Shines In," by several members.

Reading—Selected—Mrs. C. E. Dowling.

Song—Society.

All members are urged to bring, or send, their self-denial boxes to this meeting.

Francis Bushman and Beverly Bayne, in "Dear Old Girl" at The Lyric Monday.

Dr. and Mrs. R. O. Lohman were hosts at last evening's meeting of the Friday Evening Card Club at their home on Second street. Mr. and Mrs. Charles Hall and Mr. and Mrs. John Reilly were guests. A dainty repast followed the game. The place for the next meeting was not decided.

The next meeting of the Country Club will be held in two weeks, at the home of Mrs. J. F. Carr, on Second street.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woe, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, N. H. Office Phone 50. Residence A-950.

Dear Dolly—Will you please tell me in the Times how many men were put to death for the murder of Gambler Herman Rosenthal in New York state. B. E. D.

Three.

Miss Dolly Wise—What officials have charge of the High school building, and from what source does the city school teachers get their pay (from city or county), and who pays for roads in Scioto county? (county or state) and what are the duties of county commissioners?

R. E. S.
The school board has charge of the High school. The city pays the school teachers, but a certain sum is appropriated by the state to help pay the teachers. The county pays for road improvements. However, the state helps to improve certain roads. The county commissioners are supposed to look after the improvements of the county roads, the infirmaries, children's home, etc.

Dear Dolly—As you are good at answering most any question sent you, will you please answer this one? Does the one to whom you send a valentine necessarily have to be your sweetheart? Now, I have a lady friend here in town that I know, who is not my lover, but to whom I wish to send a valentine. What kind of a note would be appropriate for the occasion. All I see in the stores are ones that speak of love, yet I don't want to ever think of sending her a valentine of that sort, yet want to send her a valentine, too.

HILL-TOP TOMMY.

Send her a comic valentine and she won't think you are in love with her. Valentines are taken as a joke by most people and not tokens of love.

Miss Dolly Wise—One chap wanted to bet another that the amount of alcoholic liquors drunk in Philadelphia in a year would float a battleship, and the other was willing to bet that it would not. The bet was made and both won. See it? MUTT AND JEFF.

There might not be enough to float a big battleship, but there would probably be enough to float a "battleship."

Sedan, O., Feb. 6.—Miss Dolly Wise—I am a girl of sixteen and am keeping company with a boy 23 years of age. He says he loves me, but I don't know whether I love him or not. How do you feel when you are in love?

WANT TO KNOW.

I don't know how one feels when they are in love, but I do know that some love-sick folks talk and act sort of foolish.

Miss Dolly Wise—Does the U. S. intend to trade with the British, or selling those 30 miles on either side of the Panama Canal. Who would be the proper parties to write to at Washington, and the names of the company at Cincinnati, which is developing the Isle of Pines. Thanking you in advance, I remain, JAMES.

The United States does not intend to trade with the British, on either side of the Panama Canal. They intend to clear it off and keep it as free as possible. I do not know the name of any developing company in Cincinnati, but you might obtain the desired information from The McKinley Development Company, Isle of Pines.

Dear Miss Wise—I have been looking for a quotation, but so far have not been able to find it in any of the quotation books. If you, or any one else can give me any information on the subject, I would be very grateful to you. This is the quotation: "If a man can write a better book, preach a better sermon, or make a better jacket than his neighbor, though he built his house on the sands, the world will make a beaten path to his door." A READER.

Can anyone help this reader?

A Reader—Of course you can see him, and treat him just as you would any other friend or acquaintance. However, if you would rather not, just keep out of his way. It isn't necessary to move.

Dear Dolly—Please give me a recipe for salt beads?

SUBSCRIBER.

Two cups of fine salt, heated hot. Mix with one cup of cornstarch that has previously been blended with one-half cup of water. Put on the back of the stove until it is of the consistency of dough. Color with dye, bluing, oil paint, or water colors. Perfume the mass with a few drops of flower oil and roll into beads. Run on a hairpin or run a common pin through each bead and stick through cardboard. Dry thoroughly and string alternately with gilt or silver art beads. This quantity will make about seven chains, and they will be as fragrant as the genuine rose beads. If black dye and oil of roses is used, you have the veritable "rose beads."

SOCIAL NEWS

Mrs. Frank Veasey was hostess at yesterday afternoon's meeting of the Afternoon Five Hundred Club at her home on Fifth street. Mrs. Louis Corson was the only guest. The place for the next meeting was not decided and it probably will not be held until after Lent.

Francis Bushman and Beverly Bayne, in "Dear Old Girl" at The Lyric Monday.

Mrs. Charles Weyand will entertain her Sunday school class, and their teacher, Mrs. J. J. Hardin, at her home, 1211 Twenty-first street, Monday evening, with a Valentine party.

At a recent hunt you have seen all over the house, under rugs, covers, chairs, ornaments, etc., and have the little folks hunt for them. The one finding the most gets a prize. I went with the boys and have a job to speak a little piece, then a song or tell a story. Children like to do these things, and it's a lot of fun.

Dear Dolly—What is the amount of available men the United States could use in time of war? JAY HAWK.

About 10,000,000. They could draft every able-bodied man and boy in the United States.

William W. Va., Feb. 4.—Dear Dolly—What note would be best for me to take to the San Francisco Exposition. I am going to ride bicycle trains and get there the best way I can. Would like for you to give me a route for me. J. W. W.

Cross the river into Kentucky and take the Blue Ridge to St. Louis, there take the first Rockaway Mountain Express to Kansas City, then take the Hawkeye Night Limited to Denver, over the Missouri Pacific, so they won't drop you in a desert. Then take the daylight train to Olson. From there take a refrigerator car on the Home and Board Fruit line to St. Paul. Better ride the "Blind" baggage whatever possible, so the train crew won't see you.

"The Unpardonable Sin" was the subject of a splendid sermon delivered Friday evening by Rev. Rochester Irwin to a large audience in the Sciotoville Christian church. There were nine accessions last night, totaling almost 100 in a week's time.

Evangelist Irwin said: "It is not because the Holy Spirit is superior to God or Christ that sin against the Holy Spirit is so unpardonable, but because sinning against the Holy Spirit is sinning against the last and present witness of God."

The prophets witnessed in their day. The Christ in the "fulness of time" came to bear witness to the truth, and when he left the earth in bodily form he sent the Holy Spirit to bear witness of the truth.

ALMOST 100 ACCESSIONS IN SCIOTOVILLE REVIVAL

"The Unpardonable Sin" was the subject of a splendid sermon delivered Friday evening by Rev. Rochester Irwin to a large audience in the Sciotoville Christian church. There were nine accessions last night, totaling almost 100 in a week's time.

Evangelist Irwin said: "It is not because the Holy Spirit is superior to God or Christ that sin against the Holy Spirit is so unpardonable, but because sinning against the Holy Spirit is sinning against the last and present witness of God."

The prophets witnessed in their day. The Christ in the "fulness of time" came to bear witness to the truth, and when he left the earth in bodily form he sent the Holy Spirit to bear witness of the truth.

Those who crucified Christ did not commit the unpardonable sin, for Jesus prayed, "Father forgive them for they know not what they do"; and on the Day of Pentecost the crucifiers did receive pardon.

Neither did they who stoned Stephen, beheld James or crucified Peter commit it, for Saul assisted in stoning Stephen, but became converted on the way to Damascus and became the great Apostle to the Gentiles.

But they in the days of Christ, in the days of the Apostles, and today who learn the truth of God made manifest through His Spirit and who sin against their light and knowledge, who having eyes see not, ears hear not, and having minds will not surrender to the truth—in short, those who with the truth of God clearly before

them "harden their hearts" and will not yield, who are inexorable in their resistance to the claims of the Gospel of Christ sin themselves away from God eternally and are lost irrevocably."

The sermon tonight will be a short sermon on the "Four Baptisms":

1. The baptism of John.
2. The baptism of the Holy Spirit.
3. The baptism of the Commission.
4. The baptism of Fire.

Lord's day morning at 9 a. m. three hundred strong are expected to be present at the Bible school. A picture of the entire school will be taken.

Following the school, the evangelist will speak on the subject: "The Children of God."

Every new baptized believer is urged to be present at the communion service, at which time baptismal certificates will be presented.

At 2:30 there will be a mass meeting of men and women at which time the theme will be: "The Test of Time." This will prove Jesus to be the Son of God

This conventional border worked in shades of dull reds, browns and greens makes a charming finish for a heavy gray or brown linen scarf.

The flowers and leaves should be outlined in the long and short stitch. The circles are done in the outline stitch and the dots are worked solidly. Use twisted silk or colored mercerized cotton No. 18.

A table cover in heavy linen or denim is much more effective with a scalloped edge and a design in each corner.

Work the flowers, ribbon and leaves solid, with the dots as eye-lets and the stems in the outline stitch and closely buttonholed. Mercerized cotton in white or colors No. 10 should be used.

A chemise or night dress of soft

nainsook should have the dainty finish of hand embroidery.

This little spray is very effective and is easily worked. The flowers, ribbon and leaves should be solidly embroidered and the stems done in the outline stitch. Use white mercerized cotton No. 25.

DIRECTIONS FOR TRANSFERRING

In taking off these patterns, lay a piece of impression paper upon the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is sheer it may be laid over the pattern and drawn off with pencil, as the design will show through.

No patterns of these designs are available.

For reason and history. Every infidel as well as believer should be present at this service.

In the evening the subject will be: "The Bodyless Hand." This will be a dramatic theme and a searcher of hearts.

Special music has been arranged for these services. There were nine accessions again result-

ed last evening, totaling almost a hundred in a week's time.

Charles Seeley, a well known contracting plumber, who recently recovered from a siege of rheumatism, is again laid up at his home on Second street, below Jefferson.

Released On \$1,000 Bond

William and Walter Silliman, brothers of Franklin Furness, accused of the murder of John Banks, were both released from the county jail Saturday afternoon on bonds of \$1,000 each. They are held to the grand jury on a charge of manslaughter.

Their release followed the preliminary hearing of William Silliman before Judge John W. Byron Saturday afternoon. Coroner Daehler and Sheriff Smith were the only state witnesses. The coroner offered his verdict as evidence, which was in substance that Banks came to his death from a stab wound in the left side, which developed peritonitis. Sheriff Smith testified that Silliman told him at the time of his arrest, Banks came to his home in a drunken condition, and after being ordered out of the house three times, went outside, where he provoked a quarrel with the two brothers. Silliman claimed that Banks was armed with a knife, the sheriff said.

Squire Byron bound William Silliman over to the grand jury on the charge of manslaughter, and fixed his bond at \$1,000. The bond of his brother, Walter, was fixed at \$1,000. He having been bound over last week on a charge of murder.

Security on the bonds are Mr. and Mrs. Joseph Henkel, of this city, and Andrew Hyland, a prominent farmer of near Franklin Furness. Mrs. Henkel is a sister of the accused man.

Presenting Attorney Mielke, who represented the state at the hearing, while Silliman was defended by Attorneys Milner and Seale.

BAPTIZED IN
OHIO RIVER

The following married persons, young ladies and young men, were baptized by Rev. Rochester Irwin at the Jackson street landing, in the Ohio river, at Sciotoville, Saturday afternoon at 2:30 o'clock. Over 200 witnessed the baptism. A number were also baptized by Rev. E. G. Hamilton at the Grandview avenue Christian church at the same hour. The persons baptized are a part of the number of converts secured during 9 days of evangelism:

Misses Jessie Cunningham, Rachel

and Cunningham, Helen Moore, Ursula Patterson, Hattie Atkins, Frances Halstead, Geneva Bender, Gubie Sargent, Daisy Shump, Mayme Smith, Sarah Labert, Garnet Adkins, Dora Adkins, Agnes Allen, Lena Bush, Isabelle Rowley, Stella Gannon, Mollie, Mollie Adkins, Boyd Correll, Ralph Sargent, Arthur Schenberg, James Correll, Raymond Bush, Owen Sargent, Delbert Brown, Vaughn Brock, James White and Mrs. Lena Debecker, Mrs. Maud Lunsure, Mrs. Anna Correll.

NO DAMAGE AT
BUENA VISTA

Word from Buena Vista Saturday was to the effect that although backwater was up to a great height none has yet entered the village or caused any one to move.

BIRTHS

A fine little son was born Wednesday to Mr. and Mrs. A. W. Spangenberg, of Market street. Mr. Spangenberg is a well known B. & O. engineer, and is a son-in-law of the late Detective James A. Bannum.

A son was recently born to Mr. and Mrs. James Morgan, who reside below Buena Vista. Mr. Morgan is a well-known farmer in that vicinity.

A baby son was born to Mr. and Mrs. Walter Mickelthwait, at their home on Twelfth street, Friday night. This is the second son of the household. Mrs. Mickelthwait before her marriage was Miss Blanche Trewhart.

A son, who tipped the beam at 11 pounds came to gladden the home of Mr. and Mrs. David Armstrong, of Sixth street Saturday. Mr. Armstrong is a shoemaker.

A daughter arrived Saturday morning at the home of Mr. and Mrs. Fred Stearns, of 1930 Nineteenth street.

MT. HOPE

John Newman, of Rarden, was transacting business on Mt. Hope last week.

Harry McClary, of Seaman, was visiting John Hill, of Pumpkin Center, Sunday.

Mr. Browning and wife, of Warren county, were business visitors here last week and were guests of Mr. and Mrs. H. S. Hoople.

Mr. and Mrs. Hoople and Mr. and Mrs. Browning spent Monday with Mr. Adams.

A number of people from Mt. Hope spent Monday evening with Mr. Hoople, playing music and singing. Those present were Mr. Adams, Mr. McIntyre, Walter Smalley, Frank Arnold, Oscar and Harry McIntyre, Walter Adams and Perry Smalley.

George Hill is laid up with rheumatism so he is unable to get to his school at Hooper Hill.

Alton Smalley has accepted a position with James Walsh, of Otway as clerk.

Perry Smalley was visiting his uncle, Samuel Williams, of Brush creek last Sunday.

The Sunday school attendance was 31 last Sunday.

SEDAN

The Sedan Brass band met Monday evening at their hall and rendered some excellent music. Thirteen members were present.

Mrs. Hattie McChesney, who fractured her arm some time ago, is slowly improving.

Mr. and Mrs. Frank Cox made a trip to Portsmouth, Saturday, returning home Sunday.

The annual revival at Sedan Baptist church will begin Friday evening. Rev. Long will conduct the meetings.

The Sedan string band met at the home of Dr. Cox Tuesday evening. A large crowd was present and a good time was enjoyed by all.

The revival conducted at Mt. Olive by the Christian Order church came to a close a few nights ago.

Grandma Mercer, who has been suffering from an attack of the grip, is improving.

WAIT'S STATION

H. W. Voley, who has been sick for some time, is slowly recovering.

A large crowd from this place attended church on Dogwood Ridge Saturday night.

Miss Nellie Bogby spent Sunday with Mary Reed and Avenelle Gifford.

Miss Pleasant Aeb is spending a few days in Portsmouth with friends.

Mrs. Geo. Daniels was calling on Mrs. Malinda Downey Saturday afternoon.

John Clingberry was a business visitor in Portsmouth last week.

Miss Nell Ettinger, of Portsmouth, spent Sunday with home folks.

Albert Coghill was a business visitor in Portsmouth, Monday.

Miss Maude Prentiss, teacher of the Wait's school, spent Sunday with her parents at Wheelersburg.

Lewis Schuler, of Dixon Mills, was a business visitor in Portsmouth, Monday.

The Junior class of Wait's Union Sunday school met at the home of their teacher, Gus Ettinger, Saturday evening.

BLOOM SWITCH, O.

Rev. Musgrave, who has been holding revival meetings at this place, closed Tuesday night.

The singing which was given at Sun Haines' Tuesday night, was largely attended and well reported a good time.

Fred Senlock made a business trip to South Webster Saturday.

The funeral of Adam Brant was largely attended.

A large crowd from this place attended church at South Webster Saturday night.

Mr. Alva Martin was calling on home folks over Sunday.

Harry Henning and Miss Bertha Saylor attended church at the city Saturday night.

Miss Clara Moore has returned to Portsmouth after an extended visit with home folks.

Mr. Warren Stockham and family moved to South Webster Wednesday.

Mr. William Smith and lady friend, Miss Zoie Shoemaker, attended church at this place Sunday night.

Mr. Tilton McCoy made a business trip to Wheeler's Mill Monday.

Mr. Telephus Tall Smith has the contract for building Sun Haines' house.

Jesse Pouch is going to Pinson Park, Ky., where he intends to work for Mr. J. Mullin.

Merrell and Clara Stockham are busy hauling coal from the Smith bank.

WEST HAMILTON

Church at the Glades came to a close Wednesday evening, with two accessions to the church. Rev. Musgrave was the pastor.

Albert Pileger, a progressive farmer of the Glades neighborhood, was delivering corn to Oscar Gilliland last week.

Vanell Deeney, who is ill with typhoid fever, is not much improved at this writing. Dr. Dixon, of Stockdale, is the attending physician.

Mrs. Warren Devery, who has been visiting relatives in the Peerbess, has returned to her home at the Glades.

Frank Bowman, an ex-school teacher of Hamilton, was hauling hay from the Jenkins farm, which he purchased last spring. Mr. Bowman says he likes farming.

DRINK HOT TEA
FOR A BAD COLD

Get a small package of Hamburg Brewster Tea, or as the German folks call it, "Hamburg Brewster Tea," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink it, pour through a sieve and drink it, pour through a sieve and drink it. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

much better than school teaching. Frank Herrmann, who has been on the sick list for some time, is able to be out again.

The public sale given at Cochran's Saturday, was well attended. He will move to the northern part of the state in the near future.

John Funt was assisting his brother Will out saw logs Wednesday.

Ishmael Dixon and John Jenkins delivered some wheat to Henry last week, where they received \$1.25 per bushel.

Morton and Oris Riegel, of Sand Ridge, were Jackson visitors Friday.

Mrs. James Jenkins was visiting her brother, Simpson Shear, of the Glades, Saturday.

Peter Yunger, of Sugar Run, passed through this vicinity Friday with a load of corn.

DUTIEL'S CORNER

Mrs. Frank Hunter was calling on her mother, Mrs. Isaac Huntington at Lynn, Wednesday.

Mr. and Mrs. Sherman Ruth of Lilly visited over Sunday with their parents, Mr. and Mrs. F. W. Ruth.

Clifford Knapp, of Lowellville, attended church here Saturday and Sunday night.

Dora Ruth spent Sunday night with Mr. and Mrs. J. W. Jenkins.

Misses Annie Marie Sommer and Laura Jenkins of Lilly, are visiting friends and relatives of this place.

F. W. Ruth made a business trip to South Webster, Friday.

LOCAL GERMAN'S VIEW OF THE WAR

By Major Lewis F. Korth, Former Editor of The Correspondent

Friday, February 5, 1915.

Great submarine and Zeppelin war in London and Paris, but no battles reported from the western front of war, although advice about big shifting of troops in the German region have held us on the qui vive for the last two weeks. Nevertheless there has been no let up in activity on the long line. In the western part of the Argonne hills, near St. Menchoud, the Germans have taken considerable ground from the French with about 800 prisoners and 22 small guns. London says, "French admission of a serious reverse in the Argonne is made in the 'official' Communiqué from Paris. Not even at Soissons where the Germans forced the French to retire across the Aisne with heavy losses on January 14, did the French war office own to such heavy casualties." One French infantry regiment, the 155, was practically annihilated. (The almost impassable Argonne protects Verdun to the west.)

Yesterday the German General Staff reported that on Wednesday more ground was taken in the Argonne with 600 prisoners and 15 guns.

In the wooded heights of la Craonne on the Aisne, near Soissons, where the Saxons two weeks ago stormed the village La Crotte, a three days' engagement has taken place, from Monday morning to Wednesday night. The French had to evacuate the whole plateau with the loss of 1000 prisoners and several guns. Severe fighting with the Anglo-Indian-African contingent in the canal zone at Labussee and around Nieuport have taken place. The Bavarians fought a force of Moors and Algerians on the Dunes north of Nieuport and buried three hundred of them.

In the Vosges hills, where the French are very active, several of their attacks at Aspach, Heidweiler and Murbach were repulsed. Thann has suffered severely from a German bombardment.

In the east the Carpathian campaign for the possession of the main passes from Galicia into North Hungary is of paramount interest just now. After clearing the Tisza from the Austro-Hungarian forces, the Austro-Hungarian forces have taken the main passes from Galicia into North Hungary is of paramount interest just now. After clearing the Tisza from the Austro-Hungarian forces, the Austro-Hungarian forces have taken the main passes from Galicia into North Hungary is of paramount interest just now.

The extreme left wing of the RUBBER HEELS WON'T CURE YOU

Artificial means won't bring the "springy step" of good heels. You must get to the bottom of the trouble. General weakness, that tired feeling, sleeplessness, nervousness, many so-called "female complaints," are only natural ways of warning you to look after your kidneys, bladder and bowels. If your kidneys and bowels are not throwing off the poisons from your body, you will notice it in a general feeling of tiredness, backache, body blotches, and head, stomach disorders, or inconvenience and pains in the urinary tract. It may be gravel, or stone in the bladder, or uric acid crystals are beginning to form.

You can readily stop this at once by going to your druggist and inquiring for his supply of a box of GOLD MEDAL HAMMILL'S. They act quickly, and immediately attack the poisonous poisons that are clogging up your system. For over two hundred years they have been helping others. They are tried, tried, tried every-where. Reliable druggists in sealed boxes, 25c, 50c and \$1.00. Money refunded if they do not help you. Write for counterfeits! Make sure name "GOLD MEDAL" is on the box. Also our name, General Hammill Oil Mfg. Co., American City, 101 Water Street, New York City.

Russian army in Bukovina has been driven back to Ragoutz. An attempt of the Russians to flank the army of Archduke Franz Joseph at Novy Sandec on the Donajek river, west Galicia, for a new advance on Cracow via Tarnow has failed and their communications are said to be threatened.

General Hindenburg is slowly pushing his trenches toward Warsaw for the siege. He drove the Russians out of their advanced ditch at Bolimow on the railroad from Lodz to Warsaw, about 25 miles west of the main forts, as Petrograd has admitted, and is now attacking their second line. Russian heights have been taken. A bloody struggle is going on for the possession of Wlasyzy. Since the first of February the Germans have taken 4,000 prisoners and 16 machine guns.

On the Prussian frontier the Russians are not makingattering progress toward Thorn. Hindenburg's base. Berlin says they have been defeated at Kussen near Gumbinnen, East Prussia, at Darkehmen, on the Masurian lakes on the Lake Loowenstein. They hold some territory in the barren northeast corner of Prussia near the Baltic, open country which has not been earnestly defended, and claim to have taken the small town of Palkallen. Germany does not seem to be alarmed over "the sweep of the Czar's army toward Koenigsberg," as London reported last week.

Vienna speaks of the resumption of hostilities in Eastern Serbia, following a period of quiet enforced by floods. A large Austro-German force under Archduke Eugene has been concentrated from Telsia to Shifka where Serbian, Bulgarian and Rumanian territories join.

The reports from Petersburg and Constantinople about the operations in the Caucasus and Russian Persia are very conflicting. The Turks claim that they continue their offensive successfully in both territories and drove the Russians at Olti, Petrograd says that the Russians have retaken Tabriz. The London press bureau is wiping out Turkey with a splash pen.

From Egypt new skirmishes on the caravan route to the Suez canal between Turkish and Anglo-Indian Cavalry are reported. At El Kantarah the Turkish positions were bombarded by British cruisers on the canal and the Australian contingent received its baptism of fire. The Turkish main force has reached Ismailia. The Turkish fleet on the Black Sea, which Petrograd has wiped out several times, made several new attacks on Russian ports. The Russian fleet has checked the supply of the Turks in the Caucasus by water, however, and the latter are building a railway from Angora to Siwas for transportation purposes.

The demonstration that German submarines can operate as well on the west coast of England, a thousand miles from their base, as on the east coast and in the channel, as was done by the U. S. 21 off Fleetwood, which torpedoed three English vessels, makes German naval men think that the British policy of starving the German people into submission will recoil on Great Britain herself.

The essay that Germany's eighteen new powerful submarines, which have a steaming radius of 2,500 miles, can paralyze British shipping. The immediate effect of this submarine raid was the partial stoppage of communication between Liverpool and Belfast and a considerable rise of freight and insurance rates.

Germany has declared a blockade on the English and Irish coasts.

"Le Devoir," organ of the French Canadians, says about recruiting for the British army in the French part of Canada that not more than two per cent of re-

ruits sent over are of French origin, and the opposition to any more going is now becoming open. The editor of the Devoir (Henry Bourasse) at a recent meeting in Montreal, fearlessly declared "Why should Canada send her young blood to fight the battles of an Empire when she has no voice in the government of that Empire. England must give us representation in her parliament before she can call on us for soldiers. It is folly to talk of doing away with German militarism by perpetuating British navalism. No nation has a right to hold dominion over the whole world, England not any more than Germany."

"Don't fear, Germany has copper and iron enough to last her for thirty years," is the statement made at the convention of the German Metal Founders' Association in Dusseldorf by its secretary.

"Germany has grain enough until next harvest. The new economic policies are proving effective. It will save the country from need this and next year." This is the assurance given by the Prussian minister of agriculture.

Great Britain will not allow foodstuffs to go to Germany, although the German government has guaranteed that they will not be used for the army. So Washington has been informed by the British Ambassador. What are you going to do about it?

Our copper producers say that they have lost fifty per cent of their export business by the British Order in Council declaring copper absolute contraband. Germany has used most of their production.

According to figures of the Statistical Bureau of France the territory occupied by the German army in Northern and Eastern France has 3 1/4 millions of population and an economic value of 14 1/2 thousand millions of dollars.

Italy has mobilized troops for the occupation of Western Albania. Former Prime Minister Giolitti is certain that Italy will remain neutral, as it can gain more by neutrality without a risk than by war.

Austria has taken the bull by the horn and demanded from Rumania to cease her agitation in Transylvania. As a large German-Austrian force is operating in Bukovina and at the Serbian frontier, at the very door of Rumania, Austria can at once back her demand with force if necessary, but as Rumania according to Berlin despatches, just lately has agreed to sell Germany all the wheat she wants provided she furnishes the rolling stock to move it, war between the two seems unlikely, because a country going to war with another one will not provision her. Besides Bulgaria stands ready to enter the arena and fight for Macedonia which Serbia took from her in the last Balkan war. A declaration to that effect has come from Sofia.

By government report of the status of Savings Banks in the German Empire deposits in 1914 have increased by \$250,000,000 over those of 1913.

There are no less than eighteen airship stations in Western Germany and Belgium alone.

For the last six months we have heard a great deal about Italy and Rumania entering the war on the side of the Allies, but nothing of Sweden and Norway, although the sympathy in these two northern countries has crystallized in the demand of the press to join Germany, for her death would mean death to them from Russia as well.

The New York Herald says, "The recent loan of Russia in New York was financed in this way: The Russian Ambassador signed the notes representing the loan, they were then discounted by a private bank, whereupon they were rediscounted by the Federal Reserve Bank of this district."

General von Heringen, com-

mander of the German Rhine army, has lent his artillery horses to the French peasants for field work and details soldiers to help the women, whose men are in the army. The seed for the coming year was furnished them and was sown under the supervision of German experts who told the people what to sow. This does not look as if the Germans were to withdraw before they intend to.

The Austrian government will institute a grain monopoly the same as Germany has done. For the army there is enough wheat and rye to last until the next harvest, but forage is getting scarce. Speculators have bought up enormous quantities and the big farmers are hiding theirs. Want can be lifted by confiscatory measures, the minister of agriculture says.

"The food question is becoming desperate in England," says the executive committee of the British Federation of Trades, which charges the Asquith government with failure in remedial action. Like Germany it may have to come to extreme measures and take possession of all produce and foodstuffs, which it is empowered to do under the emergency act, passed by parliament at the beginning of the war. And it is not breadstuffs alone which is getting scarce. Among other necessities, fish, an essential aliment of the English people, have doubled and trebled in price, and so has cheese, of which the army is using enormous quantities. Freight on commodities of life are very high and cargo insurance rates are raised after every raid on England's coasts and shipping.

All German missionaries in British India and East India, Leipzig and Basle missions, under 50 years of age have been interned as prisoners of war.

In the last days of the Franco-Prussian war General von Werder defeated in the three days' battle on the Sauerland with 43,000 men and 114 guns General Bonbrakis new army of 150,000 men and 460 guns and drove it over the Swiss border. That shows what a well organized army of veterans, although inferior in numbers and artillery, can do under good leadership.

James F. Archibald, the noted American war correspondent, who has made a study of the German army at the western front, says its organization is the most perfect in the world. "In the end it is always organization that succeeds and I am convinced that it will be the German organization which is going to win the great battle in the end," he says. "Nothing remains undone in that army. No detail is overlooked. Each individual soldier has an absolute and natural faith in the all-conquering power of the German arms. And this faith alone can win battles."

The U. S. Army and Navy Journal, certainly a better judge of military matters than the kindergarten paper strategists, who stumble at every step in European geography, says, "Germany holds the interior strategic position. It has had thus far the advantage of its enemies in equipment for war, the means for the rapid movements of troops and other resources. All these factors count heavily against numbers. If both England and France have been short of war equipments how much it be with Russia, which depends largely upon the United States and Japan for its war supplies."

The state department at Washington has given out that of the thousands of Belgian refugees in England not a single one has made complaint of maltreatment by the German soldiers. The British government, after investigation, has advised the United States Ambassador in London that all the atrociously charges emanated from hysteria and prejudice. The Belgians had to suffer much

from the war, but not from the brutality of single soldiers. This is the result of an official enquiry.

Belgian snipers (bushwhackers) fired upon German soldiers from ambush and the Germans retaliated by burning the houses from which they were attacked. That is the law of war and none of the horrors and cruelties of it.

In the United States where the atrocity fakes have been widely circulated to create prejudice and enmity against Germany, people are waking up to the truth. In November last the New York Herald published a series of these fakes, mostly English reprints, and among them a letter, in which was stated that in the London Alexandra palace, now an army hospital, there were ten Belgian children with only two hands between the lot and men with their eyes gouged out by German soldiers. A German of New York took up the matter and received a statement from the war refugees committee in London that in the Alexandra Palace Hospital there had not been a single case of mutilation.

The horrible story of Kate Linné that German soldiers cut out her sister's breasts, after ravishing her, was investigated by the British authorities themselves and the fact established that the woman had never seen Belgium.

Dr. Bernhard Dernburg, former Colonial Secretary of Germany, now lecturing in the United States, in an interview published in the New York American, meets Andrew Carnegie's assertion, that Germany committed an international crime by invading Belgium, with quoting article 6 of the English official White book of September 28, 1914, in which is said: "We have to judge Germany's position correctly. Her action was not unwarrantable. In a war with France Belgium was a decisive factor in it was life or death for Germany. Her fear was that if she did not invade Belgium France would overrun her." That Germany's fear was well grounded has been proven by the documents which were found in the Belgian state archives. Dr. Dernburg cites another war document of importance, embodied in the German White book but never published in the United States, the last despatch of the German chancellor to the German ambassador in Vienna before the declaration of war, on July 30, 1914: "We can't expect Austria-Hungary to negotiate with Serbia because it is at war with that country, but to refuse to treat with Russia would be a grave error that would put us in a position of uncertainty. If the Austro-Hungarian government does not follow our advice we must resist being drawn into a world's war." This shows conclusively that Germany up to the last hour tried everything to evade the war, that it did not jump into it with both feet.

To justify the mobilization of the Hollandish army Dr. von Lindden, the minister of war, declared in the Dutch parliament that England was gathering a big army which some day might appear under convoy of her fleet in the Scheldt, the mouth of which is on Dutch territory, and after reducing Antwerp take the Germans in Flanders in flank and rear. That the Germans themselves count with such an eventuality is shown by the fact that they have rebuilt the fortifications of Antwerp.

Ed Shump, local real estate dealer, announced Saturday that he would pilot another party of local investors to Fellsmere, Florida, leaving here on Tuesday, February 10. This party will go by way of Cincinnati and Chattanooga and will be gone ten days.

"Home of Character", No. 104

A HOUSE FOR A NARROW LOT

This house is designed for a narrow city lot, and possesses a degree of character seldom obtained in a house so small as this. It is built of frame construction with walls of lap siding and roof of shingles.

The floor plan is compact without waste space. The living room has a mantel on its longest wall with a large opening in the opposite wall to the dining room. As in No. 105, it has a porch from the rear of the living room overlooking the garden, a similar stair arrangement with a grade entrance to the basement and a refrigerator placed at the end of rear hall.

The kitchen is well lighted and complete in all its appointments, with the sink directly under a window. The rear hall and closet off the dining room can be thrown into the kitchen if desired, increasing that room to 11 1/2 x 12 feet. The alcove off the dining room, with a table and built-in seats, is very attractive, and makes a cheerful breakfast room. The second floor contains three good-sized bedrooms, a bath, linen closet, ample clothes closets and stairs to attic. Basement under entire house.

Cost \$2700. Can be built for \$1500 to \$3500.

No. 104—Size 24x32 feet.

By special arrangement Mr. Newson will answer, FREE OF CHARGE, all inquiries of Times readers concerning HOMES OF CHARACTER. Be sure to give the number of the house concerning which you inquire. Address all letters to John Henry Newson, Homes of Character Dept., The Times.

Minister also would smell the breath of all young men who call on his daughter.

Says Christ Would Dump Some Things In Churches In The River

"If Jesus Christ should come to Portsmouth and pass some of the churches in this city, he would call a moving van and take some of the things, pool tables, etc., out of the basements and dump them into the Ohio river."

"Some people are so crooked that they can stand with both feet in the church and stick their heads in a saloon to drink."

These are some of the striking things that the Rev. W. V. Harter said last night in the revival that is being conducted at the United Brethren church, and which is attracting good-sized crowds.

Rev. Harter is creating much enthusiasm and the special services will probably be the best ever held in the local church. Three were converted last night.

Rev. Harter took for his theme last night "The Church That the Devil Hates," and among other things said:

"The Bible doesn't say Christ loved secret societies, as good as they are, and other institutions, but that he loved the church."

"There is only one place to be saved, and that is at the Cross."

"I would like to shake hands with Mayor Frick for his attitude on the boxing question, and I would like to kick the mayor of Cincinnati."

"The world is looking for a church that has character."

"Character is shown in your

PLAN FOR LINCOLN DAY

Members of the Afro-American League are planning to observe Lincoln Day on Thursday evening, February 11, when the virtues and good deeds of the great emancipator will be extolled in song and oratory. A committee has been named to arrange a program for the exercises, which will no doubt be well attended.

KENDALL AVENUE SCOUTS MEET

The Scouts of the Kendall Avenue Troop held a very enthusiastic meeting last night at the Kendall Avenue church. Mr. Cook, assistant scout master, read several chapters from Dan Patch, which was followed by a talk by Mr. Huisel, Scout master. Mr. Kinsey read an account of one of the ball games of this troop last summer.

The chief event was a debate, "Resolved, That the United States should maintain a large army and navy." The negative side, with Scott and Worthington won, against Bromley and Lewis, for the affirmative side.

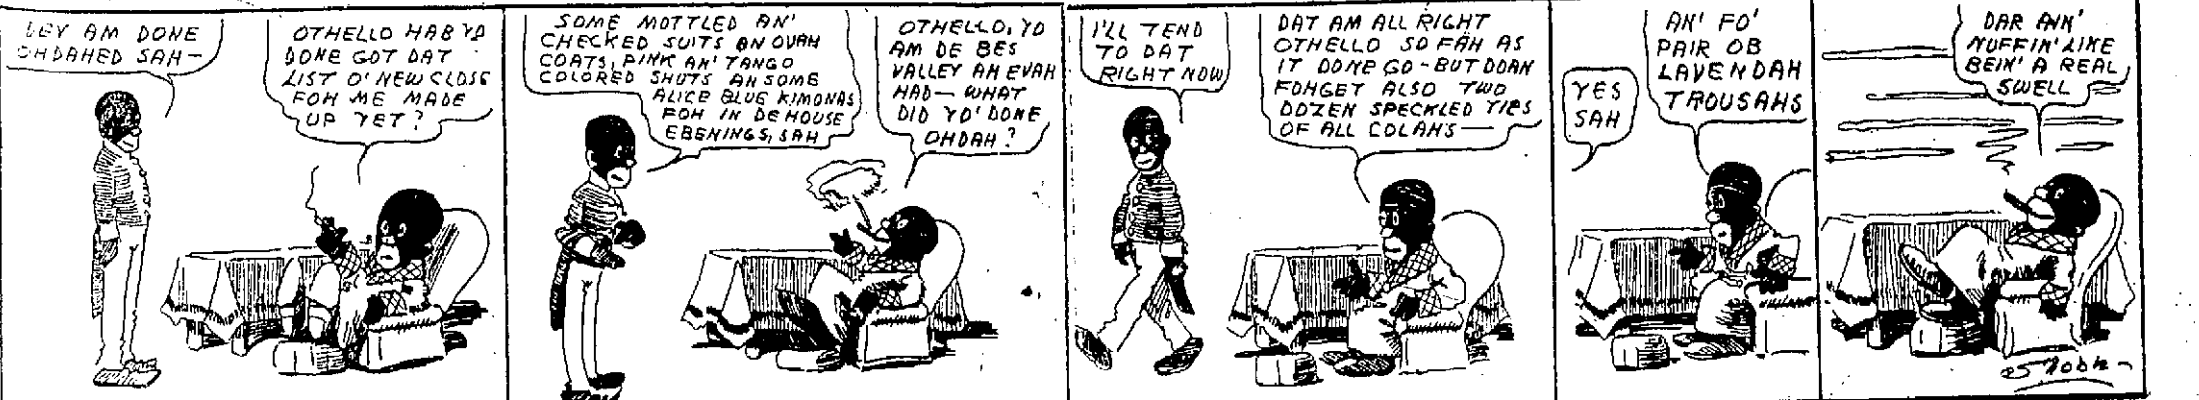

Several new members were received, and another debate will be pulled off in two weeks.

Mrs. Ed T. Welch, of Glover street, has recovered from an attack of appendicitis.

"DO IT NOW-HELP UNEMPLOYED"-THAT'S THE SLOGAN

"Do it now—Help the unemployed"—this is the slogan for the property owners to adopt and follow during the months of February and March.

Think it over! There are hundreds of carpenters, paper hangers, painters, plasterers, and masons in Portsmouth who are entirely out of work—who have big families depending

upon them—men who are strong of brawn and experts in skill who have absolutely nothing to do.

NOW—right now is what is interesting these unemployed mechanics!

And NOW—that is what should interest you, Mr. Property owner!

You, no doubt, have been planning to have certain repair work done when spring

opens up. Probably your house needs painting, maybe you expect to repaper your home, you are probably considering too building an addition, or expecting to erect a new house. Probably you intend to put down cement sidewalks—anyway, you are going to make certain improvements — W H E N SPRING COMES! Why not DO IT NOW—WHY NOT

HELP THE UNEMPLOYED NOW?

The concerns represented on another page all favor the DO IT NOW CAMPAIGN! They have entered into the spirit of the occasion in a right substantial manner. Quite a number of them have offered liberal inducements. It is up to the property owners to take advantage of these special inducements and which will result in giving employment to many of Portsmouth's best citizens.

Anyhow, did you know, Mr. Taxpayer, that you can build a house for less money right now than you could two years ago—even one year ago? Well, it's a fact. Lumber is much cheaper, and this coupled with the fact that paint, paper, cement, plaster,

lath, etc., are selling cheaper, makes the proposition a very interesting one.

The following concerns have acted: Si Straus, Salvage, George Freund, River City Lumber Co., Hager Pharmacy, The Art Shop, Alex M. Glockner, Sam Schloss, Edward Brehrer, Corner Book Store, Brandon Book & Stationery Co., Excelsior Cycle Shop, Henry

Rottinghaus, Central Hardware Co., H. Leet Lumber Co., Hibbs Hardware Co., Pure Drug Co., J. F. Newman & Son, Wanless Planing Mill, D. L. Webb Lumber Co., Abbott Paint and Wall Paper Store, Dave Stahler, Stewart's Cut Rate Medicine Store, and Charles Conklin, contracting carpenter.

Read the advertisements on the opposite page—they

will tell a great big story and the concerns represented are managed by men of experience, who live up to every statement made. They stand ready to do their part, and it is up to you, Mr. Property Owner, to do yours.

Remember the slogan "DO IT NOW-HELP THE UNEMPLOYED!"

"WHY DOESN'T GOD KILL THE DEVIL," WILL BE THE SUBJECT OF SERMON

Another splendid audience greeted Rev. C. E. Griffin, who is conducting a very successful revival in the First Baptist church, Friday evening. Rev. Griffin, who is an able pulpit orator, delivered a soul-stirring sermon on the subject of "The Only Salvation." There were two conversions at the close of the service.

Rev. Griffin left Saturday for London to conduct the usual Sunday services in his church there. He will return here Monday and his subject for Monday night's sermon will be "Why Doesn't God Kill the Devil?"

Thos. Conroy Leaves American Laundry

Thomas Conroy, after 10 years of faithful service, has severed his connections with the American Laundry. Mr. Conroy had intended to remain with the company until Tuesday, February 9, but he was not quite ready to divulge his plans for the future.

Local Elks To Give Boat Excursions

Following their annual custom the Portsmouth Lodge B. P. O. Elks will give two excursions on the palatial steamer Island Queen, the dates being April 26 and April 30.

These excursions will not interfere with two excursions the Elks will give on the steamer Homer Smith. The dates of the excursions are May 3 and 4. The Homer Smith is due to arrive at the local wharf early this evening and the officials of the boat will tender members of the local lodge of Elks an informal reception.

Howard Graf, of the German Evangelical Sunday school, will speak at the Second Presbyterian church Sunday morning. His subject will be "An Appeal for Portsmouth Boys."

Your Health Needs Attention

especially at this season of the year when it is really necessary to guard against the quick changes in temperature and the inclement weather

You should keep your strength and vigor up to the highest possible standard so as to be well fortified against any sickness that might threaten you.

To that end, pay strict attention to the Stomach, Liver and Bowels and at the first sign of any weakness take

HOSTETTER'S STOMACH BITTERS

It is a splendid tonic and appetizer and will help Nature wonderfully towards preventing a spell of Indigestion, Constipation, Biliousness, General Weakness or Malaria.

NO HEADACHE OR NEURALGIA PAIN

When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer. In a few moments you will feel fine—headache gone—no more neuralgia pain.

EXAMINERS FINISH THEIR WORK

Examiners Porritt and Thompson of the state bureau of accounting, finished their inspection of the county offices Friday evening and left for Columbus Saturday. Attorney Follett, from the Attorney-General's office, who came to investigate some of the findings of the examiners, has also returned home. It will be several days before the report of the examiners will be made public.

LOCAL MAN ARRESTED

Hugh Nichols, a married man, who for some months past has lived in the Elk building, this city, is under arrest in Trenton, for alleged peddling obscene pictures. Miss Leona Smith, a Kentucky girl companion of the man, was also taken into custody and held as a witness.

NEW BOSTON

Rev. Joe Mannin will have charge of the Sunday evening services at the Christian church. Bible class No. 1 of the Christian church will give an ice cream social next Thursday evening in the church.

The W. O. W. social scheduled for Saturday evening in the Davis hall has been postponed on account of the high water until February 27.

Mike Pringle, foreigner, arrested on a charge of drunkenness Thursday was released Friday on part payment of his fine of \$4.80.

The W. O. W. Circle will meet Saturday evening at the home of Mrs. Thomas O'Neal on Gallia street.

Frank Taylor, ex-councilman, who was appointed inspector of the installation of the village water system Friday night is an experienced man in the line of pipe fitting. He was employed in a steel plant as pipe fitter for a number of years. His salary is \$75 per month. The work will last about three months the time limit Engineer Harper has set.

Earl McKinley, clerk at Corbett's pharmacy resumed his work Saturday after being gripped for several days.

Clerk of Council Thomas O'Neal who was authorized to appoint an assistant to help him serve notices on the property owners along the ten streets to be improved stated Saturday that he would probably name Grant Dixon as his helper.

All members of the Socialists local are requested to be present at the meeting to be held in Davis hall Sunday afternoon.

George Mitchell of the West

NEW BOSTON RESIDENTS GET A TASTE OF FLOOD

Water for the first time since the flood in 1913 was on Ohio avenue in New Boston, Saturday morning. The water was in the gutters and on the sidewalks on this street between Rhodes avenue and Stanton avenue. The backwater reached the houses on the north side of West Rhodes avenue Saturday but none of the residents were forced to move.

The John Sanford grocery on West avenue was entirely surrounded by water late Friday night. Water is four feet deep in the house which was occupied by Mrs. Ella Perry and children and Mr. and Mrs. Harry Bane.

Other houses in this low lying district have water on their floors. The homes on the north side of West Stanton avenue and East Stanton avenue between Vine and Ohio avenues were surrounded by water late Friday night.

It would take a little over a foot more to put this water in the Christian church. Mayor J. S. Davis' store cellar is flooded and the water came within 16 inches of getting into the store.

The living rooms in the basement of Mrs. A. J. Bailey's home were flooded early Saturday morning. Mrs. Bailey's home is the only one to suffer from the water on East Rhodes avenue.

There was over a foot of water in the basement of the fireproof Stanton avenue school Saturday noon.

The unusual incidents of this high water is the coolness displayed by the foreigners in the flooded district. They followed the example of others near them and built rafts and enjoyed the pleasure of rowing and paddling their crafts about on the backwater. The water was up to the top steps at several of the foreigners' homes but they showed no fear and began to put their household things up out of danger.

New Preacher At The First Christian

No doubt a splendid audience will greet Rev. Reugor, of Carls, Ky., who is to occupy the pulpit at the First Christian church Sunday morning and evening. Rev. Reugor, who formerly was pastor of the Central Christian church at Portland, Ore., for five years, is without a doubt one of the strongest ministers in the Christian church brotherhood.

As a pulpit orator, he has no superior, being a man big of brain and backed up by a big body. When at Portland, Ore., he had the reputation of being one of the biggest ministers on the Pacific Coast, giving up his charge there and leaving in Carls, Ky., owing to his health declining. He writes, "I am glad to say that I have been completely restored to vigor and power and that I am anxious to preach for the local church tomorrow. He will teach the Bible lesson to the adult classes. The regular minister, Rev. Clayton S. Brooks, who is in Lima, is a personal friend of Rev. Reugor and recommends him most highly.

Side, brother of Mrs. Francis Anderson of Gallia pike was taken suddenly ill while at work Thursday evening and had to be moved to the Anderson home where a physician attended him. He is suffering with pleurisy at his home on the West Side.

Miss Enid Hanover and Florence Reynolds were visitors at the home of Mr. and Mrs. John Hanover of Stockdale Friday.

Alfred Hayslip was the first one in the village to receive a drenching in the high water. En route home Friday evening he stepped into water up to his waist and let out a cry for help. Outside of a slight cold Hayslip is none the worse for his experience.

J. R. Bender traveling agent for the Breese Manufacturing company has returned from a business trip to New York. He will leave Sunday for South Carolina.

The board of health will meet Tuesday evening in a special session. Steps will be taken to remove the debris left by the high water.

The employees of the steel plant received their pay checks Saturday.

My Doctor Said

"I would never get well," writes Mrs. Jennie Casady, of Brimhurst, Ind. "For years I suffered with different forms of womanly troubles, and had pains all over—especially in my head and back. I was not able to do my own work. My heart bothered me, and it seemed like everything I ate would turn sour. I suffered misery every month, and could scarcely drag around. After taking 6 bottles of CARDUI, in two months' time, it cured me. I recommend CARDUI to all my friends. I wish all suffering women would try it as I did, for they would certainly be benefited." Don't neglect your troubles.

The Sun

The immortal story of "Faust" has been played many times by the Barrett players, and is to be produced at the New Sun Feb. 8th, 9th and 10th, where they are now playing such a successful engagement that almost everybody, man, woman and child in town, has been there many times. Mr. La Benz is to play "Faust" to Mr. Carroll's devil. Dime Miracles is in the hands of Lelia Hill and Miss May does "Marguerite". It was learned from Mr. Lee, manager of the Sun, that Mr. Barrett carries a complete electrical broken scene, and that he has all the proper scenery and costumes and details for presenting the great stage story in true shape.

The entire production was built by Charles Hunt, and painted by Thurman Bray, produced and costumed by Edmund Carroll, while the electrical effects are by Mr. Hunt. It will be a rare opportunity to see one of the biggest spectacular plays ever staged, while the prices will remain the same, 10, 20, 30 and 50 cents.

There is not a theatre in the country that could offer a better program of pictures than you will find at the Lyric next week, because there are no better pictures made. Francis Bushman and Beverly Bayne in "Dear Old Girl", on Monday, is a heart-rending picture—you'll say it's one of the most impressive you ever saw. "The Hair of Her Head" a Vitaphone comedy on Monday also. Something to make you laugh and something to make you cry.

Tuesday brings that fascinating and irresistible star, "Marguerite Clark" supported by Harold Lockwood and a company of superior merit, in Mark Lee Luther's powerful story, "The Crucible" in five parts. Miss Clark attains the most distinguished triumph of her career in "The Crucible," the pathetic portrayal of a soul's ordeal in the melting pot of suffering, from which fiery furnace it emerges unscathed, and strengthened by its agonies. Miss Clark portrays the role of little "Jean Fauschaw" at first boyish and tomboy, unjustly condemned to a reformatory, but who later triumphs over the shame of her imprisonment, returning good for evil to those who worked havoc with her life. A story of real life, sentiment, and pathos, good and evil, and a wonderful love is vividly unfolded in this unusually strong picture. It is the most expensive and most successful of "The Famous Players Co." productions to date.

Wednesday brings another "Famous Player" production in which Daniel Frohman features the famous American Actor William Courtright, in "The Better Man," by the distinguished playwright-author, Rev. Cyrus Townsend Brady, a story of the tremendous struggle between two elegantly for two great prizes, a tale of unique rivalry, a dramatic romance. There are four parts. Thursday brings beautiful Irene Hawley in a love story and fairy tale, "The Lady of Dreams", and Friday's feature is the Vitaphone Dramatic triumph, "Two Women", featuring Anita Stewart,

Friday is regular weekly Paramount Day, the day that all picture lovers look forward to. The Paramount feature for next Friday is a most enjoyable live-reel production of "False Colors", with Lois Weber and Phillips Smalley in the principal parts, and it is a picture of usual Paramount perfection.

The Master Key Series at Brady At the Brady theatre tonight will be shown the third episode of "The Master Key" serial story. It is a story of love and light for the "Master Key" mine. Ella Hall is featured with Robert Leonard. Also a two reel detective drama produced by Francis Ford and Grace Cunard in "The District Attorney's Brother." You can always expect a grand detective drama with these well known stars. For next Tuesday Manager Brady has secured a splendid two reel Western drama in which a band of Indians and cowboys are seen in a terrible battle.

At The Temple "The Old Fisherman's Story" is the offering of the Temple theatre tonight, an appealing story of a young man urges Ben to leave the Gypsy Queen.

The third reel entitled "A Lucky Disappointment", a dramatic tale of how a young man won his father's consent. The fourth reel entitled "The Record"

Julia Swaine Gordon, Harry T. Breaker," proving that great minds run in the same channel. Watch Monday's big show.

Good Things Next Week At The Columbia

The Columbia has provided a program for next week that is certainly worthy of your most earnest consideration; starting with tonight when they present "The Sage Brush Girl", a Broadway star feature, in three thrilling reels; you may ask "What is a Broadway star feature?" It is one of a series of specially produced pictures by the Vitaphone Company, every one of which have their initial showing at the Vitaphone Theatre on Broadway, New York, before they are booked to exhibitors, and this picture tonight is the first of this series of great pictures which will be shown from time to time at either the Columbia or the Lyric theatres.

For Monday, "The Tell Tale Hand" a three reel picture taken from one of the latest prize stories in "The Ladies World" will be presented; this is an interesting Western prize story, featuring Mr. J. M. Anderson (Broncho Billy) and is a picture chock full of life and thrilling situations.

On Tuesday and Wednesday good programs will be shown, and while you may not term them as real feature programs, nevertheless you will find good pictures on each of these days. "The Spoilers", that wonderful picture of Alaska in nine reels, which was shown at the Columbia a few weeks ago to capacity business, and which was the talk of the entire city, will play a return engagement here on Thursday, it having been recalled at the request of many who were unable to see it the first time. As before, only two performances will be given, neither at 2:00 and one evening show promptly at 8:00 o'clock. Reserve seats for this great picture will be put on sale at the theatre on Monday morning at 9:00 o'clock.

Friday is regular weekly Paramount Day, the day that all picture lovers look forward to. The Paramount feature for next Friday is a most enjoyable live-reel production of "False Colors", with Lois Weber and Phillips Smalley in the principal parts, and it is a picture of usual Paramount perfection.

THE MOTOR FUEL AND LUBRICATING CO.

GALLIA AND OFFICERS STREETS

WOMAN INFLUENCED AUTO MANUFACTURING

Much of the rapid evolution of the motor car from a one-lunged contraption of pain and sorrow to a smooth-running, luxurious vehicle can be attributed directly to feminine influence. Woman has demanded and has been accorded her place in motordom, just as she has demanded and received practically everything else she wants, except the ballot, and doubtless she will eventually get that, as well.

Motor car manufacturers who fail to heed feminine requirements have not made the success they might otherwise have achieved. In many cases it is the final decision of a woman's wife, sister or sweetheart that settles the question of the car he is going to buy. Consequently, it is only natural that we should consider the needs of woman in the design and construction of our cars.

From a woman's standpoint, a motor that requires laborious cranking by hand is a relic of barbarism. She dislikes putting around with gasoline tanks and matches in order to turn on the lights. And her aver-

sion to the car that does not do away with these unpleasant tasks is more than a mere whim. An automobile without complete equipment is as inconvenient as a suit without buttons.

The electric starting and lighting system has reduced what was formerly manual labor to the simple pressure of a button. Upholstering has been deepened, springs lengthened and improved and the riding qualities enhanced in many ways to make her more comfortable. Rain vision windshields of the ventilating type protect her from the elements. Foot rests, robe rails and many other accessories and refinements that settle the question of the car he is going to buy.

If she desires to drive the car herself, a switchbox places the ignition, lighting, starting, and horn controls within comfortable reach of her hand. With a slight pressure of the finger she starts the car, turns on the head, side, tail or dash lights and sounds the electric horn. She does not have to bend down or

stretch from her position once while driving.

All indicating devices, including the magnetic speedometer, oil sight feed and ammeter, together with the carburetor priming button, are neatly and conveniently arranged.

With these advantages, the woman driver is given all the assurance of an experienced chauffeur.

RILEY DOWN FROM IRONTON

Ivan Riley came down from Iron-ton, Friday, to call on local friends.

Mr. Riley was formerly located in this city, but has lately been operating a garage at Iron-ton and has been meeting with much success.

On his trip down, owing to the Ohio river encroaching on the road, he was forced to detour via Hecla Furnace.

When moving day comes call the Interstate vans. 30-10

CADILLAC MAKES A HIT

That public interest in the Eight-cylinder Cadillac is widespread was plentifully evidenced throughout the week of the Chicago Automobile Show, just closed. There, as at the earlier New York Show, the Cadillac was the center of attraction.

The out-open chassis gave the great majority of the visitors their first insight into the mechanism of the Cadillac V-type eight cylinder engine. Certain sections of the engine were cut away to afford a view of the moving parts inside, and portions of the crank case were made of glass, with the interior illuminated by means of electric lights. The engine was kept slowly turning over by an electric motor so that observers could see everything that takes place inside the engine when in actual operation except the explosion of the gas in the cylinders.

DELAY IN MACHINES

Several local motorcycle dealers are being delayed on an aggressive spring campaign, owing to the failure of the arrival of their 1915 models. Both the Indian and Excelsior agents have failed to receive their machines.

BIG ORDER OF REOS

One of the most satisfactory orders ever received by the manufacturers of the Reo car for which David Stahler is the local dealer, was the one which required 24 Reo trucks to be used at the Panama Exposition in San Francisco. The company owning the "rubberneck" or sight seeing privileges at the exposition are to use these trucks for their sight seeing parties.

Mr. Stahler has received assurance that the car load of Reos is ordered direct from the factory at Lansing, Mich., will be in the city Monday or Tuesday of next week.

Reduction No. 3 On Goodyear Tires

Making Total Reductions 45 Per Cent In Two Years To Give Always the Most for the Money

We are glad again—for the third time in two years—to announce a big reduction on Goodyear tires, effective February 1st. Goodyear policy on price is to give the utmost in a line at the lowest possible profit. Our reductions are made in that spirit, without even reducing the quality.

That always means, with our matchless means, more for the money than any other maker can give.

As rubber came down our prices came down. As our output multiplied, reducing factory cost, our prices came down with it. In two years our reductions—including the present—have totaled 45 per cent.

Last year we increased our output 250 per cent. A few days ago the embargo on rubber was modified so that supplies seem assured. The market price for rubber seems for a time established. Fabric costs less than last year. So, under our minimum profit policy, we announce this new reduction.

Only Fair Basis

We consider profit margins on a tire the only fair price basis. We keep that margin just as low as our line allows.

While we do that, Goodyear tires will always undersell any tires that compare with them.

THE GOODYEAR TIRE & RUBBER CO., Akron, Ohio.

FINES HANDED OUT AS RESULT OF POOL MATCH

Leo Malavazos, proprietor of the Bohemian pool room, his manager, Charles Kratzer, and Peter Parks, who acted as stakeholder and A. J. McClure were fined in police court Saturday for holding a match pool game at which wagers were made Friday night. All were assessed \$25 each save Parks who was let off with a \$10 fine.

Charles Masterson was fined \$10 and costs for stealing a \$5 rope of Oscar Gibson, of Market street and selling it to Will H. Barber for 50 cents. Barber himself furnished the police with the tip that resulted in the arrest. Charley will work out the fine on the city prison labor gang.

Charles DeBarr, a city fireman, who while tipsy is said to have followed and otherwise acted unbecomingly to a respectable girl and had for many years been in the Top young woman Friday evening was fined \$50. The mayor said that DeBarr would be dismissed from the service as such acts could not be countenanced.

King Watkins and Ernest Hourdin, two negro tramps, were fined \$5 each for disorderly conduct assigned to the city work gang. Ray Burris, a plain drunk, drove a \$5 fine.

Buster Killed

Tom Bart's pet fox terrier dog, Buster, was shot and killed by the wheels of a Gilbert Greyhound company truck at Fifth and Court streets Saturday noon. (The dog's bark was heard.)

Charles DeBarr, a city fireman, who while tipsy is said to have followed and otherwise acted unbecomingly to a respectable girl and had for many years been in the Top young woman Friday evening was fined \$50. The mayor said that DeBarr would be dismissed from the service as such acts could not be countenanced.

The mayor said that DeBarr would be dismissed from the service as such acts could not be countenanced.

King Watkins and Ernest Hourdin, two negro tramps, were fined \$5 each for disorderly conduct assigned to the city work gang. Ray Burris, a plain drunk, drove a \$5 fine.

Charles Masterson was fined \$10 and costs for stealing a \$5 rope of Oscar Gibson, of Market street and selling it to Will H. Barber for 50 cents. Barber himself furnished the police with the tip that resulted in the arrest. Charley will work out the fine on the city prison labor gang.

BUYS FINE STALLION

At a recent sale of the stable of John W. Brown, of Delaware, V. J. Brown, of the prominent horse breeders of the South, held at the Ohio State Fair Grounds, in Columbus, Ohio, a fine stallion, a bay, named "The Stallion," was sold to Mr. J. W. Brown, of the same name, for \$1,000.

The stallion was a fine specimen of the breed, standing 16 hands high, with a powerful build, a long neck, and a well-set head. He was a purebred Arabian, and was the property of a prominent horse breeder in the South.

Suit Is Result Of An Auto Accident

One hundred dollars damages is on November 26 last, when she alleged that Simpson's car ran into her automobile, breaking the left front wheel, bending the other front wheel and fender, and damaging the body of the car.

She bases her suit on the allegation that Simpson was driving at an unlawful rate of speed and did not exercise ordinary caution.

At Herk, of Dayton, is being held in the local county jail, without bond, on a charge of the murder of Mrs. Carrie Jones, a former Waverly, 200, of Toledo, Ohio, who was shot and killed by a bullet fired from a gun on Friday, January 26th, last. Mrs. Jones had just Saturday in a Toledo hospital from a bullet wound in the head, which had been inflicted by the bullet fired from a gun on Friday, January 26th, last.

WANTS HIS JOHN BOAT RETURNED

Clement Radcliffe, of Lima, Ky., complained to the city police Friday that a John boat had been stolen from a Market street restaurant named Gibson, on condition that he ship it back, had disappeared. He claimed he had sold a shantyboat to Gibson a few weeks ago and loaned him the John boat, and a good line, Gibson, he said, put up the claim that he (Radcliffe) had loaned the John boat to another man employed at the Capt. Winter's cafe and that this person allowed it to get loose, starting it on a journey down towards the Gulf.

Radcliffe insisted that Gibson was responsible to him for the boat. Chief McCarty stated him the police had no jurisdiction in the matter, advising him to go before some magistrate.

Ask for Allen's Cough Balsam and take no other. It has fifty years reputation for the quick and permanent relief of Coughs, Colds, Sore Throats, Bronchitis and all throat troubles. Take home a bottle today, 20c, 50c, and \$1.00.

The Consolidation Of Companies Completed

Announcement of the consolidation of the interests of the Whitaker-Glossner Steel Company of this city, was made at the annual banquet of the Portsmouth Steel Company held at the Washington Hotel Friday evening. The change was made in order that the business of the firm will in the future be conducted under one name, The Whitaker-Glossner Company.

Alexander C. Glass, has for some time been president of both companies and will continue at the head of the consolidated company, said an official of the firm Saturday.

Both plants will continue to turn out the same products, the parent plant, the Whitaker-Glossner Company, Wheeling, W. Va., will continue to supply the business of both plants, taking over the local plant (Pittsburgh) in order that the business of both can be carried on in a more simple manner.

Andrew Glass, general manager of the local plant, has been made a director by the Whitaker-Glossner Company and A. C. Whitaker, of Wheeling, is treasurer of the company with headquarters in Wheeling.

Eventually all of the stock of the Portsmouth Steel Company will be absorbed by the Whitaker-Glossner Company.

It was said at the offices of the local company that the consolidation would not provide for

any changes in the various departments of either plant.

the Masonic league when he rolled the magnificent sum of 70—seventy, count 'em sir! Merle started out at a pretty flashy clip, and it looked as though he was in for a good evening. Somebody put sand on the track, however, and Merle fell down like a brick house. To save his reputation as a ten pin artist he could not turn in a spare in his last game, and seemed to have a special delight in picking off the 10 pin and then rolling his second ball through the cavity. No matter, he struck to the finish and had as much fun as the next one. Out on alleys 2 and 3, the Spiders spun their webs, only to have the Cement Specialists tear them all to pieces. No particularly brilliant games were rolled, even Dr. Frank Freestone Spencer falling down and making scores that Gen. Freund would be ashamed of. Captain Creveling was a pretty strong anchor man last night and practically won all three games single handed. A glance at the totals made will not cause any one acquainted with the game of ten pins to have heart failure—nor would they be considered sufficient to carry off a booby prize. The pins absolutely refused to fall, but how in the name of common sense will they fall unless they are hit? The Spiders were minus the services of Dr. Myling, but this was offset by the absence of George Freund—there is a joker in that sentence of you read it often enough. Captain Nodder of the Spiders, had a good night and did his dearest to win. He counted on Dr. Tatje, but this usual brilliant performer had one of his poorest nights and could do nothing noteworthy, despite his determined efforts and perfect pose. Dr. Goodwin went along at a slow pace in his first two games

and then perked up, getting 103 in the last one. Wade Kennedy—well, the expert showman had a rather disastrous journey in his first game. Then it was that Captain Nodder encased him with a blind bridle and he picked up woefully well. Whenever Wade S. averages 100 he is perfectly satisfied and goes home with a happy and rapidly beating heart. Rawson may recover, but he is still in a serious condition and it will require careful nursing to bring him through. Lead off man Chad Horr, of the Cement Specialists did splendid work, and he had a big hand in the winning of the three games. James Hager splashed water in carburetor at the beginning, and then got the flow working regularly and speeded along at an even gait. Of course, he did not knock down any houses and trees but, by constant honking he kept the road clear.

Shaw, lead off man for the Bald Eagles was in fair form, while "Pelo" Hark was beside himself, gathering 123 in his middle game and assuming a cheery attitude. Charles Zoellner could not get the range until the last game and then he went some, he lieve me. D. A. Grimes was off considerably last night, although he "perked" up a little in his last game. Leach put up one splendid game, and then fell like the Ohio will after a little while. P. E. Schuyler admitted that the duties of captain do not rest seriously upon his shoulders and he proposes to turn over the job to some one else.

The Rebels howled a blind, as usual was off his trolley. Dr. Keyes had fair scores in his first two games and a dandy for a finish. Baker was in the twenty-two stakes in No. 1 and then got mad and raised Cain. Schuyler had one large evening, evidently having turned to his former form. The exploits of Merle Duclut have already been diluted upon. Captain Wurster went poorly in the first two games and then went like a thoroughbred, grabbing off a splendid score in his last game. He hit 'em good but full, they wouldn't, and when that is the case nothing on earth can gather them in. The scores:

Marriage Announced

A marriage solemnized Thursday afternoon by Squire A. J. Finney, was made public Saturday. The bride was Sarah W. Holmes, 28, city, and the bridegroom David A. Kendrick, 40, a blacksmith at the N. & W. terminals. Illness of relatives was given as the reason for keeping the marriage a secret.

Pepper And Leedom Have Engine Agency

Messrs. W. A. Pepper and Frank H. Leedom have taken the agency for the Kernith marine engine, one of the most powerful and reliable medium priced engines on the market. The engines are four cycle and have four cylinders. They are

manufactured in two sizes, 12 and 20 horse power. These two enterprising men also have the agency for boat accessories and boat hulls and a lower priced engine. With the opening of the local motorboat season they expect to place a number of engines in local craft.

Prosperity Factor

"Every dollar expended in motor cars is just so much money contributed to the general prosperity of the country," declares a prominent manufacturer of automobiles. "Every automobile purchase means that hundreds of people are profiting by the investment. The conversion of raw material into finished cars and parts is putting millions of dollars every month into the pockets of machinists, foundrymen, trimmers, assemblers and other master workmen. These men in turn are handing over their money to the

butcher, the baker, the grocer, the merchant and the banker. "Figures as to the number of men who gain a livelihood through this single industry are not available because of the various allied trades involved. But there are garage men, salesmen, tire makers, manufacturers of accessories and electrical equipment, leather merchants, steel men and makers of other products, who with an enormous army of employees profit directly or indirectly by the manufacture and sale of motor cars."

COLUMBUS AUTO SHOW IS CLOSED TODAY

Local automobile dealers and auto enthusiasts attended the automobile show in Columbus which closed today. Many are the words of praise in behalf of the show. It is Columbus' first attempt at an annual automobile display and the promoters are more than satisfied with the result. Owing to the limitation of space many of the cars which were expected to be on the floor were not shown. Instead they were on display at the various salesmen.

Brotherhood Class

All men in the city who are not identified with a class studying the Holy Bible are cordially invited to present themselves at the rector's office in All Saints' church at the corner of Fourth and Court streets, tomorrow morning at 9:00 o'clock. There they will find the Brotherhood class in session and a very cordial welcome. The Brotherhood class is emphatically a class for men who have convictions and the courage to express them freely. For men who are open to conviction and who are broad minded enough to

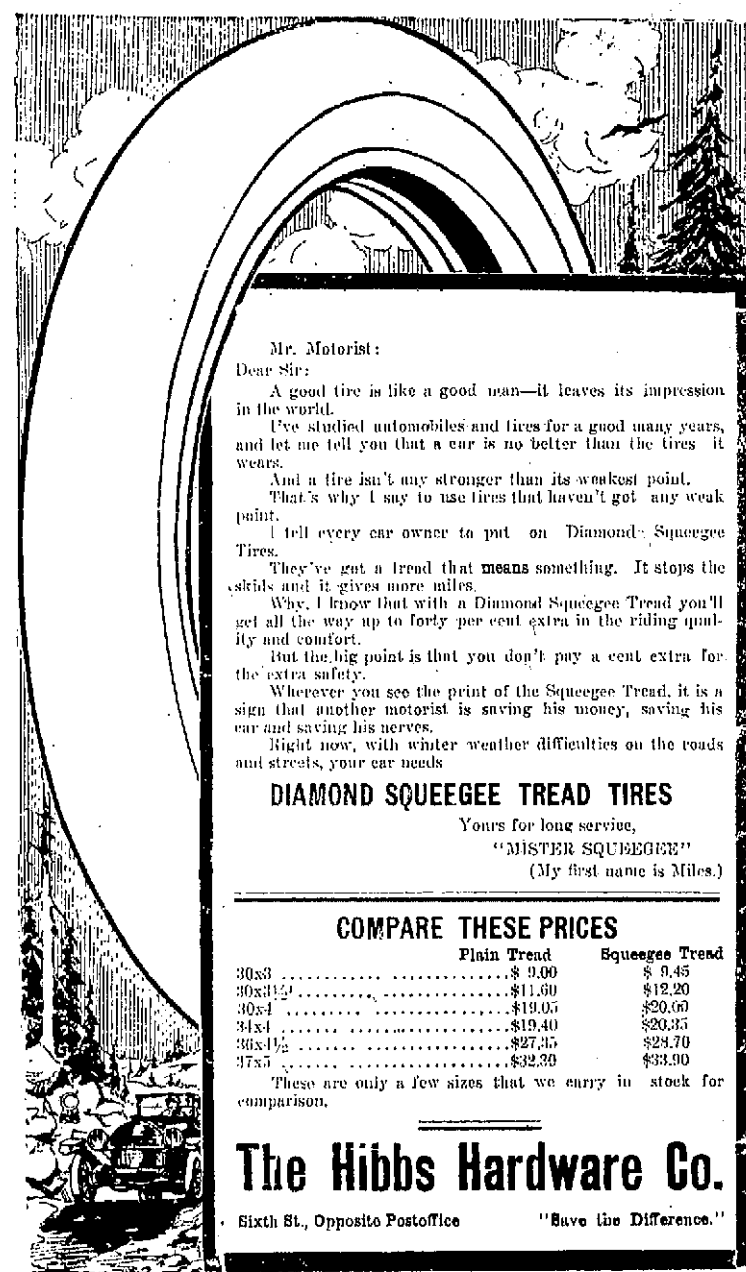

act up to this principle. For men who desire to study the Bible in the light of recent knowledge and investigation; for men who make an honest attempt to think straight. If you are this kind of a man already or desire to be such a man come to the Brotherhood class tomorrow morning. There is a chair waiting for you. Owing to the lack of a quorum the regular monthly meeting of the vestry of All Saints parish was adjourned from last Wednesday evening to Sunday evening. The meeting is called for 8:15 p. m., at the close of the evening service.

SERMON ON AMUSEMENTS

The rector of All Saints' church will discuss the vexed question of Amusements at the evening service in All Saints' church corner of Fourth and Court streets, tomorrow. He will deal with some recent utterances on the subject and state the attitude of the Episcopal church in regard to the recreations of its members. If you are interested in the amusement question you might by all means to hear this sermon. Come and bring others with you.

TERMINALS

Business on the N. & W. is picking up this month. Thursday 1,000 loads were handled out of Williamson, W. Va., and Friday 950 loads were handled. For the past several months the average number of loads has been about 750 per day. Passenger traffic as well as freight traffic is showing an increase this month. P. B. Osborne had charge of the noon ship meeting in the N. & W. lower yards, Saturday. Notice has been received here of the death of A. W. Montague, superintendent of terminals of the Houston & Texas Central at Fort Worth, Tex. He was shot on Jan. 29th while in his office by a discharged switchman and died within a short time. J. W. Roberts, superintendent of car service of the Vandalia railroad with offices at Terre Haute, Ind. and well known here has been promoted to general superintendent of passenger transportation of the Pennsylvania Lines, west of Pittsburgh with offices at Pittsburgh, Pa., succeeding Charles Watts, retired under the pension rules of the company. The Sunday afternoon meeting in the lobby of the Y. M. C. A. at 1:30 o'clock will be in charge of Boy Scouts Charles Duggs and Howard Graf. Sunday School at the Tabernacle, Sunday afternoon at 2:45 with Supt. F. B. Osborne in charge. Boy Scouts Graf and Duggs will be present to deliver a few remarks. P. B. Osborne of the Y. M. C. A., returned from Boston, Friday evening in time to conduct the revival meeting at the Seatonville M. E. church. He reports his wife getting along as well as could be expected. She rallied nicely from the operation she underwent on Thursday morning. Mrs. Osborne will not be able to come home for about four weeks. Rev. A. R. Johnson of the Seatonville M. E. church will have charge of the services at the Tabernacle, Sunday evening. H. T. Reinicker, new assistant superintendent of the Seatonville Division who comes from Bluefield, was at his office for the first time Saturday morning. He takes Mr. Ayers' place. Reinicker has been taking a tour of the Seatonville division acquainting himself with his new duties. N. & W. Conductor Asa D. Moore, who was badly injured at Borderland, W. Va., some time ago, is getting along nicely at his home on McConnell avenue.

Mr. Motorist:
Dear Sir:
A good tire is like a good man—it leaves its impression in the world.
I've studied automobiles and tires for a good many years, and let me tell you that a car is no better than the tires it wears.
And a tire isn't any stronger than its weakest point.
That's why I say to use tires that haven't got any weak point.
I tell every car owner to put on Diamond Squegee Tires.
They've got a tread that means something. It stops the skids and it gives more miles.
Why, I know that with a Diamond Squegee Tread you'll get all the way up to forty per cent extra in the riding quality and comfort.
But the big point is that you don't pay a cent extra for the extra safety.
Wherever you see the print of the Squegee Tread, it is a sign that another motorist is saving his money, saving his car and saving his nerves.
Right now, with winter weather difficulties on the roads and streets, your car needs

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

Mothers can rest easy after giving "California Syrup of Figs" because in a few hours all the clogged up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become lightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomachache, bad breath, remember a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

Fitch Is New Councilman; New Boston To Float Bonds

Acceptance of the resignation of Councilman Frank Taylor and the appointment of Lawrence Fitch as his successor, the endorsement of the Hamill Pension Bill, the appointment of an inspector, the approval of the appointment of a new deputy marshal and the passage of two important ordinances constituted the work of New Boston council at their adjourned meeting Friday evening, when all members were present.

Councilman Frank G. Taylor handed in his written resignation, which was accepted. Lawrence Fitch was nominated as a candidate for the vacancy and he was unanimously elected.

Fitch, an Ohio avenue butcher, is a staunch Republican. Democrats Fred Eschman and J. C. Harris voted for Fitch. Council is composed of four Republicans, Charles Dixon, Frank Wolfe, W. T. Harr and L. Fitch. Fitch was a candidate for mayor at the last election.

Ex-Councilman Taylor at once made application for the job of inspector of the pipes and the installation of the village's water distributing system. His salary was fixed at \$75 per month.

Clerk Thomas O'Neal was authorized to engage an assistant to help him serve the necessary notice on property owners who have property on any of the streets slated for paving.

Not a single bill was presented, which is something new for council. An ordinance was passed for the issuance of bonds in the sum of \$12,500 to provide funds for the payment of the village's portion of the cost and expense of improvement of the various thoroughfares.

An ordinance was passed to issue bonds in the sum of \$50,000, in anticipation of special assessments for the improvement of certain village streets.

Clerk Thomas O'Neal reported that he had received a communication from E. P. McCampbell, secretary and executive officer of the State Board of Health, saying that that board at a meeting held January 27th, approved the plans for New Boston's water distributing system. The letter was ordered placed on file. Village Engineer Sam G. Harpner received a copy of the letter.

John M. Delebar, village mail carrier, was present and explained the Hamill Pension Bill, which was unanimously endorsed by council.

Engineer Sam Harpner was instructed to bring in an estimate for the cost of tile and labor in constructing a 200-foot branch sewer near the Baptist church in Stewartville.

William M. Fremont was appointed new deputy marshal by Mayor W. I. Davis. All council members, except Fitch, voted for Fremont, who has been serving as deputy marshal since Martin Hall quit the job about three weeks ago.

Mayor J. S. Davis did not approach council on the question of allowing boxing bouts to be held in the village.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

If what you just ate is souring on your stomach, or lies like a lump of lead, refusing to digest, or you belch gas, and cruminate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

7 MORE FORWARD AT FINDLAY ST. REVIVAL

There is constant increase of interest in the work of our Blessed Redeemer. The crowd was more than was comfortable to handle and when all were in places no better sermon could have been listened to than that preached by Rev. C. Lloyd Strecker, who seemed at his best and verily lifted up for such a task as revival work. The singing is the best ever heard in this country by any congregation. Rev. McCoomer sang last night to the delight of all that untold poem of his "He Arose from the Dead." This song was enthusiastically followed and the emotion ran very high indeed and seven persons came forward and were saved.

Tonight at 7 o'clock there will be prayer services for one man's special benefit. Tomorrow, Sunday morning, at 6 o'clock we will have early prayer and praise service. You know how the power of the Spirit has fallen on us in other days "come for the feast is spread and all things are ready." In the afternoon at 3 o'clock the men of this city will gather for a big enthusiastic men's meeting. Men, men men and amen! All men, to hear our friend and brother, the Hon. J. H. Minney give one of his honored talks to men. Say you can't afford to miss this chance of your life of having this manly touch.

At night beginning at 7 o'clock the Epworth League will assemble and a very rare treat is promised to all from the young people. The pastor, Rev. J. H. W. McCoomer desires to use this subject if you show you enthusiastically by crowding early into his court "Steady or Starve, Which?" Now you have never heard anything even like this subject in this city. It will pay you to hear just for the novelty if no more. The pastor feels at his best and also grateful to you for your presence as it is not far to come, you have been showing your side in great numbers, pass prosperity around. "A friendly church." J. H. W. McCoomer.

ACCUSED OF THEFT

Will "Pete" Johnson, a shoe-worker, was taken into custody by the police Friday evening on an affidavit signed by Nick Pappe, charging him with alleged stealing \$15 from the New York Ice Cream Company's depot.

Johnson stoutly maintained his innocence of the charge. He was released on a \$25 cash bond furnished by Ted Grapper. Johnson and family had just moved to north Union street, but he had for some time past been a frequenter of the ice cream depot and was frequently entrusted in its care by the owners.

Mr. and Mrs. A. C. Richmond entertained at dinner Friday night Mr. and Mrs. C. E. Stahler and family.

WANTS WIFE ARRESTED

Mr. George Breiel, of Newport, Ky., will lecture at the Temple Theatre, Eleventh street, Sunday February 7th, at 2 p. m. Subject: "How to Retard the Growth of Socialism."

Mr. Breiel is well known in the state of Ohio, is one of the best speakers in the socialist and labor movement, and never fails to draw large crowds wherever he speaks. Mr. Breiel has spoke on the streets of Portsmouth several times during recent campaigns and never failed to please all who heard him. He is an old time shoe worker and has many friends among the local shoe-workers here. Mr. Breiel is witty and humorous and a fearless speaker, never fails to call things by their right name. All critics of socialism who are struggling through their ignorance to combat its inevitable triumph, should not fail to hear him. Everybody welcome.

RAISE BREAD PRICE

Venice, (Via London), Feb. 6.—An official decree issued in Trieste raises the price of a two-pound loaf of bread from 14 cents to 16 cents. The grain markets in Austria are said to be in a desperate condition.

McCoy Family Moves

Albert McCoy and family have moved from Third street to the second floor of the Dr. Dennis property on the south side of Second street near Court.

Experienced Women Advise Mother's Friend

Because it is so perfectly safe to use and has been of such great help to a host of expectant mothers, these women experienced in this most happy period, advise the use of "Mother's Friend." Applied externally to the abdominal muscles its purpose is to relieve the undue tension upon the cords and ligaments resulting from muscular expansion. It acts on the surface to a network of fine nerves threads and the gentle, soothing embrocation, "Mother's Friend," is designed to soothe the muscular fibres as to avoid the unnecessary and continuous nagging upon this myriad of nerves. It is a reflex action. Applied to the breasts it affords the proper massage to prevent clogging. Thousands of women have reason to believe in this splendid help under the trying ordeal of motherhood. Their letters are eloquent evidence of its great value to women. In use for many years it has come to be a standard remedy for the purpose. There is scarcely a well-stocked drug store anywhere but what you can easily obtain a bottle of "Mother's Friend" and in nearly every town and village is a grandman who himself used it to excellent results. Expectant mothers are urged to try this splendid analgesic to comfort. "Mother's Friend" is prepared by Bradford's Dispensary Co., 119 Lamar Building, Atlanta, Ga. Send for our little book.

WANTS WIFE ARRESTED

Clarence Paul, of 1837 Chillicothe street, consulted the city authorities Friday afternoon relative to causing the arrest of his runaway wife, Mrs. Linda Bailey-Paul, and a man for alleged living in adultery. He said they were living together at Olive Hill, Ky. He is particularly anxious to recover his little two-year-old son, whom the mother took with her on her flight.

TRUE DENTISTRY

Do not disfigure your teeth and destroy your natural appearance with unsightly gold filling.

Our Synthetic Porcelain fillings match the delicate shades and the fillings can not be detected.

Every requirement of good taste calls for this form of dentistry. If your dentist doesn't suggest it to you call at this office.

My patients are gratified at the wonderful results accomplished.

WOMEN DEFER OPENING CAMPAIGN FOR WOMAN SCHOOL BOARD MEMBER

Not until the March meeting of the Mothers' Club of the lower Fourth street school building will definite action be taken on the matter of the nomination of a woman as a candidate for member of the board of education. The members at their monthly meeting Friday afternoon felt that it was too early to start the campaign, and besides, there was some difference of opinion expressed as to the proper method of procedure. It is almost a certainty that the members will unite upon Mrs. W. H. Schwartz, of Sixth street.

Mrs. Henry Ribble and Mrs. Carrie Berkeley were present at the meeting as a committee from the Daughters of America, while Miss Leona Labell and Mrs. Guy Thompson represented the Scioto County Woman's Suffrage association. Both committees pledged the support of their respective organizations to a woman candidate for the board of education. Unanimous endorsement of the candidacy of George D. Scudder was made by the club.

Miss Bessie Smith, chairman of the committee in charge of the disbursements of the charity fund, which has been named the George M. Appel Memorial Fund in honor of the most liberal contributor, read a report for the February activity of the committee. Donations to the amount of \$537 have been received and expenditures have aggregated \$100.74. All teachers of the building were requested to notify the committee what supplies were needed for their respective rooms and the committee will supply them. The fund is now in charge of Sam Wise, and is to provide food, groceries, and clothing for the families of the poor.

The club decided to hold another bake social, the proceeds of which will be added to the Memorial Fund. A committee consisting of Mrs. Lena Schultz, chairman, Mrs. Dan Thomas, Mrs. William Torges, Mrs. S. Coles Peables and Mrs. Schneider was appointed to have charge. The club is also considering the advisability of having a concert for the benefit of the poor, and Miss Harriet Searf, supervisor of music in the public schools, will be asked to make known her views on the subject.

Miss Elizabeth Ricker, local kindergarten teacher, read a paper on the subject, "Kindergarten Work." Out of the discussion prompted by her paper sprung a movement to purchase a piano for the kindergarten room, and Mrs. Alan N. Jordan, Mrs. S. Coles Peables and Miss Elizabeth Ricker were named as a committee to investigate the proposition. If more advisable the piano will be rented.

Mrs. Maria Bridges and Mrs. W. H. Schwartz were named as a committee to investigate the cost of removing the bath tub from the Bond Street school building to the lower Fourth Street building.

The meeting was presided over by the president, Mrs. Flint Kline. At the conclusion of the business session, refreshments of tea, wafers and marshmallows were served. A victrola concert was also enjoyed.

Boy Scout Night At Trinity Church

A service of special attraction will be held at Trinity Methodist Episcopal church, Gallia and Off-nere streets, on next Sunday evening.

OLD-TIME REMEDY MAKES PURE BLOOD

Purify your blood by taking Hood's Sarsaparilla. This medicine has been and will be the people's medicine because of its reliable character and its wonderful success in the treatment of the common diseases and ailments—scrofula, eczema, rheumatism, dyspepsia, loss of appetite, that tired feeling, general debility.

Hood's Sarsaparilla has been tested forty years. Get it today.

DAKIN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur dardens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray, also ends dandruff, itching scalp and keeps falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, so it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

ing at 7 o'clock. The Boy Scouts of the city will be present in a body and will occupy reserved seats. Several musical numbers will be furnished by the Scouts, and Lee will be called in and dismissed by their buglers. The pastor, Rev. C. Lloyd Strecker, will speak on the subject: "Lancelotti, the Great Scout." Every one is cordially invited to be present. The program follows: Call of the buglers. Scouts march in during the organ prelude—"Boy Scout March"—M. H. P. Kinsey. Hymn 356. Prayer. Boy Scout Brass quartette. Scripture Lesson. Notices and offering. Offering. Violin solo—Wm. Hopkins. Cornet solo—Howard Lowrey. Anthem—Selected—Chorus Choir. Sermon—"Lincoln, the Great Scout." Hymn 762. Benediction. Scouts dismissed by the Buglers. Postlude.

Banquet A Success

The annual banquet of the selling force and department heads of the Portsmouth Steel Company held at the Washington Hotel Friday night, was an enjoyable and well arranged affair. Covers were laid for 50 guests and D. D. McCray, assistant general manager of the local plant acted as toastmaster. Quite a number of short talks were made and a note of optimism ran through all of them. The salesmen in particular are confident that with the ushering in of spring, the steel business will get back to its normal stride. Many of the talks were spiced with humor and the banquet was a rollicking, well appointed jolly affair. The favors were roses and carnations. The committee on arrangements included George McCray, D. D. McCray, Stanley Hopkins, Wm. MacIntyre and Lester Howard.

Supt. McCowen Grip Victim

Owing to the illness of E. O. McCowen, county school superintendent, who is laid up at Wheelersburg with an attack of grip, the district superintendent, Clarke Fullerton, gave the high school teaching test to Lowell Fritz, the Porter township teacher, at Sciotoville, Friday morning.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

In One Minute Your Stuffy Nose and Head Colds, Sneezing and Nose Running Cease, Dull Headache Goes.
Try "Ely's Cream Balm."
Put a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and sleepless nights pass away. The head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or ear-ache sure throat will be gone. And such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and breaks the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of choking, swelling; relief comes immediately.
Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, yawning and sneezing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness in distressing but truly needless.
Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

The Newark

The new Military Boot for men, made on the latest English last of dull glove calf, low, flat heel, battleship gray cloth top, dull leather, lace stay.

"THE SPOILERS"

IN NINE REELS FROM THE FAMOUS NOVEL BY
REX BEACH

Without a doubt the greatest climax of the picture show world will be produced at the

COLUMBIA

THEATER

Thursday, February 11, Matinee and Night

"The Spoilers" is a fascinating story of the Alaska Gold Fields as it was when the precious metal was discovered in the frozen north—a wonderful portrayal of the life of that far away region. Great audiences set almost with breathing as they see it portrayed.

This is the wonderful picture that was presented at the Columbia last month and owing to the fact that many persons were unable to obtain seats at that time, Manager Tynes arranged to bring it back next Thursday.

"Spoilers" Return To The Columbia

A Synopsis of the Story of "The Spoilers" Written by Rex Beach, The Author, Columbia Next Thursday

Glenister and Dextery, co-owners of the "Midus", the richest mine in Alaska, after celebrating their good fortune, leave Nome to spend the winter in the "States," but before leaving Glenister arrives at an understanding with and bids good-bye to Cherry Malotte, a dance hall girl who has become interested in him. Before their return to Alaska on the following spring a plot is hatched in Washington, D. C. to juggle the Alaskan land laws in such a manner as to rob all the rich miners of their property, and to that end a corrupt judge is appointed with instructions to obey the orders of Alex McNamara, the genius of the entire conspiracy.

The judge is dispatched to Nome at once but on the eve of sailing from Seattle, he is taken ill and is forced to entrust certain important documents to his niece, Helen Chesler, who thus becomes the innocent agent of the conspirators. Helen sails, but en route, to Nome small pox breaks out on the ship and she is threatened with thirty days quarantine. She manages to escape, with the assistance of Glenister and Dextery who have taken passage on another ship. The two men are ignorant of the nature of Helen's errand, and gallantly fight and defeat her pursuers, then smuggle her on board their own ship and protect her until she arrives at Nome where she delivers to Struve, McNamara's agent, the secret papers entrusted to her. Glenister, who has fallen in love with the girl, saves her life in a street brawl at the risk of his own, then secures living quarters for her with the wife of his mine superintendent.

In due time Judge Stillman and McNamara arrive in Nome and with the help of Struve's rascally firm begin their machinations. The new faction shortly assumes

control of the mines including the "Midus" and Glenister, because of his love for Helen, prevents the miners from using violence against Judge Stillman and prevails upon them to let the law take its course. Cherry Malotte, the beautiful dance hall girl, returns from Dawson City, discovers Glenister's love for Helen and determines to combat it. In this she is assisted by the Broncho Kid, a gambler, and an outcast, who has recognized in Helen Chesler his own sister whom he has not seen since boyhood, and who misinterprets Glenister's feeling for Helen. Glenister and Dextery find that the Nome court will grant them no relief and decide to send their lawyer, Bill Wheaton, back to San Francisco with an appeal to the Federal Courts. To secure money for this purpose they arrange to rob the mines of their own mine, which they succeed in doing, but are saved from capture by Helen who recognizes Glenister in time to send McNamara's men on a false trail. Later the Broncho Kid suspects Glenister of the robbery and advises McNamara to search his cabin before there is time to conceal the gold, but Cherry learns of the plan and with her quick wit foils McNamara's effort.

Wheaton returns from San Francisco with a writ from the Federal court which Stillman refuses to recognize, thus making plain the nature of the conspiracy. Becoming fearful of outright violence McNamara undertakes to remove the gold dust taken from the Midus and other mines to a place of greater safety but Glenister and his friends storm the bank and are prevented from taking forcible possession of the gold only by the timely arrival of troops summoned from the nearby post. For a second time Wheaton is dispatched to the States for aid from the superior courts.

Meanwhile Glenister becomes convinced that Helen has been a conscious accomplice of "The

Spoilers" and intends to marry McNamara, so in a reckless mood he spends a desperate night in the Northern gambling hall, playing faro. The Broncho Kid, who is dealer, plots to ruin Glenister with the assistance of Cherry as "croup-keeper." At the crisis of the game when his money is gone Glenister wagers his interest in the Midus and is prevented from losing only by Cherry's declaration that "the croup is wrong." Cherry saves Helen from a drunken miner and learning her identity prompts her to suspect the truth of the situation in which her uncle figures. Realizing the great wrong that she has helped to do, Helen undertakes to remedy it, and overhearing the judge and McNamara arranging for Glenister's immediate arrest she soon finds him and enables him to escape with a posse at his heels. With the aid of Cherry Malotte, Glenister makes good his flight, summons his friends, and decides to make an end of the looting of the mines by destroying them with dynamite, thus checking McNamara's activities until Wheaton can invoke further aid from the Federal courts.

Wrapped in a world of mystery and uncertainty Helen appears to McNamara's accomplice, Struve, who offers to put her in possession of the truth if she will go with him that night to a distant roadhouse for supper. Conscious of her peril Helen agrees.

The miners, under Glenister's leadership, dynamite the Midus and defeat their enemies in an exciting battle in the midst of which Glenister hears of Helen's danger and rushes headlong to her rescue. He arrives only to find Struve badly wounded and to hear that Helen has gone away with the Broncho Kid. Headless now of all save Helen's safety Glenister rides into town and there encounters McNamara at Struve's office where the latter had gone to destroy the documentary evidence of the conspiracy. The two men fight a terrific hand to hand battle in which Glenister triumphs.

Wheaton arrives in time to effect the arrest of the conspirators, on instructions from the Federal court and Helen produces the proofs of guilt which she had secured from Struve. Justice is done and Helen confesses her love for the man she had helped to wrong.

Indict An Ironton Whisky House That Sought W.Va. Orders

Huntington, Feb. 6.—Solicitation of orders for whisky, in West Virginia, is charged against the Ironton Liquor company, in an indictment brought by the county grand jury and made public yesterday by Prosecuting Attorney Henry Simms.

No account will be taken of the distance away from Huntington of cities sending liquor circulars here, the prosecuting attorney said. That firms in Pittsburgh, Cincinnati, Columbus and other cities are liable to indictments if sufficient information can be secured, was the statement given out.

Any firms which have sent advertisements into the state since the enactment of the prohibition law are liable to indictment under the construction put on the law in this state.

WILL HAVE NEW FRONT

The Criterion Clothing Company, it was announced Saturday, would in the early spring award a contract for the installation of a handsome plate-glass front in their present room on Chillicothe street.

It is to be one of the most attractive in the city and will give this wide-awake firm what it has wanted for some time, a solid plate-glass front in which to display their goods. The front is to be of a very late design.

250 Bundles Have Already Been Sent In; More Are Coming

"Bundle Day" simply exceeded, then 250 bundles, and they continue our most sanguine expectations, as we were swamped with bundles that came from all parts of the city," said Mrs. William Briggs, a member of the executive committee, who looked after the details of this day so faithfully.

"We have already received more than 250 bundles, and they continue to pour in," said Mrs. Briggs.

"We will be able to send for bundles the first of the week, and those who could not send them Friday, should bear this in mind. The committee certainly feels grateful to the public for the liberal manner in which they responded."

TO GET EARLY START

Salesmen for the Excelsior Shoe Company are planning to get away on their spring trips two weeks earlier than ever known before, believing in the ancient theory, "that the early bird gets the worm."

Steel Mill Will Be Busy Next Week

Business continues to pick up in the Portsmouth Steel Company, which is conveniently re-equipped in the operating schedule for next week, given out Saturday.

It calls for the operation of four open hearth furnaces, blooming mill, finishing and machine shops, six sheet mills and the bar mills.

While orders have not been pouring in, we have been getting quite a number of good ones and are satisfied with the manner in which the steel business is moving along," said an official of the company, Saturday.

Choir and Quire.
The word "quore" as applied to a chorus of singers is rare. The proper word is "choir."

WILL RECOMMEND THAT MANY CITY STREETS BE IMPROVED NEXT YEAR

The city council street committee composed of George Culker, chairman, and Messrs. Ed. Shump and John Moller, following a conference with the city engineers and public service officials, have decided upon a list of streets they will recommend to council at its next meeting, for improvement this year.

The committee selected from the list of unpaved streets recently prepared by Engineer Wilhelm such as it feels are in need of improvement taking care in the various sections of the city, including East Portsmouth. Legislation will be asked for at the next meeting of the city council so that an early start may be had in awarding contracts and proceeding with the improvements in order to provide work for the unemployed. Property owners meanwhile will have ample opportunity to either petition for or protest against the respective improvements.

The largest paving job to be undertaken will be the paving of Tenth street from Findlay street to Court street, which will be connected with a strip of paving to be done on Court street from Ninth to Tenth street. Many other unpaved gaps are included in the paving program so as to connect up the entire downtown paving system. Following is a list of the improvements to be recommended:

Bannon alley or place, west from Offshore street, 250 feet; old Chillicothe road east of cemetery, 560 feet; Dewey Place, between Bannon alley and Seventeenth street, 300 feet; Fourth street, Market to Madison street, 880 feet; Gay street, Eleventh to Fourteenth street, 600 feet; Harvard Place, north from Gallia, 560 feet; Jefferson street, Third to Fifth street, 450 feet; Kendall avenue, Gallia to Eighth street, 1400 feet; Kinney street, Thirteenth to Seventeenth street, 1185 feet; Linden avenue, Gallia to Eleventh street, 550 feet; Massie street from Front to Second street; Madison street, Third to Fourth street, 231 feet; Norfolk street, Gallia to N. & S. W. R. R., 275 feet; Park avenue, Robinson avenue to Grant street, 650 feet; Plum street, East Portsmouth, Gallia to Walnut street, 165 feet; Poplar street, East Portsmouth, Gallia street north, 500 feet; Scott street, Tenth to Eleventh street, 305 feet; Sixteenth street, Findlay to North Waller, 900 feet; Tenth street (Railroad), Court to Findlay street, 5,000 feet; Walnut street, East Portsmouth, Norfolk to east corporation, 1,950 feet; Court street from Ninth to Tenth street, 280 feet.

JUDGE BEATTY'S AUTO IN CRASH

Both wheels of Judge Beatty's Buick automobile were smashed to splinters when it skidded on the slippery street and crashed into a curb at the corner of Twelfth street and Franklin avenue about eleven o'clock Friday evening. The judge's son, Charles, was at the steering wheel, and was driving a party of Cadetsburg high school athletes from a party in the East End, which followed the basket ball game at the high school.

Young Beatty applied the brakes as the car came down the Franklin avenue grade, but they refused to work as usual on the slippery street. The machine was taken to the Drichard garage for repairs.

Pay Day At Mill

Saturday was pay day with the employees of the Portsmouth Steel Company and many of them received checks for goodly sums as 7 per cent of the vast plant in New Boston has been operated for the past five weeks.

SCIOTO TO FRONT AT THE CAPITAL

Scioto county on Wednesday had the fourth largest attendance of any county in the state at the Farmers' work in Columbus. Among those who were there were John Shannon, of Powellsville, John Davis, Louis Sherman, Louis Lange and Mr. and Mrs. Otto Zoellner, of Wheelersburg, and W. S. Burke, of Javerhill. The attendance on Thursday rose to 1,200. Another

similar gathering will be held next year.

Mr. Zoellner says the farmers were fine and everyone profited from them. He hopes to have a crowd next year.

Woman Is Missing

Mrs. Almada Lewis, of Tenth street, has been missing since Friday morning at 8:30 when she is thought to have started to police court to answer to a charge of conducting a disorderly house. She left her children in the care of a Martha Holway, of McHerritt, Judge T. C. B. City will be appealed to by the city officials to take charge of the children.

Nagana Falls.
It is generally understood that the Falls of the Zambesi, on the east coast of Africa, are in every way much larger than those at Niagara.

Marting's Shoe Department

FLASHES FROM THE REAL CENTERS OF SPORT

P. H. S. Five Won Easily From The Catlettsburg Team

P. H. S. 53, C. H. S. 18.
Hard fought, and closely contested was the very interesting game between the local high school ball five and the Catlettsburg high school quintet on the local's floor Friday evening before a crowd of 200.

It was a battle, where signals and team work outweighed weight. The Red and Blue defenders have a system of team work that will be hard to beat. It resulted in keeping the ball out of the hands of the visitors and out of their territory. Portsmouth had the ball the greater part of the game.

Doc York was in the game up to his ears and performed like a professional. His shooting of foul baskets and long range shots from the middle of the floor had the crowd running over with enthusiasm. Pont (who started the game at center) performed exceptionally well and shot two field goals. It was the first appearance of York and Pont before a home crowd. Wilson was the bright flash in the game as of yore. His work as guard could hardly be improved upon. A number of fouls were called on him which gave Catlettsburg a fine chance to boost their score but they could not hit the ball in the net.

At the end of the first half the score stood 22 to 11 in the local's favor and in this juncture the Catlettsburg officials, Principals and Coach Hannum and Mr. Mettelheim who has always refereed the games Catlettsburg played, changed sides. The agreement made by letter with Coach Cornslet ten days ago. Cornslet says he never received the letter and after some parleying the Catlettsburg players started the second half after saying that they would not take the floor until their referee was put out.

Kilch and McDaniel have handled all basket ball games here this season to the entire satisfaction of all concerned and this was the first time a kick was made. It meant the third defeat for the up-river boys this season, having 0 winners on their ledger.

Charleston lost their two games while they have beat Huntington and Ashland teams who have beat Portsmouth. "Clay" Jones went in the last few minutes of play and with a hop and jump was down the floor and had the ball before the visitors hardly knew he was in the contest. Pont (Thornhill) and Nick put up a good fighting game for the locals. This makes the local's standing 4 wins and 3 lost. Catlettsburg were next Friday night. Following were the lineups last night:

P. H. S. G. H. S.
Swisham, Jones, LF Thornhill, Pont, TK G. H. S.
Hendrick, LF G. H. S.
Wilson, LF G. H. S.
Field Goals—York 2, Swisham 2, Pont 2, Wilson 2, Test 1, Thornhill 3, Gaudy 2, Nick 2.
Point Goals—York 6, Nick 1, Thornhill 2.
Time of halves—20 minutes.
Referee—H. Kilch.
Umpire—J. McDaniel.
Timekeeper—N. Dwyer.
Scorer—W. Williams, of Catlettsburg.

Commission Will Discuss Draft Rule

Cincinnati, O., Feb. 6.—The annual meeting of the National Baseball commission will be held here today but other than deciding about fifteen cases of minor importance, little business will be transacted according to Chairman August Herrmann. The lifting of the draft from Class A, A. Leagues will be discussed and an election of officers will be held. Both Mr. Herrmann as chairman and John E. Bruce as secretary have no opposition.

JACK CAN TELL THE BOYS

Jack McGillicuddy, a local prize fighter has located in Chillicothe and hopes to stage several bouts in that city. At a meeting of the Barker's Union held Thursday night Jack McGillicuddy delivered a lecture along general athletic lines. Relative to the meeting the Chillicothe Gazette says:
"Jack is fifty-one years of age and has been in the ring and boxed for a period of 30 years—ever since he was a lad of 16 years. His books and records show that he has met and won over some of the best men in the country. After his talk on his life and his course of instruction, a three round friendly bout of exhibition boxing was staged by Charles Williams and Clarence Harris. After these two boys, Walter Mitchell, a former colored pugilist, and Jack McGillicuddy, staged a three round bout, to show some of the more elaborate points of the manly art of self defense."

Many Go To South

Within three weeks more than 150 ball players will be on their way to the Sunny South to the winter's kings from their systems and to win a dozen pennants. You know pennants are always won during the off season, that is about 60 per cent of them do.

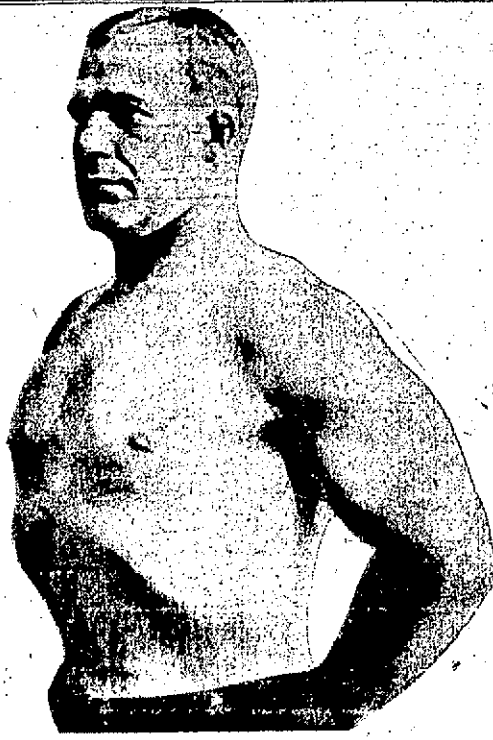

THE CLUB TEAM WON 48 TO 18

In a good game last night, a picked team from The Club Basketball League defeated the Second Presbyterian team by a score of 48 to 18. Although both of the teams were crippled to some extent by the fact that several of the good players from both teams failed to put in their appearance.

The Club team seemed to be able to get through their opponents' line whenever they wished, and it was by the good basket throwing that they piled up such a big lead.

Wrangle On Over The Football Rules

New York, Feb. 6.—Informal discussions of proposed changes in the rules of football last night developed into a sharp division into factions of the football rules committee over a suggestion by Percy D. Hamilton of Harvard, to limit the use of the forward pass. According to unofficial reports of the meeting Coach Hamilton and Dr. Carl Williams of Pennsylvania will go today's meeting with a proposal to limit today's meeting with a proposal to limit the pass in some manner to be decided.

HARRY FAUST
Crack wrestler who goes to the mat Monday night with Charles Kieglor of this city in a match to be staged in the Moose hall, Third and Washington streets.

Mat Artists Will Meet Here Monday

One of the best wrestling matches ever staged in this city is looked for Monday evening when Harry Faust, champion heavy weight wrestler of Germany meets Charles Kieglor, light heavy weight champion of this city, at the Moose hall.
Kieglor is going to meet a real wrestler in the German champion who has wrestled just as good men as Kieglor ever seen. Faust has been in this city all week and has met many of the local fans interested in wrestling. Those who have talked with him think he is big enough and front all appearances, fast enough to give Kieglor the little of his life, and one that will be remembered a long time by wrestling fans. Faust and Kieglor are of about the same weight and will weigh in at about 100 pounds. Faust says Kieglor is downed to defeat Monday night. Kieglor was won a number of matches since coming to Portsmouth, and says he is in fine shape to wrestle Faust.

Ritchie Matched

Los Angeles, Feb. 6.—Willie Ritchie, former light-weight champion, signed a belated here today to meet Freddie Welsh, the present title holder in a 10 round boxing bout at Madison Square Garden, New York, the afternoon of March 11. Ritchie agrees to weigh 145 pounds.

Should Help Der Redlegs

Red Rubin says he is not all in by any means, and that he will when the owners of the Cincinnati team the best there is in this season. Sounds pretty good from the "red top."

White Will Meet Welsh

There's a fair chance that Johnny Griffiths and Charley White will be the principals in a twelve-round match at Akron, February 22. Ned Chernoff, who has the February permit, announced at Akron yesterday that Nate Lewis has already accepted terms for White.

ACTIVITY OF FEDS COST ORGANIZED BALL BIG SUM

Cincinnati, Feb. 6.—Organized baseball's total losses last season are said to have been around \$1,250,000. Ah, yes, as Ben Johnson has often remarked, the Feders are a joke. But, then, Ben may have been misquoted. What he said may have been that the Feders are a joke.
"The us is two-edged. The Feders were slashed for their good share of the damage. And where has the cash gone?
"To paying players higher salaries partly, to buying uniforms in improving grass grounds, to purchasing precious dogs—just your kidding. You know where it went.
"Yes, we do. And so do you. But we don't know how much. We'd like to, just for curiosity's sake. Wouldn't you?
"Come on, now, be frank! Wouldn't you just like to know how much organized baseball and the Feders have paid in lawyers' fees since the war began?"

We asked a baseball authority about it—one who is in a position to know. And he didn't answer—not in words. He shook his head and grinned. It wasn't the sort of guy you'd like to own. It spoke volumes—Billings!
The National League made \$115,000 on the year, chiefly because of the windfall race of the Braves. The American cleaned up \$58,000. An interesting feature is that the Giants' profit was \$120,000, or \$5,000 more than that of the league. The first Sox netted \$75,000. Braves \$70,000. Chicago \$50,000—it is said. Of course, the Feders lost money. The exact figures are not given out.
President Herrmann Wednesday emphatically denied the rumor that the Feders made \$1,118,971,999 in last year.
"The fellow who started such a base report was misinformed," Harry insisted. "The Feders were operated at a loss last year. The club has not made any money for two or three seasons."

LUCKIEST PLAYER LOOKING FOR JOB

Josh Devore.

Josh Devore, who has been called "the luckiest man in baseball," because he helped divide the Giants' series money in 1913 and the Braves' in 1914 without doing anything in particular to earn it, was recently released by St. Louis. It seems unlikely that he will play this year in the big leagues.

COUNCIL DEFERS ACTION

The council of New Boston was too busy with matters affecting the welfare of its community at its meeting Friday night to take up the question of granting a franchise to the Portsmouth Athletic Club. This newly formed organization has asked permission to build six, eight and ten round bouts in that village. The village council will probably take up this matter later.

BOOK GAME WITH CHARLESTON

Bernon Kilch, manager of the Hampton basketball five, has received a letter from Lou Barringer of the Green Athletics association of Charleston, W. Va. Barringer is manager of a strong basketball five in Charleston and wants to book the Rapids for a game. Hiddy Beers plays on the Charleston five. Kilch has decided to go to Charleston on Saturday February 20 to battle with the top river five. Among those to make the trip will be McDaniel, Hadden, Taitman and Pearson.

IRONTON TO COME IN

Ironton's mayor, A. J. Houtan has indicated that he will finance the Ironton baseball team in the Ohio State League this year, and associated with him will be Dick Smith, who managed the team a portion of last year, and L. J. Pile, an outfielder. It is the intention to make over the Ironton franchise and ask for admission to the league this year. Ironton fans are a unit in a demand for league baseball this season and the men who are to take the team are receiving assurance that they will be accorded generous support.

RAH, RAH BOYS WILL MATCH SKILL

Boston, Mass., Feb. 6.—Boilright and athletic club champions will compete tonight in the annual indoor invitation track and field meet of the Boston Athletic association. Nearly all of the entrants are holders of national, international, interscholastic or sectional titles.

NOTICE OF PRESENTING COUNTY ROAD PETITION

Notice is hereby given that a petition will be presented to the Commissioners of Scioto County, at their next session, March 8 A. M. 1915, praying for the location and construction of a County Road on the following line, to-wit: Beginning at the middle of the Canal Pike, where the present township road, called the Big Run Road, of Morgan township of said county intersects said pike; thence extending in a westerly direction, in the most practicable place, between the present township road and the north side of Big Run bottoms, and cutting off the north edge of said bottoms in places where it is necessary to do so, in order to avoid the hills, and extending through, or touching the farms of Marion, Spry, Eph, Newman, J. W. Phipps, Gar Phipps, J. P. Jenkins, Laura Dixon, Ossie Colley, L. M. Barney, Ella Noel, S. G. Stein, H. D. Newman, Allen A. Newman, James D. Newman, Rhody McCook, Will Newman, Sarah Newman, Ed Newman and Catherine Thompson, to the head of Big Run Creek; thence crossing the hill in a westerly direction to the headwaters of Bear Creek; thence southwesterly down Cooper's Run and extending through the farm of Shurrod Crabtree and following the old township survey to the north side of Pleasant Valley school-house; thence to the McCullough and Sedan county road, and ending at the place of intersection with that road; such road extending the length of four-and-one-half miles, more or less, through the farms of above-said people, if any be injured to said farms.
H. D. NEWMAN AND OTHERS, adv. Jan. 30-15.

\$74.53 PANAMA EXPOSITION AND RETURN Via N.W.

Tickets on sale daily March 1st to Nov. 31st, limited 3 months for return. Choice of variable routes with liberal stopovers in both directions. \$92.65 round trip on tickets routed via North Pacific coast points in one direction. Watch for notice of moving picture and stereopticon lecture at High School Auditorium on the Panama and San Diego exposition, and California. For full information call at City Ticket Office, Sixth street opposite Post Office, or address H. E. SCOTT, Passenger Agent. Free Descriptive Literature.

Good For "Lager"

Cincinnati, Feb. 6.—The National board was reversed in a finding handed down by the National baseball commission today when the latter body made an award of \$294,000 to the Newport News club of the Virginia State League in favor of former Major League player Harry "Lager" Matthews of that club.

To Go To New York

Ralph Marting will leave the first of the week for New York, where he will buy spring goods for Marting Bros. & Company.

Surprised Prowler Drops His Booty

A prowler was discovered in the alley at the rear of the David Stahl hardware store Friday night, about 10:30. Officers Bennett and Ballman rushed to the scene in time to see a low, heavy set man, belt down the alley. A row, which the fellow thought to have stolen, was dropped by him in his flight and was picked up by the officers.

The Stahl store was robbed by John Barry, a Cincinnati young man and possible convict of the Ohio penitentiary, some time ago. He was caught by the police and was sent back to the penitentiary to serve out an unexpired sentence for safe breaking.

Get Photo If You Are Going Abroad

Persons applying for passports to visit foreign countries must now file two unmounted photographs of themselves and must also take an oath of allegiance to Uncle Sam, according to a ruling concerning which County Clerk Roy McElhenny has received from Secretary of State Bryan. Applicants for passports must also state the names of the countries they expect to visit and the object of the visit.
One of the photographs is attached to the application, while the other is sent to the bureau of citizenship at Washington. The passport expires two years after the date on which it is issued. This ruling is the result of the movement to bring about better protection for United States citizens who must be placed during the present war time.
The first Portsmouth resident to make application since the new ruling was Miss Mary Peebles, of Second street, who expects to make a tour of foreign countries within the near future.

Vanceburg In Good Shape

M. O. Wilson, editor of the Vanceburg Sun, was a visitor to Portsmouth, Friday. He reports Vanceburg in good shape and says the tobacco sales are being well attended.

Operated Upon

Mrs. Hattie Belting underwent a delicate operation at the Hopstead Hospital Friday afternoon. Her condition is reported satisfactory.

To Give Dances For The Destitute

Much enthusiasm was aroused at the meeting of Portsmouth court, held on Ben Run, Friday night by the announcement that it had won the state banner of the order for the largest gain in membership last year.
The banner is at present held by the Columbus court. The supreme officers will appoint a delegate to bring the banner to this city. The court added 178 new members during the past year, showing not only the largest gain in the state, but the fourth largest in the United States.
It was also decided to turn over the proceeds of the next two Thursday night dances of the Ben Run Military Club to the mayor

NOT WITH HIS PEOPLE.

It is a common supposition that a number of the legislature is sent there to vote the will of his constituency.

We are not here voicing the opinion that a representative should be bound by this assumption, we are only stating it as an existing condition.

It is a supposition and a condition that Representative William R. Sprague does not assent to with his vote. That is evident because on the first measure that came up in the house, where there could be no possible misconception on his part of the view of his constituency he cast his vote in direct opposition thereto. We refer to his action on the proposed change in the workman's compensation act, which was before the legislature. The liability insurance company had before the house a bill in which they were authorized to insure employers against liability for accidents to their employees on even terms with the state. A hearing was had in the morning on the bill before the committee on labor. In favor thereof appeared only agents for the liability companies; against it appeared advocates for the manufacturers' association, union labor officials and a representative of the state compensation board. The committee unanimously reported to the house that consideration of the bill be postponed indefinitely, which was the legislative way of expeditiously putting it to death. Seventy-four members voted to sustain the recommendation of the committee, twenty-five voted against and one of these latter was Representative Sprague, of Scioto county. He can not be unfamiliar with the fact that practically every employer of labor and every laborer in Scioto county is in favor of the workman's compensation law and against any present change in it, being in full accord with the argument before the labor committee that its operation has been in the highest degree satisfactory and it should be left untouched until experience and time show what defects in it need correction.

BILLY SUNDAY AND COL. INGERSOLL.

(From the New York World)

Confronted with a deadly parallel between an old-soldier speech by himself and a Decoration Day talk by Col. Bob Ingersoll, Billy Sunday replies that it is an old story; that he never read Ingersoll; that he does save and use some good stuff sent in the form of newspaper clippings by admirers, and that some men are liars.

This response to charges is comprehensive but lacks the fire and eloquence which Richard Brinsley Sheridan puts into the mouth of a character accused of borrowing from Shakespeare. "All that can be said," remarks Mr. Puff, "is that two people happened to hit on the same thought, and Shakespeare made use of it first."

And after all, why should not thought be as free as salvation?

After long and careful observation of events at Columbus, we are unanimously of the opinion that the state house should be dug up and moved bodily over to the Ohio State University grounds. It would be so much more handy for that smooth, well-groomed, personage known as William Oxley Thompson who is now apparently compelled to spend much of his time running around the capital in an effort to grab a few more appropriations, departmental plans, etc., etc., for the University. And then William might have more of his valuable time to devote to the educational interests of Ohio's biggest center of learning.

It is noted that those eminent farmers of farmers, the Hon. Sam Taylor, the Hon. T. C. Laylin and the Hon. Renick Dmily, were conspicuous by their presence at an open meeting of the house committee that has under consideration a bill to abolish the agricultural commission and go back to the good old board days when mileage and expenses ran riot. Of course they are in favor of the good old plan because they see therein a chance for their own peculiar style of farming.

We wanted to see if anybody read this column and so we said the other day that we wanted to buy a pair of rubber boots and were surprised that none of our enterprising merchants had advertised a rubber boot sale in anticipation of the Ohio splurge. We had three personal invitations and two telephone calls from friends in the shoe business and each one had our size. So it is up to us. We will have to make good five times or go into hiding.

When a man's friends and also those who are not his friends think he is going to get married, they can start enough talk to fill a newspaper several times over. Which has been demonstrated in Portsmouth several times during the past few years.

SKETCHES FROM THE (RIVER) FRONT

BREATHE FRESH AIR NIGHT AND DAY.

The United States public health service has issued a bulletin upon breathing fresh air night and day and all you can get of it, in which it says:

"Breathe all the fresh air you can get, night and day. That's what fresh air is for. The fearsome legend about the baleful influences of 'night air' is only another of the carefully nursed insular legends from our ancestors, according to Senior Surgeon Banks, of the United States Public Health Service.

Whence this superstition arose may only be surmised. Perhaps it is a survival of the primal cult of Sun worship, which led the ancients to classify anything outside the sphere of solar influence. Our forefathers were wont to caution their offspring to 'be careful about the night air,' or children were ordered to 'come in out of the night air.' It is perhaps fortunate for the children living in the Arctic circle, where the nights are six months long, that the Esquimaux mothers do not entertain this crude notion about night air, else their progeny would spend half the year indoors.

"This idea is generally prevalent and even one of our well known flowers is loaded down with the horrible name of 'Daddy Nightshade' as a sort of verbal relief of this old notion. The low-lying mist or fog that sometimes gathers about the surface of the earth under certain atmospheric conditions, after sunset, was held, to be 'miasmatic' and pregnant with lethal possibilities. This is worthy of all the respect that should be put to any hoary superstition, but its place is in the specimen jars of an archaeological museum, not in the show room of modern intelligent life.

"The night air, minus the sun, is no different from the atmosphere of a sunless day. The atmospheric envelope of the earth does not change from benign to malign in the twinkling of an eye after sundown. It is still composed of oxygen, nitrogen, argon and carbon dioxide in the normal proportions for the given locality. The open air treatment of tuberculosis and its kindred allies had first to combat this venerable jargon about the deadliness of night air, and only the remarkable results of this hygienic aid to its cure brought the superstitious to a realization of the silliness of their ingrained noctophobia.

"This generation has witnessed the emancipation of human beings in respect to the value of fresh air, whether in bulk or in smaller 'drafts'. From being a people huddled in hermetically sealed rooms at night, breathing our own bodily exhalations over and over again, a constantly increasing number of persons are sleeping in the open, or at least with open windows, summer and winter, to their great benefit. In the morning they are refreshed with the pure oxygen of the air breathed during sleep, not 'stewed' nor 'sooty' after eight hours spent in respiring and re-respiring second-hand and shop-worn air in a closed bedroom."

We Slabtowners have decided to ask council to extend the flood wall. We are getting tired of being flooded out by every Jim Crow Freshet that comes along while the rest of the community only get a scare.

The Song That Never Grows Old
Though the days of old come back,
my dear,
As we travel the sunset way—
And true to the call of the yester-
years
Our hearts overflow in a wealth of
tears
When we dream of the trying-day.

It's little we'll care though the days
were fair
In that beautiful, far-off time—
For the heart of the Spring is bloss-
oming yet,
As the sprig of a greenling mignon-
ette,
And soft as a measured rhyme.

Yes, the days that have gone are
good, my dear,
As they whisper of Auld Lang Syne,
And each is a jewel that hold a
thought
As deep as the love our souls have
wrought.
And as rare as an aged wine.

But we linger long in the days that
are,
And the songs that we sing tonight,
For our twining hearts sing the
same old tune
That they softly sang in that dis-
tant June
For your locks were touched with
white.

—Leslie Boyless, in Charleston
Gazette.

The Enraptured Obituarist

At the ripe age of 88, Mr.
William Lounson Coley, a native and
life-time resident of Westport,
passed away on Sunday evening.
This removal of one of our most

There is something weirdly fascinating about the rise of the
Ohio when it nears the danger line. We will stand and stand and
watch and wait and hope and talk that the blamed thing can't go
much higher and yet onward and upward sweeps the water, rising
inch by inch, spreading out over the fair lands and devastating
the homes of rich and poor alike. And what a realization there is
of our utter helplessness.

And so Jimmy Boyle has landed on the tax commission at
\$5,000 per. Well Jimmy deserved it. He is the chap who wrote all
those "heart rendering" things, as Possum Hollow correspondent
would say, about the crime committed when the dear people were
deprived of the right to name their halt and their lame and their
blind assessors. Now that Jimmy is in he will doubtless find out
how it feels to be the shot at instead of the shooter.

When you have an inclination to do a little sewing for the
Belgian war victims suppose you just take an hour off and spend
the time at the rooms of the Associated Charities on Gay street.
Maybe you might change your mind and do a lot of sewing for
somebody nearer home.

We fail to be hopeful over the regeneration of politics via the
woman's suffrage route when we see leading exponents getting to-
gether seven months in advance of election and agreeing upon a
slate. If a mere man would dream of such a thing he would sign
his own political death warrant.

You must admit that the sun certainly did look gloriously
beautiful when it peeped out at three minutes after three. Friday
afternoon, following a hard shower that brought up visions of
1913 and 1884.

A woman seeking a divorce-out in California attacks her hus-
band's Christianity, alleging that he refuses to listen to her poems.
Looks to us like a twin brother to an outrage to submit the ques-
tion of any man's Christianity to a test like that.—Marion Star.

We haven't heard up to date of Warren Harding sending any
canned pineapple from Hawaii to Charlie Dixon in grateful re-
membrance of that escape from the feed of recent memory.

Animal Jingles

ELLA ELEPHANT

It makes no sail to tell of Ella Elephant,
Who lived down in the jungle with her mother and her aunt.

Her greatest fault was selfishness; she would not share her toys,
Nor books, nor anything she had with other girls and boys.

And when her mother gave her tarts from off the pantry shelf,
She always ran away and hid and ate them by herself.

And even when her friends stood round, as hungry as could be,
She would not offer them so much as one small bite—not she!

Now, Ella just loved peanuts, and one day her mother bought
A lot of them down at the store, all nice and piping hot.

She said: "Now, Ella dear, I think that I will just invite
Your little friends to help you eat these peanuts up tonight."

And Ella didn't say a word, but down inside she thought,
"By night the peanuts will be cold; I'd rather have them hot."

"I'll wait till mother goes away, and then I'll quickly run
And get those peanuts, and I'll eat them, every single one."

That night when all the children came to Ella's house in glee,
They found Miss Ella Elephant as sick as she could be.

Her mother gave her bitter-stuff and sent her off to bed,
"It serves her right, the selfish thing," the neighbor children said.

Here is the moral of this tale for children everywhere:
The pleasures we enjoy the most are those that we can share.

IF KIDNEYS AND
BLADDER BOTHER

Take a glass of Satta to flush out your
kidneys and neutralize irri-
tating acids.

Kidney and Bladder weakness result
from uric acid, says a noted authority.
The kidneys filter this acid from the
blood and pass it on to the bladder, where
it often remains to irritate and inflame,
causing a burning, stinging sensation, or
setting up an irritation at the neck of
the bladder, obliging you to seek relief
two or three times during the night.
The sufferer is in constant dread, the
water passes sometimes with a scolding
sensation and is very profuse; again,
there is difficulty in voiding it.
Bladder weakness, most folks call it,
because they can't control urination.
While it is extremely annoying and some-
times very painful, this is really one of
the most simple ailments to overcome.
Get about four ounces of Jad Satta
from your pharmacist and take a table-
spoonful in a glass of water before
breakfast, continue this for two or three
days. This will neutralize the acids in
the urine so it no longer is a source of
irritation to the bladder and urinary or-
gans which then act normally again.
Jad Satta is inexpensive, harmless,
and is made from the acid of grapes and
lemon juice combined with lithia and
is used by thousands of folks who are
subject to urinary disorders caused by
uric acid irritation. Jad Satta is splen-
did for kidneys and causes no bad
effects whatever.
Here you have a pleasant, effervescent
lithia-water drink, which quickly relieves
bladder trouble.

POLLY AND HER PALS

LOOK AT POLLY PUT THIS ONE OVER!

Fitch Is New Councilman; New Boston To Float Bonds

Acceptance of the resignation of Councilman Frank Taylor, and the appointment of Lawrence Fitch as his successor, the endorsement of the Hamilton Pension Bill, the appointment of an inspector, the approval of the appointment of a new deputy marshal and the passage of two important ordinances constituted the work of New Boston council at their adjourned meeting Friday evening, when all members were present.

Councilman Frank G. Taylor handed in his written resignation, which was accepted. Lawrence Fitch was nominated as a candidate for the vacancy and he was unanimously elected.

Fitch, an Ohio avenue butcher, is a staunch Republican. Democrats Fred Esman and J. C. Harris voted for Fitch. Council is composed of four Republicans, Charles Dixon, Frank Wolfe, W. T. Harr and L. Fitch. Fitch was a candidate for mayor at the last election.

Ex-Councilman Taylor at once made application for the job of inspector of the pipes and the installation of the village's water distributing system. His salary was fixed at \$75 per month.

Clerk Thomas O'Neal was authorized to engage an assistant to help him serve the necessary notice on property owners who have property on any of the streets slated for paving.

Not a single bill was presented, which is something new for council. An ordinance was passed for the issuance of bonds in the sum of \$12,500 to provide funds for the payment of the village's portion of the cost and expense of improvement of the various thoroughfares.

An ordinance was passed to issue bonds in the sum of \$30,000, in anticipation of special assessments for the improvement of certain village streets.

Clerk Thomas O'Neal reported that he had received a communication from E. F. McCampbell, secretary and executive officer of the State Board of Health, saying that that board at a meeting held January 27th, approved the plans for New Boston's water distributing system. The letter was ordered placed on the Village Engineer Sam G. Harper received a copy of the letter.

John McDebur, village mill carrier, was present and explained the Hamilton Pension Bill, which was unanimously endorsed by council.

Engineer Sam Harper was instructed to bring in an estimate for the cost of the mill and labor in constructing a 200-foot branch sewer near the Baptist church in Stewartville.

William M. Fremont was appointed new deputy marshal by Mayor W. L. Davis. All council members, except Fitch, voted for Fremont, who has been serving as deputy marshal since Martin Hall quit the job about three weeks ago.

Mayor J. S. Davis did not approach council on the question of allowing boxing bouts to be held in the village.

Dr. Michael J. Beard Is Called By Death

After an illness extending over a period of two years, death at 5 o'clock Friday evening claimed Dr. Michael J. Beard, well-known physician of Lucasville. He was a victim of pulmonary trouble and had been bedfast eight weeks. He suffered a sinking spell early last night and it soon ended in his death.

Dr. Michael J. Beard was about 46 years old and leaves a wife, Mrs. Katherine Dever Beard, and one daughter, Louise Beard, aged 9. The deceased is also survived by two brothers, Frank Beard, of Portsmouth, and Roscoe Beard, of Newark, O.

Dr. Beard was born in Portsmouth, but practically all of his life was spent in Lucasville, where he was known and respected by everyone. He was a graduate of the Miami Medical College of Cincinnati and for years was the leading physician of Lucasville.

Dr. Beard was a member of the Masonic Lodge of Lucasville, and this organization will have charge of the last rites, which will be conducted Monday at 1 o'clock, and will be in charge of Rev. A. K. Murphy, of Thelton, and Rev. Mr. Pittsfield, of Lucasville.

Boy Scout Night At Trinity Church

A service of special attraction will be held at Trinity Methodist Episcopal church, Gallia and Offene streets, on next Sunday evening at 7 o'clock. The Boy Scouts of the city will be present in a body and will occupy reserved seats. Several musical numbers will be furnished by the Scouts, and there will be a call in and dismissed by their Buglers. The pastor, Rev. C. Lloyd Streeker, will speak on the subject: "Lincoln, the Great Scout." Every one is cordially invited to be present. The program follows: Call of the Buglers. Scouts march in during the organ prelude—"Boy Scout March"—M. H. F. Kinsey. Hymn 336. Prayer. Boy Scout Brass quartette. Scripture Lesson. Notices and offering. Offertory. Violin solo—Wm. Hopkins. Cornet solo—Howard Lowrey. Anthem—Selected—Chorus Choir. Sermon: "Lincoln, the Great Scout." Hymn 702. Benediction. Scouts dismissed by the Buglers. Postlude.

7 MORE FORWARD AT FINDLAY ST. REVIVAL

There is constant increase of interest in the work of our Blessed Redeemer. The crowd was more than was comfortable to handle and when all were in places no better sermon could have been listened to than that preached by Rev. C. Lloyd Streeker, who seemed at his best and verily lifted up for such a task as revival work. The singing is the best ever heard in this county by any congregation. Rev. McCoomer sang last night to the delight of all that matchless poem of his "He Arose from the Dead." This song was enthusiastically followed and the emotion ran very high indeed and seven persons came forward and were saved.

Tonight at 7 o'clock there will be prayer service for one man's special benefit. Tomorrow, Sunday morning, at 6 o'clock we will have early prayer and praise service. You know how the power of the Spirit has fallen on us in other days "come for the feast is spread and all things are ready."

In the afternoon at 3 o'clock the men of this city will gather for a big enthusiastic men's meeting. Men, men men and among all men, to hear our friend and brother, the Hon. J. H. Finney give one of his honored talks to men. Say you can't afford to miss this chance of your life of having this manly touch.

At night beginning at 7 o'clock the Epworth League will assemble and a very rare treat is promised to all from the young people. The pastor, Rev. J. H. W. McCoomer desires to use this subject if you show your enthusiasm by crowding early into his court "Steal or Starve, Which?" Now you have never heard anything even like this subject in this city. It will pay you to hear just for the novelty if no more. The pastor feels at his best and also grateful to you for your presence as it is not far to come, you have been showing your side in great numbers, pass prosperity around. "A friendly church."

J. H.

Supl. McCowen Grip Victim

Owing to the illness of E. O. McCowen, county school superintendent, who is laid up at Wheelersburg with an attack of grip, the district superintendent, Charles Fullerton, gave the high school teaching test to Lowell Fritz, the Porter township teacher, at Sciotoville, Friday morning.

WOMEN DEFER OPENING CAMPAIGN FOR WOMAN SCHOOL BOARD MEMBER

Not until the March meeting of the Mothers' Club of the lower Fourth street school building will definite action be taken on the matter of the nomination of a woman as a candidate for member of the board of education. The members at their monthly meeting Friday afternoon felt that it was too early to start the campaign, and besides, there was some difference of opinion expressed as to the proper method of procedure. It is almost a certainty that the members will unite upon Mrs. W. H. Schwartz, of Sixth street.

Mrs. Henry Ribble and Mrs. Carrie Berkeley were present at the meeting as a committee from the Daughters of America, while Miss Leona Lohold and Mrs. Guy Thompson represented the Scioto County Woman's Suffrage association. Both committees pledged the support of their respective organizations to a woman candidate for the board of education. Unanimous endorsement of the candidacy of George D. Scudder was made by the club.

Miss Bessie Smith, chairman of the committee in charge of the disbursements of the charity fund, which has been named the George M. Appel Memorial Fund in honor of the most liberal contributor, or read a report for the February activity of the committee. Donations to the amount of \$537 have been received and expenditures have aggregated \$100.74. All teachers of the building were requested to notify the committee what supplies were needed for their respective rooms and the committee will supply them. The fund is now in charge of Sam Wise, and is to provide food, groceries, and clothing for the families of the poor.

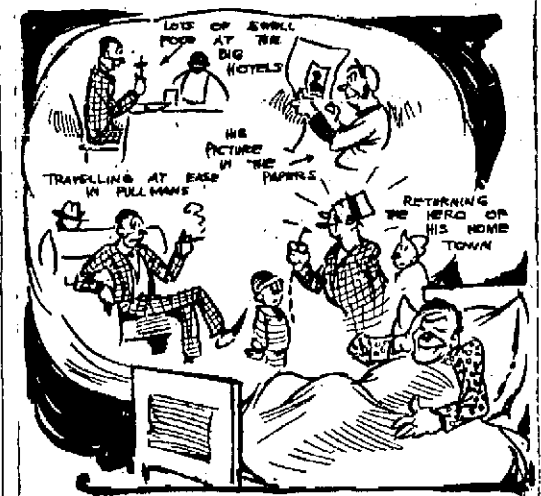

The Club decided to hold another bake social, the proceeds of which will be added to the Memorial Fund. A committee consisting of Mrs. Tena Schultz, chairman, Mrs. Dan Thomas, Mrs. William Torres, Mrs. S. Coles Peebles and Mrs. Schneider was appointed to have charge. The Club is also considering the advisability of having a concert for the benefit of the poor, and Miss Harriet Searff, supervisor of music in the public schools, will be asked to make known her views on the subject.

Miss Elizabeth Ricker, local kindergarten teacher, read a paper on the subject, "Kindergarten Work." Out of the discussion prompted by her paper sprang a movement to purchase a piano for the kindergarten room, and Mrs. Alan M. Jordan, Mrs. S. Coles Peebles and Miss Elizabeth Ricker were named as a committee to investigate the proposition. If more advisable the piano will be rented.

Mrs. Maria Bridges and Mrs. W. H. Schwartz were named as a committee to investigate the cost of removing the bath tub from the Bond Street school building to the lower Fourth Street building.

The meeting was presided over by the president, Mrs. Flint Kline. At the conclusion of the business session, refreshments of tea, water and marshmallows were served. A victrola concert was also enjoyed.

BUSH RECRUIT IS FONDLY DREAMING NOW OF HIS MAJOR LEAGUE DEBUT

All the recruits from the bush signed by the big league teams are spending their days and nights just now in a frenzy of eager expectation. They are all determined to make Cobb, Speaker and that class of rank pretenders look like school boys on the corner lot. The cartoonist portrays a recruit's fond dream as the training season nears.

Socialist Lecture

Mr. George Breiel, of Newport, Ky., will lecture at the Temple Theatre, Eleventh street, Sunday February 7th, at 2 p. m. Subject: "How to Retard the Growth of Socialism."

Mr. Breiel is well known in the state of Ohio, is one of the best speakers in the socialist and labor movement, and never fails to draw large crowds wherever he speaks. Mr. Breiel has spoke on the streets of Portsmouth several times during recent campaigns and never failed to please all who heard him. He is an old time shoe worker and has many friends among the local shoe-workers here. Mr. Breiel is witty and humorous, never fails to call things by their right name. All critics of socialism who are struggling through their ignorance to combat its inevitable triumph, should not fail to hear him. Everybody welcome.

ACCUSED OF THEFT

Will "Pie" Johnson, a shoe-worker, was taken into custody by the police Friday evening on an affidavit signed by Nick Papos, charging him with alleged stealing \$15 from the New York Ice Cream Company's depot.

Banquet A Success

The annual banquet of the selling force and department heads of the Portsmouth Steel Company held at the Washington Hotel Friday night was an enjoyable and well arranged affair. Covers were laid for 50 guests and D. D. McCray, assistant general manager of the local plant acted as toastmaster. Quite a number of short talks were made and a note of optimism ran through all of them. The salesmen in particular are confident that with the ushering in of spring, the steel business will get back to its normal stride. Many of the talks were spiced with humor and the banquet was a rollicking, well appointed jolly affair. The favors were roses and carnations. The committee on arrangements included George McClure, D. D. McCray, Stanley Hopkins, Wm. Macleary and Lester Howard.

Uncle Eben.
"De man dat tries to put on airs," said Uncle Eben, "throws himself entirely on de mercy of folks dat is too polite to laugh."

KING OF ITALY VISITS AVEZZANO, DESTROYED BY EARTHQUAKE

Photo shows the King of Italy (arrow) inspecting the terrible ruins of Avezzano, caused by the recent earthquake. Among the Italian towns that were hit by the quake Avezzano suffered worst of all.

BOYS' DAY FEATURE OF SUNDAY SERVICES

The boy reigns supreme in Portsmouth Sunday, as this day has been set apart by ministers and Sunday school workers for the discussion of his problems, and the unique part of the whole program is, that the boys themselves will lead in these discussions.

Heretofore his elders have assumed this responsibility and after years of theorizing have "quit the job" ready to confess they didn't know a thing about it. But on tomorrow we shall hear something on the boy problem from the angle of the boy himself, and we feel sure all will be helped and edified by their messages. If you wish to hear them you can do so by attending any one of the churches where they are scheduled to speak.

We give below the assignments as follows: First Presbyterian, Corwin Knowles, subject: "Modern Methods of Reaching Boys"; Second Presbyterian, Howard Graf, "An Appeal for Portsmouth's Boys"; Central Presbyterian, John Higgins, "How to Help the Boys"; First Baptist, Denver Haff, "The Worth of a Boy"; Kendall Avenue Baptist, Arthur Doll, Jr., "A Fight for a Clean Life"; Hutchins Street Baptist, Frank C. Davis, "Is the Young Man Safe?"; Manly M. E., Cecil Tidd, "Conservation of the Boy"; Trinity Sunday school, Howard Doll, "An Appeal for Portsmouth's Boys"; Fourth Street Methodist, Charles M. Rags, "What the Scout Movement Means to Portsmouth"; United Brethren, Darsie Hamilton, "Meeting the Needs of 500 Boys"; First Christian Sunday school, Robert Sampson, "The S. O. S. Call"; German Evangelical Sunday school, John Higgins, "How to Help Our Boys"; Grandview Christian, Russell Williams, "What the Scout Movement Has Done"; Carl Walker, "The Scout Movement in America"; Terminus, H. W. Graf, Y. M. C. A., Charles Baggis, Unity Sunday school, Darsie Hamilton, Fullerton, Robert Sampson and Cecil Tidd, afternoons.

On account of it being Communion Sunday at the Bigelow M. E. church, the boys' service will be postponed until the following Sunday, Feb. 14th, at which time a boy will speak, followed with an address on the subject of boys' work by the pastor, Rev. A. B. Connell.

Sunday being the fifth anniversary of the Boy Scout Movement in America, a big Scout rally will be held in the Trinity Methodist church at 7 p. m. A large crowd of boys will be out to hear Rev. Lloyd Streeker's lecture: "Lincoln, the Great Scout." The music at this service will also be a great feature. Four scouts from the recent band will render two brass quartets. William Hopkins will play a violin solo and Howard Lowrey a cornet selection. Mr. Streeker has a great message and every boy in Portsmouth should hear it. All boys over 10 years of age are cordially invited.

Below we give a list of the Boy Scout Anniversary Work attractions:

Monday—Annual Scout entertainment at First Presbyterian Bible school auditorium. Moving pictures, playlet by Miss Davis and Mr. Porter. Music.

Tuesday—Athletic, or Stunt night at First Presbyterian Gym. Basketball and wrestling.

Efficiency Test

The Fourth Street M. E. Sunday school has been quietly preparing an Efficiency test, since the first of the year. Each class is a separate unit receiving a grade at the end of the month. The test is based on attendance, lesson, memory work, attendance at church, prayer meeting and Epworth League. On tomorrow the results for January will be announced. A lively interest and grade at the end of the month. They say "the last shall be the first, and the first, the last."

ALMOST 100 ACCESSIONS IN SCIOTOVILLE REVIVAL

"The Unpardonable Sin" was the subject of a splendid sermon delivered Friday evening by Rev. Rochester Irwin to a large audience in the Sciotoville Christian church. There were nine accessions last night, totaling almost a 100 in a week's time.

Evangelist Irwin said: "It is not because the Holy Spirit is superior to God or Christ that sin against the Holy Spirit is so unpardonable, but because sinning against the Holy Spirit is sinning against the last and present witness of God."

The prophets witnessed in their day. The Christ in the "fulness of time" came to bear witness to the truth, and when he left, the earth in bodily form he sent the Holy Spirit to bear witness of the truth.

Those who crucified Christ did not commit the unpardonable sin, for Jesus prayed, "Father forgive them for they know not what they do"; and on the Day of Pentecost the crucifiers did receive pardon.

Neither did they who stoned Stephen, beheaded James or crucified Peter commit it, for Saul assisted in stoning Stephen, but became converted on the way to Damascus and became the great Apostle to the Gentiles.

But they in the days of Christ, in the days of the Apostles, and today who learn the truth of God made manifest through His Spirit and who sin against their light and knowledge, who having eyes see not, ears hear not, and having minds will not surrender to the right—in short, those who with the truth of God clearly before them "harden their hearts," and will not yield, who are inexorable in their resistance to the claims of the Gospel of Christ sin themselves away from God eternally and are lost irretrievably.

The sermon tonight will be a chart sermon on the "Four Baptisms":

1. The baptism of John.
2. The baptism of the Holy Spirit.
3. The baptism of the Commission.
4. The baptism of Fire.

Lord's day morning at 9 a. m.

Thursday—First Class Fraternity night.

Friday—Lincoln Day exercises in connection with the G. A. R. celebration at the High school auditorium.

Saturday—"Good Turn Day." Each scout troop in the city will perform a good turn.

WANTS HIS JOHN BOAT RETURNED

Clement Radcliffe, of Linerille, Ky., complained to the city police officials Friday that a john-boat he had loaned to a Market street restaurant man named Gibson, on condition that he ship it back, had disappeared. He claimed he had sold a shuntboat to Gibson a few weeks ago and loaned him the john-boat and a good line. Gibson, he said, put up the claim that he (Radcliffe) had loaned the john-boat to another man employed at the Capt. Winter's cafe and that this person allowed it to get loose, starting it on a journey down towards the gulf.

Radcliffe insisted that Gibson was responsible to him for the boat. Chief McCarthy assured him the police had no jurisdiction in the matter, advising him to go before some magistrate.

Mr. and Mrs. A. C. Richmond entertained at dinner Friday night Mr. and Mrs. C. E. Stahler and family.

Commercial history is in the making at Washington, where the third annual meeting of the Chamber of Commerce of the United States is now in session. Coming at the time of the great European war, it is regarded as the most important meeting of its kind ever held.
